DETAILS:

This report has been prepared for the information of the Bureau and interested offices in view of the receipt by this office of numerous protests from persons throughout the United States regarding the alleged anti-Negro and anti-Semitic attitudes of a local publication entitled "The American Nationalist". Copies of this publication state it is published the tenth and twenty-fifth of every month by FRANK L. BRITTON, Editor, Post Office Box 301, Inglewood, California.

This office has also received from various sources copies of literature announcing the inauguration of a new organization to be called The New Confederates. The inaugural meeting was held at the Embassy Auditorium, Ninth and Grand, Los Angeles, California, on Thursday evening, September 25, 1952. The literature stated the principal address would be given by FRANK L. BRITTON and that all inquiries should be addressed to FRANK L. BRITTON, Box 15745 Crenshaw Station, Los Angeles 8, California.

Persons receiving above literature also received literature exhorting them to "Buy Gentile, patronize only Christian merchants, boycott Jew stores." This literature states that inquiries and orders regarding this tract should be addressed to FRANK L. BRITTON at the Crenshaw Station address.

Additionally, these various sources have furnished to this office copies of two pamphlets authored by FRANK BRITTON. The pamphlet entitled "Hollywood Treason" states at the top of page 6, "Because control of the movie industry is largely centered in Jewish hands, party liners have encountered little difficulty in injecting pro-communist propaganda into films". This pamphlet is, "Dedicated to the courageous GERALD L. K. SMITH, whom the communists hate and fear more than any man in America". The second pamphlet is entitled "Atom Treason". The following appears in the last paragraph on page 11:

LA 100-44603

"In every case of espionage uncovered thus far the trail has led straight back to our closely guarded laboratories at Oak Ridge, Los Alamos, and Princeton, and in every single instance a highly placed Jew at one of these installations has been involved."

At the top of page 3 it is noted:

Calley "This work is respectfully dedicated to the redoubtable company of men and women who have had the courage to make their stand for Christian-Nationalism. It is particularly dedicated to: The magnificent GERALD L. K. SMITH, founder and leader of the Christian-Nationalist Movement."

At the bottom of page three following the quotation of prices, a sticker has been affixed stating "Address All Orders To -- Christian Nationalist Crusade, P. O. Box D-4, St. Louis, Missouri."

In regard to GERALD L. K. SMITH, it is pointed out that the California Legislature Senate Fact-Finding Committee on Un-American Activities, Chairman, Senator JACK B. TENNEY, (and usually referred to as the Tenney Committee) in its 1949 report on page 550 states, "This committee has repeatedly exposed and condemned GERALD L. K. SMITH, . . . and other vicious inciters of racial intolerance."

THE AMERICAN NATIONALIST

In addition to information set forth above concerning this pamphlet, it is noted the subscription rate is shown as \$3.00 annually, two years for \$5.00. The tone of the writings is illustrated by the following headlines from the issue of December 25, 1952: "Jews Launch Propaganda Hoax", "South Prepares to Fight Negro Move for Mixed Schools", "Alien Jews Monopolize U. S. Airwaves". The issue of January 10, 1953, has headlines such as: "Church Ads 'Offensive' to Jews", "More Money for Israel than for Red Cross", "American Theatre a Jewish Monopoly".

LA 100-44603

THE NEW CONFEDERATES

As stated above, the inaugural meeting of this organization was September 25, 1952. Following are the first two paragraphs from the literature announcing this meeting:

"A great new organization is being launched at Convention Hall (Embassy Hotel) on Thursday evening, September 25th, at 8:00 P.M. Every Christian-patriot is urged to attend.

Cut "This new patriotic organization - ~~THE NEW~~ CONFEDERATES - is dedicated to the fight against Communism and to the preservation of the Constitution. It is being organized on the premise that the white Christian population is losing its rightful position of leadership in national affairs because of its failure to make common cause. Our aim is to provide the kind of leadership and organization around which leaderless, unorganized and disorganized, Christian patriots can rally."

T-1, of known reliability, attended the inaugural meeting. He reported about 200 people were present. BRITTON gave the only speech and T-1 stated the remarks were largely against Jews and Negroes.

No subsequent meeting of this organization has come to the attention of this office.

FRANK LOLLAR BRITTON

T-2, of known reliability, an organization engaged in compiling mercantile credit type reports, states that as of September 29, 1949, FRANK L. BRITTON was the owner of the ~~Britton-Sumner Company, 11111 South Acacia Boulevard, Inglewood, California.~~ This company, in May, 1946, was organized to manufacture toys. [redacted] was the other partner. The toy line was soon discontinued in favor of gold stamping and printing and BRITTON bought out [redacted] in September, 1946, moving the business to 10227 South Hawthorne Boulevard, Inglewood, California. The business was moved to the Acacia *Cut*

Boulevard address in June, 1949. The business operated as an advertising and printing agent for both letter press and offset printing, with the owner being active and no outside help employed. Assets were listed as \$4,375 with net worth given as \$2,075.

BRITTON claimed to be single, born in Texas in 1920. He also claimed service in the U. S. Army from 1941 to 1946.

T-2 further reported that on November 14, 1952, the name American Nationalist, address 11146 Hawthorne Boulevard, Lennox, California, had been registered as a fictitious name.

The Retail Merchants Credit Association (RMCA) reported on July 1, 1950, that FRANK LOLLAR BRITTON was single, age 29. He resided at 8481 Cedar, Hawthorne, California. Former addresses were 2823 Burlington, Dallas, Texas; 11111 Acacia, Inglewood, California; and Sulphur Springs, state not given. He had been employed as a Field Underwriter by Monarch Life Insurance Company, 215 West Seventh, Los Angeles, California, since October 31, 1949, at a salary in excess of \$300 per month. In this report BRITTON shows Army service from December 10, 1941, to September 24, 1945, and that he had been a student prior to that time. He claimed his mother as a dependent. His credit record was favorable.

The California Intelligence Bureau, a private information gathering organization, reported that the Lennox Printers, Inglewood, California, FRANK L. BRITTON, owner, editor, and publisher, began publication of the "Centinela Outlook" in September, 1948. This was planned as a bi-monthly of magazine type format with a gratis mail circulation of 3000, it does not appear that it continued publication.

Los Angeles indices are negative on [REDACTED]

As noted above, "The American Nationalist" carries a notation that it is published by FRANK L. BRITTON, Post Office Box 301, Inglewood, California. T-3, of known reliability,

LA 100-44603

states Inglewood, California, Post Office Box 301 was rented on November 13, 1952, to "The American Nationalist" with FRANK L. BRITTON signing the application. Business address was 11146 Hawthorne Boulevard, Inglewood 2, California, and residence address as 848 Cedar Avenue, Hawthorne, California. References were [redacted]

It has been previously mentioned that the literature advertising The New Confederates bore a notation that inquiries should be addressed to FRANK L. BRITTON, Box 15745 Crenshaw Station, Los Angeles 8, California. T-4, of known reliability, states BRITTON made application for this Post Office Box on March 24, 1951. He gave his business and residence address as 848 Cedar Avenue, Hawthorne, California. He again gave [redacted] and [redacted] as references. They furnished the same addresses for themselves as previously reported by T-3. T-4 states that BRITTON had originally given the name of [redacted]

b7C

[redacted] as a reference, but no reply to inquiry had been received. On April 8 (probably 1951) BRITTON told T-4 he and [redacted] had a misunderstanding which might result in litigation, and he submitted [redacted] name instead.

T-5, of known reliability, and who investigates some local subversive activities, has no additional pertinent information regarding BRITTON. T-5 has no information regarding [redacted] and [redacted]

SE [redacted] determined that BRITTON registered with the Los Angeles County Registrar of Voters on September 9, 1950, stating his preference as one of the two major political parties. On this record, BRITTON states he was born in Texas, was a gold stamper, 5'5" in height, and resided at 848 Cedar Avenue, Hawthorne, California.

BRITTON has no arrest record with the Los Angeles Police Department or the Los Angeles County Sheriff's Office.

ADMINISTRATIVE PAGE

Further investigation of this matter does not appear warranted at this time. As reported, only one meeting of THE NEW CONFEDERATES has come to the attention of this office. BRITTON's activities apparently are centered in an attempt to raise funds through a distribution of his literature.

An info. copy has been furnished St. Louis in view of BRITTON's relation with GERALD L. K. SMITH, who is the subject of investigation by that office. Info. copies have been furnished San Diego and San Francisco in view of BRITTON's distribution of literature throughout California. It is also noted his activities are in line with those of ROBERT H. WILLIAMS of Santa Ana, California.

SOVIET JEWS EMIGRATE TO ISRAEL

Jews Organize For Nation-Wide Fight On McCarran Act

SPECIAL—The big 1954 Jewish drive against the McCarran-Walter Act is already underway from coast to coast. In New York last month Jewish representatives presented Senator Herbert Lehman with 20,000 signatures urging the "revision" of the McCarran Act. Later—on Dec. 10th—Lehman's executive secretary, Julius Edelstein, addressed a special Jewish conference convened at Jamaica, New York, for the special purpose of formulating strategy to defeat the Act. Principal speaker at the conference was Joseph Lichten, an Anti-Defamation League official who entered the U.S. in 1940. . . In Los Angeles the Jewish Com-

HERBERT LEHMAN

community Council (LAJCC) scheduled what the B'nai B'rith Messenger described as the "... first special meeting of LAJCC's membership in recent years" to map out an anti-McCarran program for Southern California's 350,000 Jews. In virtually every other Jewish community in the U.S., similar conferences were taking place. . .

NOTE: The actual Jewish goal is to replace the McCarran Act with the Lehman-Celler bill, which Lehman introduced in the Senate last summer. This would not only abolish the "national origin" concept, but would at least double current immigration quotas.

THE NEED FOR UNITY

The Nationalist movement desperately needs a unified leadership. With the possible exception of General Douglas MacArthur or Senator Joseph McCarthy, no man in America is better qualified to assume that leadership than Senator Jack B. Tenney of California. Tenney enjoys the confidence of virtually the entire Nationalist leadership. If assured the proper cooperation, he might be induced to head a unified Nationalist movement or Confederation. It will take a BIG man to unify this movement, and we believe Tenney fits that description perfectly.

Segregation Issue

WASHINGTON, D.C.—The question of whether or not the various states will retain the right to maintain "separate though equal" schools for Negroes and whites is now in the hands of the U.S. Supreme Court. The Court, whose decision is not expected until next year, will rule on the contention of the National Association for the Advancement of Colored People (NAACP) that segregated schools are "unconstitutional", and therefore illegal. The NAACP is attempting to upset a Supreme Court decision of 1896 which held that segregation was permissible so long as equal facilities were provided for Negroes.

Twenty-one states and the District of Columbia will be affected by the forthcoming Supreme Court decision. At least one state, South

Senator Jack B. Tenney Flays Dual Loyalty of Zionist Jews

SAN ANTONIO, TEXAS—Senator Jack B. Tenney, chairman of the famed "Tenney Committee" from 1941 to 1949, flew to Texas last month to deliver a fighting speech before the American Heritage Protective Committee in San Antonio. The anti-Communist rally, attended by an estimated 600 patriots from every section of the country, was held at the San Pedro Playhouse, not too far from the historic Alamo. Presiding at the rally was Austin Hancock, chairman of the American Heritage Protective Committee. Among those attending was Col. John Beatty, author of "Iron Curtain Over America", and now a professor at Southern Methodist University.

Soviet Permits Zionist Jews To Emigrate To Israel, But Gentiles Are NEVER Allowed To Emigrate

BUDAPEST—A group of 210 Hungarian Jews departed from Budapest last month enroute for Naples, Italy, where they boarded a vessel for Israel. The Zionist group, all of whom were permitted to bring their personal possessions through Hungarian customs, is part of a contingent of 3,000 Zionist Jews who have received permission from the Communist government of Hungary to emigrate to Israel.

The Jewish Telegraph Agency (JTA) also reports that about 40 Jews will depart from Communist Bulgaria this month for Israel. A number of Zionist Jews were also said to be awaiting permission to emigrate from Communist Poland.

Although Jewish propagandists in this country may attempt to represent these emigrations as further evidence of Soviet "anti-Semitism", the fact remains that these Jews are actually receiving preferential treatment. Soviet Russia, in all its history, has never permitted Gentiles to emigrate from Soviet-occupied territory under any pretense whatever. The very fact that several hundred thousand Zionist Jews have been permitted to emigrate to Israel thus far, and are still being permitted to emigrate, is prima facie evidence that Jews continue to enjoy a very special status in the Communist world.

Very few Gentiles, however, will recognize the true significance of these Jewish migrations from Soviet territory. The typical American is simply not equipped to understand the situation because he has been propagandized into

Army Wives Imperiled By Negro Rape Attacks

FORT BRAGG—Another white woman has been raped by a Negro soldier at the Fort Bragg Army Base as a direct result of the Truman-Eisenhower "Integration" program. The rapist, a 22-year-old Negro paratrooper, was sentenced to 15 years at hard labor after abducting two married white women, one of whom he criminally attacked. The rape-attack occurred when the Negro soldier, who was on sentry duty at the base, halted the women's car and forced them to drive to a deserted spot. After ordering both women to kiss him; he attacked one while forcing the other to witness the act.

This was the second Negro rape-attack against white women at the Fort Bragg base during the month of October. The other attack (see American Nationalist, Nov. 25) involved a Negro Army officer who raped the wife of a white corporal following an interracial drinking party. The Negro officer, who has been sentenced to 30 years at hard labor, admitted the rape-attack, but claimed the victim had "encouraged" his advances. The corporal's wife, Mrs. Christiana Schuster, testified that the Negro rapist "acted like a perfect gentleman" when they danced together at the officers club, but attacked her four times once they were in the automobile together. . .

Ironically, both incidents occurred at about the same time that Eisenhower's assistant-secretary of defense, John Hannah, was announcing the deadline for the "integration" program in the

THE U. S. Communist Party has now gone almost completely underground. This means that most Communist Party members are now posing as "former Communists"—on orders from Moscow. Keep this in mind the next time you hear the left-wing crowd bleeding over the hard lot of these "former Communists". Incidentally, genuine ex-Communists do not hesitate to cooperate with the FBI and the Un-American Activities Committee.

EISENHOWER'S recent "reputation" of Senator McCarthy over the question of foreign aid to nations trading with Communist China has again served to spark a massive left-wing and Communist assault on the Senator from Wisconsin. This is the second time Eisenhower has touched off an anti-McCarthy drive—the first time being in the Matthews case, when he denounced Matthews (and by indirection McCarthy) for his alleged "attack" on Protestant clergymen... Incidentally, it is interesting to note the contrast between the treatment accorded Senator McCarthy by the Communist press as compared to that given Eisenhower. During the past six months, for example, the Communist organ, PEOPLE'S WORLD, has averaged an anti-McCarthy article, cartoon or headline in at least every other issue, whereas Eisenhower has received very little real criticism.

Significantly, what little criticism the Communists have thrown at Eisenhower thus far has been mainly directed at his "millionaire cabinet" and his alleged subservience to Wall Street—charges which the Truman Democrats also make.

By contrast, McCarthy is hysterically reviled week after week by the PEOPLE'S WORLD for his "witch-hunting" (meaning anti-Communist) activities...

SIGNIFICANCE: Eisenhower's determination that Communism shall not be an issue in the 1954 election, combined with his obvious distaste for "McCarthyism", has undoubtedly enhanced his popularity with the Communist Party. His civil rights program has also helped a lot. Short of another Franklin Roosevelt, it would be difficult to find a man more acceptable to the Communists—considering the present circumstances, of course—than Ike Eisenhower.

Hollywood

THE EDDIE CANTOR STORY, like the host of other H'wood biographical films, is little more than an artful piece of Jewish press-agentry—devoted exclusively to the glorification of Jewish personalities in our Jew-ridden entertainment industry. The EDDIE CANTOR STORY opened for its "world premier" at New York's Paramount Theatre on Dec. 23rd amid a typical bit of Jewish fanfare. The "world premier" was marked by a special televised "Salute to Eddie Cantor", sponsored by the "Educational Alliance". Serving as honorary chairman of the affair was the Russian-Jew, David Sarnoff, who heads the giant Radio Corporation of America (RCA). Acting as honorary vice-chairman was Arthur Murray, the Jewish dance merchant. Master of ceremonies was George Jessel, likewise of Yiddish origin. Even the television network (ABC) which televised the event is Jewish owned. Just what chance a Gentile has in a situation like that isn't too difficult to figure out...

JEWISH JUDY GARLAND (Gumm) will soon appear in her first film in three years—a production entitled, A STAR IS BORN. Jewish Judy, whose singing voice probably never was much better than average, enjoyed her greatest popularity as a teenager. She was one of a succession of juvenile Jewish songbirds which included Bobby Breen, Deanna Durbin and (most recently) Eddie Fisher. Incidentally, not a single young Gentile songster has ever achieved the popular acclaim enjoyed by the above-mentioned—at least not within the past 15 years. That isn't surprising, of course, considering the fact that Hollywood is exclusively a Jewish monopoly.

HOLLYWOOD'S JEWS, who for many years have carefully avoided portraying Negroes as "stereotyped" characters, ie as servants, black-faced comedians, criminals, etc., are now going all-out in an effort to glamorize them as athletes and soldiers. By making such films as THE JACKIE ROBINSON STORY and THE JOE LOUIS STORY, Hollywood is obviously attempting to capitalize on the hero-worship of the nation's sports-loving youth. And by turning out pictures like CEASE FIRE and TAKE THE HIGH GROUND, they are likewise hoping to propagandize the American public into accepting Negroes as military "heroes"... Our feeling on the matter is that Hollywood's Jews should either stop using the motion picture industry for propaganda purposes, or else get out of the picture business altogether. Ultimately it will be one or the other.

other Southern states will probably follow suit if the Supreme Court rules in favor of NAACP.

Ironically, it will be the District of Columbia which will be affected most drastically if the Supreme Court outlaws segregated schools. This is because there are more Negroes enrolled in Washington, D.C. schools than there are whites. Few people realize that our national capital has become virtually an African colony, with more Negroes residing there than whites.

In the District's schools, Negroes account for 57% of the enrollment, while white students represent only 43% of the total. At the present time Washington's schools are operated on a segregated basis, but a Supreme Court decision in favor of the NAACP would inundate the entire school system with a black tide of dull minded, aggressive, jazz-crazy, over-sexed Negroes. Such is the prospect facing the white residents of the nation's capital today...

Joining with the NAACP in its three-day appearance before the Supreme Court was an assistant Attorney-General of the United States, J. L. Rankin, who appeared there on behalf of the Eisenhower administration to argue that segregation is unconstitutional under the 14th Amendment. (The controversial 14th Amendment was adopted by the victorious North immediately following the Civil War, at which time the white population of the South was not permitted to vote). Rankin informed the Supreme Court that... "It is the position of the department of justice that segregation in the public schools cannot be maintained under the 14th Amendment"... This is not the first time the Eisenhower administration has dusted off a Civil War reconstruction law to implement its race-mixing program. Earlier this year an obscure post-Civil War law

IN LONDON last month Dr. Cyril Garbett, Archbishop of York, who is regarded as the political spokesman for the Church of England, lashed out at the Israeli government for the "cruel massacre" at Kibya (see American Nationalist, Nov. 25) in which 63 Arabs were butchered by the Israeli army. The Archbishop also criticized the U.N. for its failure to settle the Arab-Israeli dispute. Said he: "The Jewish vote in New York has had a paralyzing effect on the United Nations"...

THE DECEMBER 18th issue of U.S. NEWS & WORLD REPORT features a startling article entitled: "Where Are The Missing 944 G.I.'s," in which it reports that 610 U.S. soldiers, 312 airmen and 22 marines and sailors are still in Communist prison camps. "Some", said U.S. NEWS & WORLD REPORT, "are known to have marched in a 'victory' parade in Manchuria. Others are reported in Siberia, a few near Moscow. Most vanished from North Korean camps during the closing weeks of the shooting war. What's being done about it? Very little, so far. Tendency by officials is to soft-pedal".

"The United States", the article further explains, "did not win the war in Korea. As a result, it cannot demand and expect to receive any reliable accounting for those still missing. Americans can only protest. But so far there has been no protest, except for an Army communique last September. There is a seeming reluctance by American officials to press the case of the G.I.'s who are still missing. Emphasis, instead, is on finding a way to make a deal with the Communist Chinese on terms of peace. There is even pressure to speed a United Nations membership for Communist China. Any emphasis on the missing G.I.'s apparently, could complicate things"...

The situation obviously calls for another "perfumed note", hey Mr. Dulles?

NOTE: A few days after the American delegation had made its report to the U.N. regarding the Communist atrocities in Korea, Eisenhower appeared before the U.N. Assembly with his fatuous proposal to share our atomic resources with other nations, including Soviet Russia. Later he had the bad judgment to shake hands with Andre Vishinsky, who only a few days previously had arrogantly jeered the American atrocity report. Just how Eisenhower expects to work out a "peaceful" atomic arrangement with Soviet Russia under the circumstances is a question to confound even the "perfumed note" diplomats. And just WHY he chose to clasp hands with the bloody Andre ("germ warfare") Vishinsky at a time when 944 G.I.'s rot in Communist prison camps is even more confounding...

German 'Atrocity' Tale Proved Hoax

Reader's Digest Prints Anti-German Hate Libel

SPECIAL—The November issue of **READER'S DIGEST** contains what is undoubtedly the most vicious piece of hate propaganda ever put into print. The article in question is a condensation of a book by Quentin Reynolds entitled, "The Man Who Wouldn't Talk". Publisher of the book is Random House, which is headed by the Yiddish publisher and erstwhile humorist, Bennett Cerf.

"TRUE" STORY

READER'S DIGEST represents "The Man Who Wouldn't Talk" to its 17 million subscribers as a true story. Supposedly, it is a factual account of the adventures of George Dupre, a Canadian officer in the British Intelligence Service who served in the French underground during the war. The plot, as the title suggests, revolves around the heroic refusal of George Dupre to talk, even when subjected to the most fiendish tortures by the "Nazis".

THE GERMAN-HATER

Quentin Reynolds, a professional German-hater, approaches his subject with obvious relish. George Dupre he pictures as an intensely religious man whose faith in God gives him the strength to withstand the inhuman-abuse-inflicted upon him by his captors. Reynolds skillfully utilizes the religious theme throughout the story as a backdrop to the sadism with which the story is primarily concerned.

NAZI ATROCITIES

The following sequence, in which Quentin Reynolds describes the atrocities suffered by George Dupre at the hands of the "Nazis", is typical of the venomous and hateful tone of the entire story. In this episode he tells of how the Germans clamped the victim's mouth open and poured boiling water down his throat:

"The Nazi sergeant was in command. He was a short, stocky man, with a flat nose and a mouth that was merely a tight line which looked as though it had never smiled. . . . The sergeant said nothing at all, and George looked at him in some wonder. The man was obviously a sadist who received the same stimulation watching others suffer as normal men do making love. He was enjoying every minute. . . . He lifted the . . . kettle above George's head, aimed for the mouth and poured. George braced himself mentally, but there was no way to ease the horrible pain of boiling water meeting the soft tissues of his palate and gums. The agony was intense. The sergeant put the kettle back on the burner and George allowed his head to fall forward on his chest."

Quentin Reynolds then describes the sublime "faith" which enables Dupre to withstand this Nazi torture: "You can't have much guts without God. . . . Well, he had faith all right; perhaps that's why

QUENTIN REYNOLDS

One of the most vicious literary hoaxes to be perpetrated in recent years is Quentin Reynolds' yarn about "Nazi" torture methods, which he entitled, "The Man Who Wouldn't Talk".

he wasn't really afraid now. What was fear anyhow? he asked himself. Fear was a lack of trust in God. Christ showed no fear when they nailed Him to the Cross. His faith in His Father had been so great that there was no room for fear in His heart".

Having relieved himself of this bit of sanctimonious drivel (sanctimonious because the entire story has been exposed as a fabrication and a hoax) Reynolds continues his depraved description of another torture inflicted on his phony hero, George Dupre. This time he depicts the "Nazis" in the act of giving Dupre a sulphuric acid enema:

ACID TREATMENT

"The sergeant called out loudly. A pleasant-looking nurse with a smile on her face walked in, carrying a pair of shears and a heavy syringe — the type used to give horse enemas. Without a word she cut through the back of his trousers. Then the sergeant said: 'Let him have it' . . . He felt a stream being directed at his legs. It stung terribly, but the pain wasn't great enough to make him cry out. The odor was familiar. It was a long time since he'd studied chemistry at Cambridge, but he recognized the smell of sulphuric acid. . . . 'Give him a real dose', said the sergeant to the nurse! George felt the nozzle of the syringe, and then the fiery liquid touched the most tender part of his flesh. He screamed in agony as the strong stream from the syringe penetrated his body. The agony spread through his whole abdominal cavity. . . . The nurse had stopped now. He turned his head and saw her leave, a faint smile of satisfaction on her face. . . ."

Thus did Quentin Reynolds tell the story of George Dupre, a

The book was published by Bennett Cerf's **RANDOM HOUSE**, and reprinted in condensed form (as a "true" story) in the November issue of **READER'S DIGEST**. Despite the fact

British Intelligence Officer whom Reynolds claimed had been captured by the Nazis in France and subjected to the tortures described above, and many others. The account was, as previously mentioned, published in book form as "The Man Who Wouldn't Talk" by the Jewish-owned Random House, and it was reprinted as a true story in the November issue of **READER'S DIGEST**.

It goes without saying that the story of George Dupre, the intrepid Intelligence Officer who refused to talk even under torture, is an unusual one. Furthermore, the detailed account of the atrocities perpetrated against him constitute one of the most stinging indictments of Nazism, and of the German people, ever put into print. For sheer horror the story rivals the tales of Buchenwald and Dachau, where similar atrocities are said to have occurred.

CHEAP HOAX

Quentin Reynolds has struggled mightily, and with great fervor, to convince his readers that the Nazis were indeed fiendish criminals—one cannot read his story without concluding that his primary purpose was to create that impression. But unfortunately for Mr. Reynolds, his "factual" account of "The Man Who Wouldn't Talk" has been proven to be a fabrication and a hoax. Canadian newspapermen, noting glaring inconsistencies in the tale, discovered that George Dupre, although indeed a former member of the Canadian Air Force, had never been in France. Nor had he been captured by the Germans.

OBSCENE IMAGINATION

Quentin Reynolds' vivid and detailed description of the obscene and complicated tortures inflicted by the "Nazis" were thus revealed to be nothing more than the

BENNETT CERF

that the entire story has been revealed as a fraud and a hoax (**READER'S DIGEST** has since printed a weak, left-hand "retraction") Jewish Bennett Cerf continues to publish the hate-libel.

product of a sick imagination; there being some question as to just where Dupre's imagination left off and Reynolds' began.

LITERARY PERVERT

In short, the boiling-water episode, the sulphuric acid treatment, the bestial "Nazi" sergeant who . . . "received the same stimulation watching others suffer as normal men do making love"; all of this was part of the hoax. The "Nazi" sergeant never existed. Neither did the German nurse who administered the sulphuric acid with a . . . "faint smile of satisfaction on her face" . . . They, and every other character and event in the story (with the exception of "former spy" Dupre) exist only as propaganda inventions — the creation of Quentin Reynolds' perverted pen. Such are the facts about "The Man Who Wouldn't Talk", which millions of Americans have read in the belief that it was a true and factual story.

SIGNIFICANCE: It is consistent with the highest ideals of journalism for newspapermen to report honestly, to expose fearlessly and to take issue forthrightly. Such a code obligates the journalist not only to report an atrocity, but to seek retribution (or at least censure) for those responsible.

But there is no lower crime known to journalism than the fabrication of a hate-libel based on manufactured evidence. Quentin Reynolds, who would instantly brand any criticism of Jewry (or of Israel) as "hate mongering", is himself guilty of deliberately inventing a viciously anti-German "atrocity" story. By doing so he has revealed himself to be a literary pervert — a cheap propagandist whose hatred of the German people has led him not only to repeat the Jewish-inspired lies about the German "war crimes", but to go them one better by inventing his own lies. . . .

Tenney Speech

Senator Tenney minced no words in getting to the heart of the Jewish problem. "There are," he said, "many organized groups in America who do not feel themselves to be citizens of the United States, but a nation apart. Some of these organizations have sponsored a new oath of allegiance for American-born Jewish children. Here it is—and I am quoting literally:

*'Here is our pledge, Israel
I pledge my loyalty to God; *
To the Torah and to the Jewish
State,
And I promise to live some part of
every day in a Jewish way,
And to be of some service to my
fellows.'*

"No allegiance here," continued Tenney, "to the Stars and Stripes, or to the Republic for which it stands; only allegiance to Israel—to the Jewish State"...

Senator Tenney also gave his audience a description of the Jewish structure of the Communist movement both here and in Soviet Russia, and caustically referred to the "... Moscow Democrats" and "Leningrad Liberals" who have shaped our government policy for the past 20 years. Tenney concluded his address with a blistering denunciation of the United Nations, which he described as an "ominous conclave" and "an un-American institution."

BACKGROUND: Senator Tenney's courage in discussing the Jewish question is especially noteworthy in view of the fact that his constituency contains the largest concentration of Jews west of New York City. More than 350,000 Jews infest southern California, and all are fanatically determined to see him defeated in the next election.* On the other hand, southern California is also the stronghold of the Nationalist movement in the U.S. Because of this, the eyes of the entire Nationalist movement (and of organized Jewry) will be focused on Senator Tenney's campaign for reelection next year.

*In the 1950 election Tenney was swept to an overwhelming victory at the polls, winning both the Republican and Democratic nominations in the primaries, and receiving 1,126,157 votes in the general election.

Negro Rape Attacks

Army. According to Hannah's announcement, the Army will have until next June to "integrate" the remainder of its Negro personnel into white units. At that time the "integration" program, which was begun by Harry Truman in 1948, will be virtually completed, since the Navy, Air Force and Marine Corps have already "integrated" all Negro personnel into white units.

The Truman-Eisenhower "integration" program does not, however, end there. The plan also calls for the forced admixture of

the FAMILIES of military personnel. Under an Eisenhower directive, the children of white servicemen on military reservations must attend interracial schools not later than 1955. The families of white servicemen must also share housing and recreational facilities under the same plan. In short, white servicemen not only have to live and work with Negroes (and take orders from Negro sergeants and officers) but their families must likewise submit to the same process of "integration". The situation is made all the more insufferable by the fact that any serviceman objecting to this state of affairs is sub-

ject to court martial...

SIGNIFICANCE: There is no question whatever but that the Truman-Eisenhower "integration" plan is directly responsible for the rape-attacks which occurred at Fort Bragg. Were it not for the "integration" program, white women would not have been dancing with (and "encouraging") Negroes in the officers club. Neither would Negro sentries be in a position to accost and waylay white women on the base. These, and many similar incidents, are the direct consequence of the "integration" program, and both Truman and Eisenhower are as much responsible for the outrages at

Press Report

NEW YORK—A recent issue of *TIME* (Nov. 23rd) reveals that 34,000 Jews have fled Israel since 1948, and that currently more Jews are leaving the country than are coming in. Reporting on an interview with a group of Jews who had illegally re-entered Germany after leaving Israel, *TIME* quoted one of them ("Berlin-born Arie Kraemer") as saying: "I am a German, and now I want to take up things where they were dropped in 1933. What do I have in common with those people there? I feel nothing for those Asiatic and African Jews who swarm into Israel"...

OTTAWA—A member of the Canadian Parliament, John H. Blackmore, is under heavy Jewish fire for having mailed out "anti-Semitic" literature under his franking privilege. When confronted with newsmen, Blackmore not only affirmed that his secretary had mailed out literature containing advertising for John T. Flynn's book, "While You Slept" and Col. John Beaty's "Iron Curtain Over America", but he also set Canadian newsmen on their heels with a question of his own. Asked the Honorable John H. Blackmore: "If you tell the truth about Jews, are you anti-Semitic"?...

SPECIAL—The December 10th issue of the Negro publication, *JET*, "forecasts" that a new attempt will soon be made to colonize Negroes in Cicero, Ill. A race riot occurred there in 1951 when Negro agitators unsuccessfully attempted to move a Negro family into the all-white community. Incidentally, the tactic of moving a lone Negro family into a white neighborhood (technically known as "block-busting") is used by the trouble-making National Association for the Advancement of Colored People (NAACP) to soften up a white community preparatory to moving in large numbers of Negroes. The "block-busting" maneuver enables the NAACP and similar groups to pinpoint those who object most strenuously to the Negro invasion. If trouble breaks out later, these "ringleaders" are either arrested or coerced.

PHILADELPHIA—Last month the Communist organ, *PEOPLE'S WORLD*, gleefully reprinted some of the remarks made by its favorite Supreme Court Justice, Wm. O. Douglas, before a political convention in Philadelphia: "The people of Asia", bleated Comrade Douglas, "look on capitalism as an instrument for the exploitation of the multitude for the benefit of a few... Asia's experience with capitalism is one reason why Asia is predominantly Socialist today".

WASHINGTON—The wife of Frederick Vanderbilt Field has "voluntarily" left the United States to avoid deportation. Field has long been associated with the Communist conspiracy in this country. As secretary of the "Civil Rights Congress Bail Fund" he was instrumental in raising bail money for a number of high Communist functionaries, including Gerhart Eisler, who fled the country while free on bond. Vanderbilt Field's wife is the Jewess, Anita Cohen, who at one time was married to convicted spy, Raymond Boyer. She claims Canadian citizenship.

Fort Bragg as are the actual criminals.

Furthermore, Eisenhower's complicity in this Jewish scheme to mongrelize our Armed Forces can no longer be regarded as merely a fatuous impulse; he has in fact become an accessory to a criminal conspiracy. Congress should see to it that this filthy "integration" program is halted at once, and in the meantime provisions should be made to protect the wives and families of our men in uniform from any more of these "Fort Bragg" incidents! Write your congressmen!

(passed in 1873) was revived which compels restaurant owners in Washington, D.C. to serve Negroes whether they want to or not. The Eisenhower administration has also resurrected the dead-letter "Civil Rights" law of 1866, which gives the federal government the authority to assume jurisdiction over all cases concerning the "civil rights" of Negroes. This means the justice department will now take jurisdiction over "lynch" cases involving Negroes, and under this interpretation of the law the mere "false arrest" of a Negro also becomes a federal offense. By reviving this obscure and unknown Civil War law (it was actually enacted the year following the Civil War) the Eisenhower clique has wantonly invaded the field of States Rights in order to promote its mongrelization program.

SIGNIFICANCE: The trouble-making NAACP, which for many years pushed its aggressive "civil rights" program under the guise of promoting "equal though separate" privileges for Negroes, has now abandoned all pretense and is going all-out for unrestricted "equality". And it should be noted that the NAACP's concept of "equality" envisions complete social equality for Negroes—meaning the "right" to mingle and intermarry with whites. In all this they are being aided and abetted by the Eisenhower administration, which has taken up the cudgel for Negro "rights" on a scale which puts the Truman regime to shame. That is the real reason why the justice department joined with the NAACP in urging the Supreme Court to outlaw segregated schools.

JEW'S PLOT TO MURDER McCARTHY

'Red Hilde' Takes Over Dictatorship Of East Germany

BONN—The uprisings in eastern Germany have forced the rulers of the Kremlin to abandon even the pretense that the East-German satellite government is in gentle hands. We have evidence of this in the appointment of "Red Hilde" Benjamin as Minister of Justice for the Soviet zone. This would indicate the Kremlin's masters have decided on a blood purge as the best means of putting an end to German resistance to the Communist occupation.

Even before her appointment as Minister of Justice, "Red Hilde" had made a name for

"RED HILDE" BENJAMIN

herself as a "hanging judge" while serving as president of East-Germany's Supreme Court. In her new position she has become the most dreaded official in Soviet occupied Germany.

"Red Hilde" Benjamin has been a devout Communist ever since the abortive "Spartacus Revolution" of 1918. Shortly after the overthrow of the Kaiser, it will be recalled, the Communists (under the leadership of the Jewess, Rosa Luxemburg) staged an abortive revolt against Germany's new provisional government. The attempt failed and

Communists Recruit "Liberals" Into Anti-McCarthy Campaign

WASHINGTON—The Communists have always hated "Fighting Joe" McCarthy, and have never made any secret of it. What is more, they have from time to time managed to enlist a varied assortment of misguided "progressives", fellow travelers, and bleeding-heart liberals into the anti-McCarthy crusade.

It is only to be expected, therefore, that McCarthy's enemies are not only numerous, but influential. They range all the way from Bishop Oxnham to Drew Pearson, and from Herbert Lehman to Eleanor Roosevelt. They all profess to find one common fault with Senator McCarthy: they object to the way

Jew Cultural Club Is Scene of Plot To Kill McCarthy

WASHINGTON—About six weeks ago, on June 18th, the Associated Press (AP) carried one of the most dramatic stories to come out of Washington in a long time. It told of a face-to-face meeting between Senator McCarthy and a Communist "goon" who had been assigned to assassinate him.

The dramatic meeting occurred when the Communist executioner, a "tough-guy" by the name of Lou Bortz, was called to appear before Senator McCarthy's investigating sub-committee. The committee heard a former FBI counterspy identify Bortz as the individual who had boasted at a secret Communist meeting last Dec. 4th that he had been entrusted with the task of assassinating Senator McCarthy. Further testimony revealed that Bortz had conducted a "school" where fellow Communists were instructed in the use

Russia Still Ruled By Molotov-Kaganovich & Co.

SPECIAL—The sudden and unexpected arrest of Lavrenti P. Beria in Moscow last month set loose a veritable flood of speculation regarding the true identity of Russia's real rulers. What made the situation all the more confusing for many was the fact that Beria, head of Russia's dread secret police, has been widely—though erroneously—regarded as a member of the "triumvirate" which rules Soviet Russia. There was even some speculation that Beria might be the actual dictator of Russia...

To readers of the AMERICAN NATIONALIST, however, the arrest of Beria—although coming as a surprise—in no way indicated a drastic change in the Russian leadership. In our March 10th issue we pointed out that a five-

man "Presidium of the Council of Ministers," with Malenkov as chairman, had taken over the leadership of Russia at Stalin's death. The four deputy chairmen were: Molotov, Kaganovich, Bulganin, and Beria.

"These," we wrote in our March 10th issue, "are the 'Big Five' of the Communist hierarchy. They probably do not wield equal power. The two senior members of the group, Molotov and Kaganovich, are 'Old Bolsheviks' who were closely associated with Stalin before the Revolution. Kaganovich (a Jew) is also a brother-in-law of Stalin, while Molotov (married to a Jewess) served with Stalin as a co-editor of Pravda previous to 1917. Significantly, Malenkov is the youngest of the 'Big Five', while Beria is but a year older. Both were in their teens at the time of the Revolution, and are regarded as members of the 'New Generation.' Bulganin joined the party in 1917..."

"We then summarized our March 10th article on the 'Big Five' as follows: 'Molotov and Kaganovich, as the only 'Old Bolsheviks' on the Presidium, and because of their close association with Stalin, are undoubtedly the two most powerful men in Soviet Russia; a third or fourth member of the Presidium may or may not share their authority. In either case, Malenkov looks more like a puppet than a Dictator...'"

Today the "Big Five" has been reduced to the "Big Four." Aside from that, there is little to be added to our analysis of March 10th. In other words, the triumvirate which rules Russia today still appears to be composed of "Old Bolsheviks" Molotov and Kaganovich, and the stooge, Malenkov.

Only one other thing need be mentioned. This has to do with the selection of Malenkov as the junior member of the triumvirate. TIME magazine, shortly after the death of Stalin, revealed that Malenkov had originally been brought to Stalin's attention by Kaganovich. Only last month Drew Pearson, in a different version, claimed that Malenkov "... was recommended to Old Joe by Molotov and Kaganovich..." These facts, in conjunction with a good many others, would seem to bear out the assumption that Malenkov is the creature of Molotov and Kaganovich...

As for Beria's recent fall from grace, we need only point out that his fate is in no way different from that of his predecessors. No head of the Soviet secret police has ever died a natural death. None ever rose to become a dictator, either.

Hollywood

EDWARD G. ROBINSON is currently making his big come-back attempt. "Robinson" has not appeared in a major film role since his flagrant Communist-aiding record became widely known in 1949. Since then he has appeared on the screen only once—in a Ben Hecht production.

Robinson's come-back picture is a United Artists release entitled VICE SQUAD. Starring with him is the Jewess, Paulette Goddard, former wife of Charlie Chaplin.

In VICE SQUAD Robinson plays the part of a tough police officer—a "harness bull". As a matter of fact Robinson was reportedly working on a film entitled HARNESS BULL sometime ago—a fact which was duly noted in the AMERICAN NATIONALIST. However, the film has never made its appearance under that title, and the best guess is that it has been retitled and released as VICE SQUAD.

In any event, the success or failure of VICE SQUAD will to a great extent determine Hollywood's future policy toward actors known to carry the Communist taint. Basically the question hinges on whether or not a known sympathizer for Communist causes can worm his way back into public acceptance at the box-office. If an actor with Robinson's record can make the grade, there is no reason why others cannot make a similar comeback. Larry Parks, for instance, would like to see his name in footlights again; so would scores of other Jewish "liberals" who gaily rode the red bandwagon when it was the popular thing to do...

In case you are interested, here are the facts on "Robinson": He was born in Bucharest, Hungary in 1893, is 60 years of age. His real name is not Robinson, but Emmanuel Goldenberg. And although this country has made him rich and famous, he has shown his gratitude and patriotism for America by time and again giving aid and comfort to this nation's enemies. Among his Communist-front affiliations are the following: American Russian Institute... Russian War Relief... American Committee for the Protection of Foreign Born... American Committee for Yugoslav Relief... Progressive Citizens of America... Civil Rights Congress... Committee for First Amendment... and others. These are the facts which you should bring to the attention of your neighbors, and your local theater manager, when VICE SQUAD comes to your town...

PARAMOUNT has just released another erstwhile "biographical" film, this time entitled HOUDINI. Supposedly the story is based on the life of the Jewish magician, Harry Houdini (real name: Ehrich Weiss), son of a Jewish rabbi. Starring in the picture are Tony Curtis (Jew name: Schwartz) and his wife, Janet Leigh...

Rosa Luxemburg was subsequently executed by German army officers.

From that time to the present, "Red Hilde's" loyalty to the Communist party has been unswerving. When Hitler became Chancellor of Germany in 1933, she fled to Soviet Russia. Her husband, not quite as nimble, was apprehended by German authorities and is said to have died in a German prison camp...

The very fact that a Jew, in the person of "Red Hilde", has been placed in charge of carrying out the present blood purge is indicative of the seriousness of the Soviet position in Germany. For the past several years the Communists have been systematically deporting large numbers of East-Germany's male population and replacing them with imported Asiatics. Also, many German families have been terrorized into abandoning their farms and possessions in the Soviet zone.

of weapons and the manufacture of bombs. The Associated Press identified the Communist training school as merely "... the basement of a Pittsburgh house".

Despite its obvious news worthiness, the story received little play, and the incident was quickly hushed up. And therein lies the real story. The truth is that the Associated Press identified the Communist training school as only "a basement of a Pittsburgh House" for a very definite reason. Here is the full story:

The mysterious "Pittsburgh house" was in reality the Pittsburgh JEWISH CULTURAL CENTER, situated in the heart of the city's exclusive Squirrel Hill residential district. The Pittsburgh JEWISH CULTURAL CENTER is actually the training school and headquarters for the Communist Party in western Pennsylvania, and it was there that Bortz had boasted of his assignment to assassinate Senator McCarthy. This, of course, explains why the kept press chose to smother what otherwise would have been one of the year's top news stories...

There is a sequel to the story, however, and it occurred in Pittsburgh on July 22nd. Armed with a court order, a Pittsburgh attorney by the name of Harry A. Sherman led a raid on the 2½ story greystone building which houses the Pittsburgh JEWISH CULTURAL CENTER. The raid netted a large assortment of Communist propaganda leaflets, mimeographed song sheets in Yiddish, and a collection of Hebrew text books. It was in the basement of this building that "tough-guy" Bortz had set up a target range for the use of Communist Party members, and had given instructions on the manufacture and use of bombs and grenades.

That was the background to the dramatic meeting between Senator McCarthy and the Jew assigned by the Communist Party to assassinate him.

SIGNIFICANCE: Under normal circumstances a Communist plot to assassinate a prominent member of the U. S. Senate would be a front page story for days. The fact that the plot against Senator McCarthy's life involved Jews put a different slant on it, however. The press was obviously reluctant to headline such a story, and this of course also explains why the Associated Press suppressed the fact that the plot against McCarthy involved the Pittsburgh JEWISH CULTURAL CENTER. For a similar reason the kept press failed to report the July raid on the Pittsburgh JEWISH CULTURAL CENTER—although the story was headlined on page one of the PITTSBURGH SUN-TELEGRAPH.

The inescapable fact is that the kept press is afraid to print news revealing the Jewish nature of Communism—even when it involves the life of the most prominent member of the U. S. Senate...

Jews Demand New German Blackmail

Want Life Time Pensions For Prison Camp Inmates

BONN—Last year the helpless and prostrate West-German Republic was compelled to submit to one of the most fantastic blackmail operations in modern history. On that occasion the Germans agreed to pay the government of Israel the incredible sum of \$715,000,000.00 in "reparations" to defray the cost of settling Jewish immigrants in Israel. Under the same agreement another \$107,000,000.00 was paid out to various Jewish international organizations, which brought the total "reparations" to \$822,000,000.00.

The Israeli "reparations" settlement was imposed on the West-German Republic under the pretense that Germany had FORCED the Jews to take up residence in Israel, and therefore should be compelled to pay for their resettlement there. Overlooked was the fact that the Zionists had been actively planning the settlement of Palestine for generations before the advent of Hitler. Also overlooked was the fact that vast numbers of Israel's Jews came from North Africa, Russia, Asia Minor, and other non-German areas. Neither was any consideration given to the fact that Germany had already made recompense to the German-Jews whose property was seized or destroyed before the war . . .

JEWISH BLACKMAIL

Emboldened by the success of their blackmail activities to date, the Jews are now making additional "restitution" claims against the Germans, who incidentally have ten million refugees of their own to provide for. Under pressure from international Jewish organizations, a bill was introduced into the German Bundstag last month which calls for the payment of \$923,000,000.00 to former Jewish inmates of German detention camps. The bill, which is at the moment blocked in the upper house of the German parliament, has already been passed by the lower house.

Under the proposed measure, every Jew who spent time in a German detention camp would be eligible for "compensation". Pensions are to be provided for relatives of those who died in prison, and for former inmates who suffered a "loss of earning power" or a "loss of health". (Presumably Communist-Jews like "Red Hilde" Benjamin would also be eligible for pensions, since her husband died in a German concentration camp during the war).

If the Jews are able to push this latest blackmail measure through the German parliament, they will have collected \$1,745,000,000.00 over and above the amounts already paid out in property settlements to individual Jewish claimants. Since the total Jewish population of Germany

GERMANY'S pre-war leaders made two fatal mistakes in their quest for power. Their first mistake, which was to antagonize Jewry, brought Soviet Russia and the United States into a coalition against Germany. No other power on earth, except Jewry, could have brought Soviet Russia and the United States into a "holy crusade" against a common enemy . . .

Their second mistake was to lose never exceeded 550,000, simple arithmetic will show that the impoverished Germans are being asked to pay out more than \$3,000 for every Jewish man, woman and child who resided in pre-war Germany . . .

What is more, these Jewish extortions do not end there. At this moment a Jewish commission headed by Dr. Nahum Goldmann is "negotiating" with the Austrian government for \$50,000,000.00 in "restitutions" for "damages" allegedly suffered by the Austrian Jews under the German occupation.

AUSTRIANS GALLED

These Jewish "restitution" demands are particularly galling to the Austrians for a number of reasons. Chief among these is the fact that when the Russians occupied Austria in 1945 (Austria is still an occupied country), they immediately seized all German-owned property, including that which had been taken from the Jews. In effect this means that the Austrians are being called upon to compensate the Jews for property which, although first seized by the Germans, is now in the possession of the Russians . . .

the war. By doing so they left the German people at the tender mercy of the Jews. Today Jewish vengeance is being wreaked on the captive German population of the Soviet occupied zone by the bloody Jewess, "Red Hilde" Benjamin, who is currently conducting a blood purge ultimately designed to exterminate the German upper classes. In West Germany, the Morgenthau Plan was intended to achieve the same

Not content with this, the Jewish community of Bavaria last month placed a claim against the Bavarian state on behalf of a group of Jews who were interned in Shanghai during the war. Seems that these particular Jews emigrated from Germany after Hitler came to power, and settled in Shanghai. When the war broke out the Japanese government interned them as enemy aliens. So now the Germans are being called on to compensate these Shanghai Jews for their Japanese internment . . .

UNJUST DEMANDS

Thus, while the U. S. pours billions of dollars into Germany for rehabilitation purposes, the Jews are piping it out again in the form of "reparations" and "restitution payments". Meanwhile, the state of Israel, which evicted almost a million Arabs from their ancestral homes in 1948, has refused to make any compensation whatever for hundreds of millions of dollars worth of confiscated Arab property . . .

SUMMARY: To be seen in their true perspective, these Jewish "reparation" demands against Germany should be considered in conjunction with the

result. It was never fully put into effect, however, and the Jews have had to content themselves with extorting vast sums of money in the guise of "reparations" from the helpless and defeated Germans. For example, the parasitic state of Israel, which did not even come into existence until three years after Germany's defeat, has already received \$715,000,000.00 in German "reparations".

Palestine question. Because if it was wrong for the Germans to evict the Jews from Germany previous to World War II, then it was equally wrong for the Jews to evict the Arab population of Palestine from their ancestral homes in 1948. And if the Germans were to blame for confiscating Jewish wealth and property under the Hitler regime, then so are the Jews of Israel to blame for likewise confiscating the property and wealth of Palestine's evicted Arab population. And finally, if the Jews are entitled to "restitution" and "reparations" for their eviction from Germany, and for the loss of their property, then by the same token the Arabs of Palestine are entitled to similar restitution from the state of Israel for similar treatment . . .

The irony of the situation lies in the fact that the Germans, who have already paid out billions of dollars in "reparations" to the Jews, are still universally depicted as inhuman fiends for having mistreated the Jews, while on the other hand Israel's Jews, who have inflicted even greater atrocities against the Arabs, are immune to criticism . . .

Anti-McCarthyites

Continued From Page 1

the anti-McCarthyites was none other than Ike Eisenhower . . .

Eisenhower did not directly attack McCarthy, but teamed up with the McCarthy-hating "National Council of Christians and Jews" in a denunciation clearly aimed at McCarthy's newly appointed assistant, J. B. Matthews.

If there was ever any doubt regarding Eisenhower's attitude toward Senator McCarthy, however, it was dispelled a few days later by the statements of his brother, Arthur Eisenhower: "Senator McCarthy," said Arthur Eisenhower, "is the most dangerous man in America."

"It is a horrible shame," continued Arthur Eisenhower, "that he is a Republican, for he has done the party no good. When I think of McCarthy I automatically think of Hitler" . . .

The president's own party, and the Republican press, played down the matter as much as possible. Not so with the left-wing press and radio. Encouraged by the addition of such distinguished and outspoken recruits to their ranks, the anti-McCarthyites stepped up their "Hate McCarthy" campaign to a screaming crescendo. Left-wing propagandists immediately launched a vicious and concerted tirade against J. B. Matthews' alleged "anti-Protestant smear," which appeared in the *American Mercury*; before they had finished, Senator McCarthy himself was being accused of harboring "anti-Protestant" sentiments.

DREW PEARSON

Drew Pearson, under the pretense of "deploring" the effects of McCarthy's so-called "anti-Protestantism," spitefully made a point of the fact that McCarthy is a Catholic (although he failed to emphasize that Matthews, who wrote the controversial article, is a former Protestant missionary).

So effective was this barrage of hate propaganda that millions of Protestants have been led to believe that McCarthy has actually been conducting an anti-Protestant investigation. Millions are totally unaware of the fact that McCarthy's only fault (if you can call it that) was to hire an assistant who had several months previously (and without McCarthy's knowledge) written an article for the *American Mercury* in which he had quite truthfully stated that . . . "the largest single group supporting the Communist apparatus in the United States today is composed of Protestant clergymen" . . .

Press Report

WASHINGTON—Eisenhower has appointed three new members to a five-man commission whose task it is to conduct a new "survey" of the plan for Universal Military Training (UMT). Among the appointees is Julius Ochs Adler, general manager of the *NEW YORK TIMES*. Adler, a Jew, is slated to head the commission. There have been reports that Eisenhower has packed the commission to insure a report in favor of UMT. Congress only last year killed a proposed UMT measure . . .

WASHINGTON—The state of Israel is scheduled to receive approximately \$65,000,000.00 from the U. S. treasury during the coming year. The funds will be paid out through the Mutual Security Agency (MSA) as part of the five billion dollar foreign aid program for 1954 . . .

COPENHAGEN—Last month Janet Rosenberg Jagan, Jewish deputy-speaker of British Guiana's Communist government, trekked off to Copenhagen as Guiana's first representative to the Communist-sponsored "World Congress for Women". Janet Rosenberg, whose husband is the titular head of Guiana's red "People's Progressive Party", has been described as the actual brains of the party. The Communists control 18 out of 24 seats in Guiana's Parliament, thus giving the Western hemisphere its first Communist regime in history . . .

MOSCOW—The Jewish Telegraph Agency (JTA) reports in a dispatch from London that Professor M. S. Vovsy, one of the nine Jewish doctors arrested in the "anti-Zionist purge" last year, has been appointed to a high position in the Soviet's "Ministry of Health". All the Jewish doctors arrested in the abortive purge have been released and the officials responsible for their incarceration have been punished.

SPECIAL—The Communist publication, *JEWISH LIFE*, devoted thirteen out of thirty-two pages of its July issue to an article entitled: *MCCARTHY AND ANTI-SEMITISM*. The article "documents" the alleged connection between Senator McCarthy and various "anti-Semitic" editors and publishers.

YUGOSLAVIA—The pilgrimage of the faithful to Communist Yugoslavia continues to make the news. First to visit Comrade Tito was former presidential candidate, Adlai Stevenson. He was followed in short order by Eleanor Roosevelt, who assured the readers of her syndicated column that . . . "Yugoslavia . . . is an experiment and one that may have great meaning for the world if the main objectives remain freedom and democracy within the framework of their type of socialism. No one here likes the experiment to be called 'communism' . . ." (P.S. The latest report is that Clement (comrade) Attlee plans to spend three weeks, beginning Aug. 1st, as Tito's guest).

for years (see cut), regarded all this with grim satisfaction. The *DAILY PEOPLE'S WORLD* recognized as the organ of the Communist Party on the West Coast, was especially jubilant because within the past several months three of its editors have been "victims of McCarthyism" i.e. they have been sentenced to prison or deportation for conspiracy against the United States government.

On July 17th, just a week after Eisenhower pulled the rug from under Senator McCarthy, the *PEOPLE'S WORLD* expressed its satisfaction over the affair in a

front page editorial which began as follows:

"You may have noticed during the past weeks that resistance to McCarthyism has gained in vigor, scope and militancy. We know of no more hopeful symptom of the vitality of the American democratic spirit, and the potential that lies in U. S. resistance to creeping fascism. For us, the rising tide of anti-McCarthyism is a source of special satisfaction . . ."

Thus spoke the Communist publication, *PEOPLE'S WORLD*.

SIGNIFICANCE: Knowing that they could not effectively oppose Sena-

tor McCarthy on the issue of Communism, the anti-McCarthyites have successfully launched a diversionary attack against him which has seriously hindered the functioning of his committee, and which may destroy his effectiveness as an anti-Communist crusader. The bitter irony of the situation lies in the fact that this diversionary attack was put into motion by none other than Ike Eisenhower himself. Eisenhower has in effect spearheaded a left-wing attack against one of the most respected members of his own party.

To many, the question of "McCarthyism" no longer involves Joe McCarthy so much as it does Eisenhower. The real question, as many see it, is whether or not Ike Eisenhower owes his first allegiance to the Republican party, or to the Americans for Democratic Action . . .

RED HILDE

Continued From Page 2

Reports from there (see *American Nationalist*, Feb. 25) indicate that two million Chinese peasants have already been settled on farms and in communities previously occupied by Germans. The situation has become so grave that last February Chancellor Konrad Adenauer broadcast a personal plea to the East-Germans to stay put unless faced with immediate peril. Said Adenauer: " . . . I must explain that when hundreds of thousands flee, hundreds of thousands of others take their places, and they may be Russians or Asians. Every German who remains defends a piece of Germany, and a piece of the Western World."

This policy of deliberately depleting Germany's male population, while at the same time settling entire colonies of Asians on German soil, is of course calculated to eventually bring about the extermination of the Germans as a nation and as a people.

The progress is relatively slow, however, and the present condition of revolt calls for more immediate and extreme measures. The puppet German leaders have shown their inability, and even their unwillingness, to cope with the situation. This undoubtedly explains the Soviet's decision to install "Red Hilde" as Minister of Justice. Her task is to destroy every vestige of resistance to the Communist occupation. This will undoubtedly call for the immediate extermination of the German upper classes, particularly the army officers, the clergy, the land and factory owners, and others of similar station. That has been the pattern in Lithuania, in Latvia, and in Russia itself, and there is no reason to believe Germany will fare better.

It is only natural, therefore, that the Jewish masters of the Kremlin would entrust another Jew with this bloody task. After all, who is better qualified for the job than "Red Hilde" Benjamin? . . .

SUBJECT: FRANK L. BRITTON

Rebulet to Los Angeles dated October 4, 1950.

The files of the Los Angeles Office reflect that the Lennox Printers, Inglewood, California, FRANK L. BRITTON, owner, editor, and publisher, began publication of the "Centinela Outlook" in September, 1948. This was planned as a bi-monthly of magazine type format with a gratis mail circulation of 3000. It does not appear that this neighborhood magazine or newspaper continued publication.

A Dun & Bradstreet report of September 29, 1949 on the Britton-Summer Company, 11111 South Acacia Boulevard, Inglewood reflects FRANK L. BRITTON started the enterprise in May, 1946 and became sole owner in September, 1946. It operates as an advertising and printing agent for letter press and offset printing. BRITTON used his home for a business address. Its total assets were \$4,375.00, but its then-current liabilities exceeded both its net worth and current assets.

This credit report related that BRITTON was born in Texas in 1920 and after serving in the United States Army from 1941 to 1946, he began a toy manufacturing business in partnership with [redacted]. The toy line was discontinued in favor of gold stamping and printing. The business was moved to 10227 South Hawthorne Boulevard, Inglewood in September, 1946, and in June, 1949, following a fire to its present address.

The Retail Merchants Credit Association, Los Angeles, records indicate that FRANK LOLLAR BRITTON, 848 Cedar Avenue, Hawthorne, was the subject of a report compiled on July 1, 1950. This reflects that BRITTON formerly resided at 2823 Burlington, Dallas, Texas and 11111 Acacia, Inglewood. He was described as being single, age 29, and a Field Underwriter for the Monarch Life Insurance Company, 215 West Seventh Street, Los Angeles, since October 21, 1949 at a salary of \$300.00 per month plus. When interviewed by the credit reporting agency on January 13, 1950, he declined to furnish any information about himself. However, this credit record is good. Other data available from the Credit Association was identical to that secured from Dun & Bradstreet.

The Los Angeles Police Department and Los Angeles Sheriff's Office have no record of BRITTON. CLOSED.

A SPECIAL MESSAGE from the AMERICAN NATIONALIST

Dear Patriotic Friend:-

After reading this particular issue we believe you will agree that the American Nationalist is one publication you can't afford to be without if you wish to keep well posted on the current political scene. That's because the American Nationalist combines the rare qualities of courage and journalistic integrity to give you a periodical which everywhere is recognized as the most outstanding publication in the Nationalist field.

We believe that no citizen --no matter how intelligent-- can possibly grasp and interpret the intricacies of modern politics without a thorough knowledge and understanding of the forces which work constantly to form and shape the events of the day. And we know that you cannot obtain that knowledge and understanding unless you are exposed to the whole truth; unless you have access to ALL the information available; unless censorship is stripped away completely... Needless to say, you cannot obtain that kind of information from the kept press or the Jewish-owned radio networks.

As a matter of fact, the American Nationalist is the only publication in America which brings you a balanced, truthful, and uncensored viewpoint of the American political scene as it relates to the race problem, and to the Communist-Zionist-Jewish question. These are subjects too controversial for the commercial press to take up. They are subjects about which even the best informed of our people are woefully ignorant...

These topics, and many others of similar nature, are discussed fearlessly, honestly and forthrightly in every issue of the American Nationalist. Whether or not you agree with our political philosophy, you cannot afford to ignore (or remain in ignorance of) these vital subjects... May we therefore invite you to join the distinguished family of readers and scholars who have made the American Nationalist a part of their reading habit.

Sincerely yours.

Two of the city's biggest parties, celebrating the last gasp of summer, took an unexpected twist last weekend. The "Gay Paree" party hosted by Mr. and Mrs. George Burnett, Dr. and Mrs. Robert Epstein, and Mr. and Mrs. Herbert Hainson, brought 140 guests to the Mission Valley Country Club, all in some version of Parisian attire. Dr. Epstein was a French-Moroccan arab; Mrs. Epstein a French girl; Mr. Burnett a French diplomat; Mrs. Burnett was "Miss Liberte"; Mr. Hainson, Pierrot, and Mrs. Hainson his Pierrette. But the surprise of the cocktail-dinner-and-dancing party was the entrance of six young couples who had drilled and rehearsed for weeks as a marching band of the French Foreign Legion.

JEANNETTE BRANIN

Among past presidents acting as hostesses were Mmes. E. F. Fleming, chairman, G. F. Meis, A. L. Booth, R. C. Clark, J. C. Johnston, J. W. Hill, J. N. Cole, E. A. Martin and W. A. O'Neill. Officers who were installed with Mrs. Bull are Mmes. Paul Haidip, vice president; Franklyn E. Wilson, secretary; George R. Cowan, treasurer, and Howard L. Cave, press correspondent. Richard A. THAT'S ARCHIE, all right, says Mrs. Willie P. Moore, the light-heavyweight champion's aunt who raised him from infancy. Mrs. Moore, 3315 E. St., is looking at an article by Archie, entitled "My Rocky Road to Rocky," in the current Look Magazine.

San Diegans For Moore

San Diego's Archie Moore, world light-heavyweight champion, this week had his home town in his pocket as he prepared to battle Rocky Marciano for the heavy-weight title.

It seemed that San Diegan was a well-wisher as Look Magazine's current issue, containing Moore's story, "My Rocky Road to Rocky," disappeared among the newsstands in every part of the city.

Robert Strauss, who heads the board of the new San Diego City Spunkies and Tunes theater, said the school enrollment is reported heavy everywhere. Strauss said the school of circuit "Integration" screening is scheduled for Tuesday night. Strauss said the school of circuit "Integration" screening is scheduled for Tuesday night.

San Diego Jobs and Planning Is Answer

San Diego can have jobless, illing, diversified industry and its perianthus too, through developing "planned" industrial parks, a federal official said this week.

Victor Rotarus, director of the Interior Department's office of area development, spoke Tuesday at a luncheon meeting of Mayor Charles C. Dill's industrial development committee.

No low-level highways to the East is necessary for the city, industrial development said. Dr. Glenn Haven, chairman of the committee's transportation and markets subcommittee.

Realignments and grade reductions will do the trick, Haven said.

Rotarus said San Diego's "magnificent sites for a planned industrial park development, like Kearney Mesa, are well-suited to industrial growth.

The city currently is having trouble with the Navy over Kearney Mesa, most of which is owned by the Government.

Fleming Leads Sheriff Rodeo

San Diego beauty winner, Phyllis Fleming, will exchange her bathing suit for a riding habit when she serves as queen of the First Annual Sheriff's Relief Association's Rodeo, to be held at the Del Mar Fairgrounds on September 24 and 25.

The 19-year-old San Diego State College student will lead the Grand Entry Parade of San Diego County horsemen on horseback. This will be a new angle for the blonde professional baton twirler, whose 36-24-36 measurements have been adequately appreciated in less covering garb.

Miss Fleming was selected for queen by officers of the Sheriff's Relief Association, sponsors of the Rodeo. All money raised will go into the Association's relief fund.

"It seemed only fitting that a San Diego girl should be selected as our queen," said L.L. Tom P. Isbell, President of the Relief Association. "We are trying to make this event chiefly a San Diego County affair." Isbell said more than 200 entries are expected for the two-day rodeo.

Food Men Meet

"Your Market — Your Opportunities" will be the theme of the 56th annual California Grocers Association convention at Hotel del Coronado Sunday through Wednesday.

Officers and members of the San Diego Grocers Association have been busy planning for the convention.

Men of the association held a pre-convention rally last night at El Morocco which 300 attended. The auxiliary held its rally Tuesday night at El Cortez.

Jay Moffett of DeFalco's Markets, president of the association, will be a host at the convention, as will Hap Holliday, association secretary-manager.

Gerald Aves of Food Basket, slated to be the association's next first vice president, and Gordon McCoquodale, Rancho Market Basket vice president and general manager, will serve on panels.

Other association officers, including Vice President John Barrett; Seymour Rabin, second vice president, and Treasurer Gene DeFalco, have been busy planning for the convention.

W. D. Hader, executive secretary, said Dr. Robert E. Burns, president of the College of the Pacific, Stockton, will speak at the opening session on "California Is Your Future."

"Motivation and the Retail Food Business" will be the topic of Dr. Bertrand Klass, manager of applied social research at Stanford Research Institute.

Dr. Herbert E. Robinson, director of Swift & Co.'s Chicago research laboratories, will speak on "The Atom and Food," and Russell S. Munro, director of the Department of Alcoholic Beverage Control, will outline policies his department will follow in enforcement.

H. A. Dickson, principal auditor of the California Sales Tax Division, will discuss "Sales Tax and the Grocery Industry."

Grocery equipment and food-stuffs will be displayed in convention headquarters. Illuminators Inc., organization of gro-

flourishes, and authentic costumes. This impressive floor show was provided by Mr. and Mrs. Leonard Linn, Mr. and Mrs. Stan Levitt, Dr. and Mrs. Edward Platt, Mr. and Mrs. Richard Gerding, Mr. and Mrs. Richard Levi (she pulling a toy French poodle on roller skates as mascot) and Mr. and Mrs. Robert Breitbard.

As Legler Benbough planned his big Saturday night "do" at his country place at Rancho Santa Fe, the stars of the evening could have been the two gigantic 45-lb. "steamboat" roast beefs, and the five refreshment buffets set up on the four levels of the gardens. But the hit of the evening became the "tours by demana" of the ranchhouse, remodeled and furnished in a manner usually seen only between covers of a magazine. On the loggia, which connects the patio with the winding steps to the pool area, Dr. and Mrs. George Fishburn enjoyed their buffet dinner seated at an antique 12-foot oak plank bench, surmounted by dramatic brass and marble scales. . . Mrs. Henry Fenton guided her guest, Mrs. Jack Haley of Hollywood, to the keeping room which houses a treasure of antiques: an old "wag on the wall" clock; miners' candles spiked into the fireplace bricks; a harvest table of hickory and cherry found in slave quarters in the south; chopping block tables formed of massive slabs of wood; and cast iron andirons in the shape of cats whose glass eyes blinked and winked in the reflected firelight. . . Mr. and Mrs. Robert Maw admired the collection of glass marbles, ranging up to 8" in size, which are displayed on shelves in the many-paned keeping room windows. . . Dr. and Mrs. James Higgins enjoyed a reunion with the host's mother, Mrs. P. J. Benbough, in the play room which is dominated by an antique milk cupboard which holds a collection of fine pewter pieces. . . Conversation piece for Mr. and Mrs. Thomas Malm and Mr. and Mrs. Clyde Seymour Jr. were the "heating lamps" in the playroom and the master bedroom; great cranberry glass chimneys designed to reflect heat as well as light. . . The host himself had arranged the party's most famous feature, the "tours by demana," which were given by Mrs. Benbough, her mother and her sister, and the architect and three partners was

Meanwhile, plans for the community's "Welcome Home" celebration for Light-heavyweight Champion Moore are progressing.

A luncheon at the U. S. Grant Hotel Sept. 26 will honor Moore whether he wins or loses, according to Elton Bailey, vice chairman of the Chamber of Commerce's civic Committee planning the event.

"Moore himself has no doubt about the outcome. In the Look Magazine article Ole Arch says he first realized he had the goods to beat Marciano when Rocky fought Ezzard Charles.

"There's still time to get in on San Diego's letter-writing campaign," Bailey said. "Letters Arch receives at his training camp, Camp Kenwood at North Adams, Mass., will be bound personally and presented to him formally at Tuesday's luncheon."

Total city - county public schools enrollment is estimated at 133,158 this year, compared with 124,505 last year.

All-time high enrollment of 23,700 in parochial schools of the Roman Catholic diocese of San Diego, which includes San Diego, Imperial, Riverside and San Bernardino counties, was reported.

KCBQ Sold; Drops ABC

San Diego Radio Station KCBQ has been bought by Bartell Broadcasters, Inc., a Milwaukee firm, at a reported \$250,000 price.

The station this week announced this week severance of its association with the American Broadcasting Co. effective Dec. 1.

Former operators are Timothy D. Parkman and Stanley Schultz formerly at Tuesday's luncheon."

Roterus said the problem would have to be worked out with Navy officials.

"Probably it'll take a lot of talking," he added.

Victor Roterus

The whole community will have to be organized to push such a development, he said. San Diego's "incomparable livability" would not be harmed by planned development and would be an asset in attracting certain industries here, he added.

He said any Eastern city would give its eye-teeth for a large continuous acreage so suitable for planned development of light and medium manufacturing as Longway Street.

Mr. Roterus said the city government should set industrial development department. A top-grade man should head such a department here, he said.

Roterus praised the work of the mayor's committee and the city's program for developing the Kearny Mesa area.

He warned a program such as he outlined cannot be accomplished overnight.

Seeing Eye dogs also will be purchased with proceeds, said Clyde Hawkins and G. Merton Rose, co-chairmen of the drive for Harbor Lions Club.

All money collected will go to the Blind Recreation Center, 1805 Upas St., they said.

Lions Club members will offer white canes on major corners all over the city during the two-day drive. Receptacles also will be placed in business establishments.

4-Wheel Drive

Strengthen Smog Laws

Existing laws against air pollution are insufficient to forestall a smog situation in San Diego, County Supervisor DeGraff-Austin said today as the State Health Department promised the loan of sampling devices.

As a supervisor, Austin is director of the County Air Pollution Control District.

Loan of the services was promised by Frank M. Stead, chief of the State Health Department's division of environmental sanitation.

"There's no question that we're discharging pollutants into the air that causes smog," he said.

"It's my guess, however, that smog is caused to a great degree by automobile exhausts. Basic research to find a way to stop this is in order," he added.

The local smog district is co-operating with other districts operating with other districts' division of environmental sanitation.

Austin said he hopes all agencies concerned with air pollution will pool their facilities for an

Packaged E

San Diego State College administrators this week got out the big shears and whacked off a huge hunk of student registration red tape.

As an alternative to individual class registration, the administration this week offered entering freshmen a packaged program.

Instead of each student attempting to schedule his own program and to register for them individually, the new system permits the student to pick one of eight packaged schedules and sign up for them all at one time.

Final decision for the new system rested with Dr. Donald Walker, associate dean of students, and Dr. Watson, dean of instruction.

Gentlemen:

Attached is unsolicited literature, received through the mail, on the American Nationalist. I am sure that you gentlemen will be interested in reading this stuff.

In my estimation this propaganda is insidious and subversive in nature, designed to foment class hatred, and create cleavages in our society. The American Nationalist is obviously designed to lull the gullible into the belief that it is a laudable patriotic organization, instead of the "front" organization it really is.

In my humble opinion the motives of this outfit should be looked into; the men behind the movement should be thoroughly investigated.

It is an insult to my intelligence, and an affront to my patriotism, to have propaganda like this directed to me. You will note I send you the envelope it was mailed in, for better tracing by your office. I have moved from [redacted] over eight years ago (that's where the propaganda is addressed to), although presently I live at [redacted] one house removed from my previous address.

JEW BETRAYS FRANCE TO SOVIETS

Erno Gero Purged From Top Spot In Hungarian Soviet

BUDAPEST—Radio Budapest last month announced that Erno Gero, rated as the number-two man in the Hungarian Communist hierarchy, had been removed from his position as First Deputy Prime Minister of Hungary's red regime.

It is interesting to note that Erno Gero, a Jew, was originally a member of Bela Kun's (Cohen) bloody revolutionary government which seized control of Hungary in 1919. When Kun's Communist regime collapsed in that same year the Jews, Erno Gero, Matyas Rakosi and Zoltan Vas were among those who fled with him to the

ERNO GERO

Soviet Union. Twenty-six years later Kun's Jewish lieutenants were destined to become the dictators of Hungary once more. . .

When the Communists "liberated" Hungary in 1945 and subsequently established a Communist government there, they placed the Jew, Matyas Rakosi at its head, with Erno Gero and Zoltan Vas occupying positions number two and three respectively. They have remained in control of Hungary ever since, much to the frustration of Zionist propagandists in this country, who have worked with considerable success to propagandize

Shown above (in black) is California's 26th Congressional District where Jimmy Roosevelt recently won the Democratic nomination despite the opposition of the Democratic National Committee. Jimmy's upset victory can be largely ascribed to the fact that the 26th District is an interracial conglomerate which takes in the Central Avenue Negro District on the east, and Hollywood's swank, Jew-infested Fairfax area on the west.

Success Story: Jimmy Roosevelt Wins in Jewish-Negro District

LOS ANGELES—Jimmy Roosevelt's odd victory in the recent California primary election, coming as it did on the heels of his much publicized divorce trial, has attracted considerable attention among political observers everywhere.

Interest in Jimmy's victory was heightened by the fact that the Democratic National Committee refused to endorse his candidacy or to have anything to do with his campaign. But despite party opposition and the ridicule heaped upon him by the opposition (sample item: "Send Jimmy to Washington, the wife you save may be your own") Roosevelt went on to take the Democratic primary by a substantial margin.

Actually, Jimmy Roosevelt's popularity with the voters of California's 26th Congressional District is not hard to explain once the facts are in. The first thing to remember is that Roosevelt's bailiwick has been gerrymandered into an interracial hodge-podge. The western arm of Roosevelt's district (see cut) takes in the swank Fairfax section of Hollywood, just to the west and south of the famed intersection of Hollywood and Vine. The population of this area is predominantly Jewish (i.e. 60% or over). The western arm also includes Culver City and Venice, likewise populated by large numbers of Jews. The eastern arm of the gerrymander, on the other hand, encompasses a large part of the teeming Central Avenue Negro district of Los Angeles. . .

A ROOSEVELT CUSTOM

This is not the first time a Roosevelt has gone into a cosmopolitan district to run for public office. In New York Franklin Roosevelt Jr. chose the polyglot 20th Congressional District to run from—although he had never previously resided there. He was elected, incidentally, as a

NEW YORK—A great deal of interest was aroused over the recent chess tournament held in New York between the U.S. team and the visiting Russian team. The event rated full press coverage, and Henry Luce's LIFE-TIME combination devoted considerable space (including a 3-page picture story in LIFE) to the affair.

Not everyone, of course, took such an open minded view toward this display of international amity. Some, including the families of G.I.'s butchered in Korean Communist death camps, might well have wondered why a Soviet chess team should journey to the U.S. at a time when U.S.-Soviet rela-

REP. FRANCES BOLTON, congresswoman from Ohio, is being smeared in the Jewish press from coast to coast as an "anti-Semite" because she recently criticized the state of Israel for having shipped strategic materials to Soviet Russia in violation of the Battle Act. The Battle Act forbids recipients of U.S. foreign aid from shipping strategic war materials to the Soviet Union.

JEWISH JACOB JAVITS has thus far been unable to get any action on two bills aimed at barring "anti-Semitic" publications from the mails, but he's still trying. His latest maneuver has been to submit a House resolution of inquiry to the Postal Department requesting specific information on ten "anti-Semitic" periodicals. Meanwhile, the Postal Department's Chief Solicitor, Abe Goff, has rendered a startling "decision" in which printed postal cards containing criticism of the late Rabbi Stephen Wise were barred from the mail. According to the Jewish Telegraph Agency, Goff admitted that so-called anti-Jewish publications, as such, could not be banned, but was quoted as saying that . . . "in view of the obvious intent to reflect injuriously upon the character of the individual named, this card was held to be non-mailable" . . . (NOTE: Rabbi Stephen Wise has been listed as a member or sponsor of more than a score of Communist-front groups by the House Committee on Un-American Activities. His son, James W. Wise, is cited as a member of at least 51 red-fronts. . .).

EMANUEL CELLER, the Jew congressman from Brooklyn, had a heart-rending confession to make before an anti-McCarthy rally recently sponsored by the American Jewish Congress in New York. Celler, according to the AMERICAN HEBREW, said his mail was running 3 to 1 in favor of McCarthy. . .

✓ **IF AND WHEN** the Soviet Union ever decides to accept the American-sponsored "Baruch Atom Plan", the United Nations will become the military dictator of the world. The Baruch plan calls for all nations to surrender their atomic weapons to the U.N. In that event the U.N., and only the U.N., could wage atomic warfare—which means the United States and every other nation would be helpless to resist world government.

JOAN DAVIS, star of the TV show, I MARRIED JOAN (NBC) acquired a brand new Yiddish son-in-law last month when her daughter, Beverly Wills, married Jewish Norton Grossman in a swank Beverly Hills ceremony. The rites, incidentally, were performed by a rabbi. Daughter Beverly plays a role in her mother's show.

VIVECA LINDFORS, whose press agents describe her as "Swedish-born", recently married playwright George Taber, who is listed on page 482 of the 1949 California Un-American Activities Committee Report as a sponsor of the Communist "World Peace Conference." Viveca Lindfors is the former wife of Jewish film director, Don Siegel.

LINDA DARNELL'S marriage to the Jew, Philip Liebmann, who heads the Rheingold beer firm, has been confirmed. They were secretly married last February.

ARTHUR GODFREY, who has nauseated millions of his viewers by featuring two buck Negroes in an interracial quartet regularly on his weekly telecast, is said to be laying plans for a new show with an entirely new cast for next season. Apparently the public is getting fed up with Godfrey's offensive little object lessons in interracial amity. Or maybe they're just getting fed up with Godfrey. . .

HARRY M. WARNER, the Polish-Jew who heads Warner Bros., Inc., has recently contributed . . . "five full-sized houses and a large quantity of farm equipment" to the Brandeis Camp Institute in Santa Susana (Calif.), according to the B'nai B'rith Messenger. Brandeis Camp, established in 1941, is a three square mile, 2,000 acre Zionist training camp where selected representatives from southern California's vast (350,000) Jewish colony go . . . "to learn to be better Jews" (i.e. fanatical Zionists).

LION FEUCHTWANGER, brother of film producer Walter Wanger, has received another Communist award—this time from East Berlin University. Feuchtwanger, now a resident of Pacific Palisades, entered this country as a refugee from Germany several years ago. . .

ROSEMARY CLOONEY, wife of the Yiddish film star, Jose Ferrer, is expecting a baby early next year, or so they say.

IF YOU ARE A TYPICAL GENTILE you may have noticed that Hollywood's Jew-controlled picture industry has ground out a goodly

number of "biographical" films in recent years depicting the life stories of theatrical people. And if you are an unusually observant Gentile, you will also have noticed that virtually all of them have been about Jewish personalities. Among the Jews who have had their "life story" made into a film have been Al Jolson, Eddie Cantor, George Gershwin, Jerome Kern, Harry Houdini, Benny Fields, Milton Berle, Florenz Ziegfeld and Sol Hurok. Now Metro-Goldwyn-Mayer, headed by the Russian Jew, Nikolas Schenck, has scheduled two more Jewish "biographical" films. The soon to be released **DEEP IN MY HEART** (starring Jose Ferrer) is a screen glorification of the life of the Jew composer, Sigmund Romberg. M.G.M. has also purchased film rights to the late Eddy Duchin's life story, to be produced next year. Still in the planning stage is the film of Sophie Tucker's life, while M.G.M. is contemplating a sequel on the Romberg film. . .

THE FIRESTONE RUBBER CO., sponsors of the televised **VOICE OF FIRESTONE** (ABC) should get the very devil for the program they featured on July 5th. The show in question began with a medley of three patriotic tunes "in commemoration of Independence Day". The first was George M. Cohan's **IT'S A GRAND OLD FLAG**, followed by **OVER THERE** and **GOD BLESS AMERICA**. Now comes the payoff: as the orchestra swung into **IT'S A GRAND OLD FLAG** the camera rested momentarily on the American flag, then turned slowly to an array of flags representing the various members of the United Nations, coming to rest finally upon the United Nations flag itself. . . While we do not question the Firestone family's prerogative to glorify the U.N. all it wants on other occasions; we take the attitude that Independence Day is strictly an American show. And when the band strikes up **IT'S A GRAND OLD FLAG**, we expect to see the American flag, and **ONLY** the American flag, in the place of honor. The home office of the Firestone Rubber Co., in case you have any comment, is: 1200 Firestone Parkway, Akron 17, Ohio.

triumph ostensibly came a few hours after the July 20th deadline under which he had committed himself to end the Indo-China war or quit. Actually, however, the dramatic last minute negotiations leading up to the signing of the

Geneva peace pact were little more than a staged farce, since the real sell-out was obviously arranged only a few days after Mendes-France assumed office.

The tip-off of Mendes-France's treachery came when he ordered

✓ **THE TASK** of "integrating" Negroes and whites in Washington D.C.'s public schools is proceeding rapidly. Last month the District's board of education voted: (1) to omit all racial identification from student records; (2) to rezone the District so as to achieve a more even distribution of Negroes and whites in each school; (3) to "integrate" Negro and white teaching staffs. Washington D.C.'s schools, where Negroes outnumber whites by a 6 to 4 ratio, has been designated by Eisenhower as a "pilot model" for the states to emulate.

✓ **THE N.A.A.C.P.** reports that the Defense Department has already abolished state-operated schools at three Southern military bases because local school authorities still refuse to mix Negro and white students. The Pentagon is setting up "integrated" schools at Ft. Myer and Ft. Belvoir in Virginia, and at Craig Air Base in Alabama, for which "special" teachers are being hired. Altogether there are 19 military bases in 8 Southern states which are scheduled to be forcibly "integrated" under Eisenhower's orders.

✓ **IN NEW ORLEANS** last month that great authority on the U.S. Constitution, visiting emperor Haile Salassie, described the Supreme Court's anti-segregation decision as . . . "in accord with the Constitution and one which would give the U.S. greater prestige in the world". (Note: the emperor could achieve the same result for Ethiopia by outlawing slavery there. . .)

✓ **IN FLORIDA** six white civilian barbers were dismissed from the Elgin Air Force Base (reportedly on Pentagon orders) when they refused to cut a Negro's hair.

✓ **THE UNIVERSITY** of Maryland, whose all-white football team has been under boycott from other colleges because of the University's refusal to admit Negro students, has agreed to admit colored students hereafter. Several schools (including Michigan State) had refused to schedule games with Maryland because of the race question.

✓ **THE U.S. ARMY** has announced its "integration" program to be 98% complete, according to the Negro magazine, JET. At the same time the re-enlistment rate among white servicemen is so bad that special inducements are being offered those who stay in the service. White troops are disgusted with having to take orders from Negro sergeants, are also fed up with sharing their social and family recreational facilities with Africans. . .

The Goal: Mongrelization Unlimited!

Tolerance Propaganda Leads To Race-Mixing

LOS ANGELES—Each year the student-body at the tax-supported Los Angeles City College (LACC), largest junior college in the U.S., puts on a "Howdy Hop"—a dance to welcome new students into campus society. In recent years these affairs have to an increasing extent assumed an interracial flavor, and the spectacle of a buck Negro dancing with a white coed has become a commonplace occurrence. Last September the interracial motif reached a sort of apex when a white queen and a black "king" were selected to reign over the "Howdy Hop" (see cut).

This is by no means the only interracial king and queen to reign at Los Angeles City College. A couple of months ago (see American Nationalist, June 10) another white queen and Negro "king" were chosen to preside over the college's 25th Silver Anniversary celebration. On that occasion the program called for a cake-cutting ceremony in which the king and queen, with hands and arms intertwined, cut the anniversary cake as college officials looked on with beaming approval. . .

As is usual in such situations, the kept press censored both stories, and, although there are five large metropolitan newspapers in Los Angeles, the public still remains totally ignorant of what is transpiring in the city's largest tax-supported school. Negro publications, however, featured the story (and pictures) with obvious relish. . .

Here, then, is the pattern which will inevitably be followed all over the nation as the Supreme Court's recent anti-segregation decree is put into effect. In the South, where most of the country's Negroes are concentrated, the process will undoubtedly be slower, but its effect will be all the more devastating in the long run.

Many people, and particularly those in the South, cannot bring themselves to believe that race-

Last year's queen presents royal cup to the new king. . .

The new king and queen pose together. . .

The promoters of racial mongrelization seldom reveal their true goal, but almost always hide behind a facade of piety—they profess to believe in "brotherhood" and "racial tolerance". If accused of advocating promiscuous contact between Negroes and whites, they will deny it. If reminded

that non-segregation inevitably leads to miscegenation, they will ridicule the idea. Their prime interest, they will tell you (and many sincerely believe it) is to combat "unreasoning prejudice" and "narrow-minded bigotry". . .

And in California the proponents of

racial "tolerance" and "brotherhood" have had their own way for a long time. They have, indeed, brain-washed an entire generation of young people with their race-mixing philosophy. The pictures above, taken at a college dance in Los Angeles, show the result. . .

mixing on this scale will affect their own community — or their own children. But they underestimate the power of the forces arrayed against them.

In southern California, for example, a majority of the people are of Southern or mid-western origin. They unalterably oppose race-mixing. But their children are subjected to almost irresistible pressure in school, at church and (indirectly) from motion pictures, television and newspapers, to accept the tenets of racial "tolerance".

The schools are particularly effective in promoting racial "brotherhood". In civics, in history and other social studies the student is warned continuously against the

crime of "prejudice"; in biology, anthropology and assorted other sciences he is repeatedly given scientific "proof" that all the races are equal and that "racism" is pure cant; in psychology he is even taught that those who oppose race-mixing are guilty of "scape-goating", and hence are mentally deranged. Even the pupil's English reading assignments are larded with "tolerance" propaganda. . .

As a point of fact the advocates of racial mongrelization aren't too interested in what you believe, so long as you remain quiescent. They are after your child, whose mind can be quietly moulded and shaped to their liking. And there is very little you can do about it.

If your children are sent to school with Negroes, and attend church with Negroes, and participate in sports and social activities with them, and are at the same time taught that racial "tolerance" and "brotherhood" is the only acceptable moral code, then they—and all children—will eventually behave as the students at Los Angeles City College are behaving.

The goal is unlimited mongrelization. The stage is set, the plans are made, the process has begun. All that is needed is a little time.

And just as race-mixing has come to Los Angeles, so it will come to your community, to your school, perhaps to your family. The Supreme Court of the United States has so decreed it. . .

Mendes-France

loyal Vietnamese to the tender mercy of the Communists. Included among these were more than 500,000 Christians, many of whom are special targets for Communist retribution because of their strong anti-Communist proclivities. So sudden and unexpected was the French withdrawal that only a handful of these people were able to escape before the Communist armies took over.

THE PEACE TERMS

Under the terms of the Geneva peace settlement the French turned over the richest part of Viet Nam and 12,000,000 of its people to the Communist victors. Theoretically the French will retain control of southern Indo-China (including Cambodia and Laos),

but in point of fact their position there is probably untenable. It is highly unlikely that the remaining Vietnamese will risk their lives to preserve the French position in Indo-China after witnessing the treacherous withdrawal from the Red River delta and the abandonment of its population to the Communists.

That was the accomplishment of the little Jew who was elected on the promise of obtaining "an honorable peace within 30 days or else", and who is now being acclaimed as France's "man of destiny". . .

A JEWISH PEACE

Actually, of course, the terms of the Geneva peace settlement should surprise no one, since the entire proceeding was pretty much a Jewish affair from beginning to end. Molotov himself is married to a Jewish woman, and it should

be remembered that the really important negotiations at Geneva were carried out between Molotov and Mendes-France — in private. Just how private they were can be gained from the following item, taken from the July 26th issue of TIME, which describes a meeting between the two a few days before the July 20th "deadline":

"Thursday night Mendes invited Molotov to dinner. After the meal the two men went out alone into the garden, where a huge map of Indo-China was spread on the table. Their advisors were left behind in the house; only two interpreters stood by. The two men leaned over the table, their faces lit eerily by a red-shaded lamp planted over the map. While Soviet secret service men padded invisibly at the bottom of the dark garden, the two men talked grimly until 1:30 a.m." . . .

SIGNIFICANCE: Despite his sell-out to the Soviets, it is likely that Mendes-France's popularity will continue to grow. There are a number of good reasons. For one, he is popular with the Communists. But far more important than that is his racial identity. In this connection it must be remembered that while the popularity and influence of a French Premier would ordinarily be confined to France, Mendes is not a Frenchman, but a Jew. That means he has millions of adherents and boosters in virtually every country in the world. And they can be depended upon to boost his stock and enhance his prestige at every opportunity. That is why, despite his treacherous role as a Judas goat at Geneva, he is being hailed in France and throughout the world for his "statesmanship" and "dynamic leadership". . .

Jimmy Roosevelt Wins

candidate for the Jew-controlled American Labor Party (ALP)—not as a Democrat.

It is in keeping with the best traditions of the Roosevelt family, therefore, that Jimmy Roosevelt should run for Congress in California's heterogeneous 26th District. And the fact that Jimmy has a juicy divorce scandal on his hands involving twelve or thirteen women makes little difference to the kind of people he represents.

That, in a nutshell, is why he walked away with the Democratic primary even after being repudiated by his own party—and after his divorce case had become a national joke.

Jimmy, you see, is a liberal. . .

Erno Gero Falls

(Continued from Page One)

dize Americans into believing that Communism is no longer a Jewish movement. . .

So far, no reason has been given for Erno Gero's fall from grace, but it is possible at least that he has been accused of Zionist activity — a criminal offense under Communism.

It isn't too widely known outside of Jewish circles but Russia's Zionist Jews and Communist Jews have been at loggerheads for many years. The Zionists, who render their first loyalty to Israel, are despised by their Marxist co-racists and drastic restrictions have from time to time been imposed on them in Soviet Russia (although they have at all times received preferential treatment compared to Gentiles.)

This internecine friction between Zionist and Marxist has apparently been intensified since the establishment of Israel in 1948, although it should be noted that Soviet Russia permitted some 300,000 Zionists from the Iron Curtain countries to emigrate to Israel between 1948 and 1950—a privilege never extended to Gentiles. Zionist emigration dropped off to a trickle after 1950, however, when the Communists initiated their big crackdown on Zionist activity. This most recent upsurge of anti-Zionism was widely, though mistakenly, interpreted in the U.S. and elsewhere as an "anti-Semitic" purge—a ludicrous assumption on the face of it, since the purge was carried out not only against Jews, but BY Jews as well.

The most publicized victim of the purge was the Jewish dictator of Czechoslovakia, Rudolph Slansky, who was accused of Zionist and Trotskyite deviation and hanged. A short time later the Jewish dictator of Roumania, Anna Pauker, was removed from office on similar charges. This was followed by the arrest of the nine Jewish doctors in Moscow shortly before Stalin's death.

Press Report

TEL-AVIV—Israel has recently concluded another trade agreement with Soviet Russia calling for the delivery of approximately 30,000,000 gallons of Russian crude oil. In addition, Israel has already agreed to purchase 45,000,000 gallons of Soviet fuel oil, on which delivery is already in process. Concurrently the Jewish Telegraph Agency (JTA) reports that Communist Poland has signed a one-year trade agreement with Israel calling for the delivery of \$250,000 worth of Communist-produced goods this year.

SAN FRANCISCO—Telford Taylor, one of the top U.S. prosecutors at the infamous Nuremberg "war crimes" trials, has again been retained as counsel by the west-coast Communist labor leader, Harry Bridges. Taylor, who recently made the news with a vicious anti-McCarthy tirade in a speech at the West Point academy, had previously argued Bridges' case before the Supreme Court in a successful move to block the government's attempt to deport Bridges to his native Australia.

PHILADELPHIA—The Jewish Telegraph Agency (JTA) reports that a survey conducted by the Philadelphia Jewish Community Relations Council shows that . . . "nearly 60 per cent of the colleges and professional schools of Pennsylvania still use application forms for student admissions which ask potentially discriminatory questions and request photographs of the applicants" . . . (NOTE: organized Jewry's definition of a "potentially discriminatory" application form is one which contains any query as to an applicant's place of birth, race or religion. And since a photograph would reveal the applicant's race, they class that as "potentially discriminatory" too. . .)

WASHINGTON, D.C.—The House has shelved the Hawaiian statehood bill for this session of Congress, although the issue will undoubtedly be brought up again next year. Objection to Hawaiian statehood centers around the fact that only 68,500 of the Islands' half-million inhabitants are white, and even fewer are of Hawaiian descent. Hawaii is populated mainly by Asiatics of Japanese, Chinese and Filipino origin.

SPECIAL—The following news item, which appeared recently in the Negro magazine, JET, provides a classic example of the type of abuse which law-abiding white citizens in many northern states are being subjected to by the aggressive and trouble-making NAACP. Gloats JET: "Band-leader Lionel Hampton and his wife, Gladys, supporting a Detroit NAACP drive against racial discrimination, led a group of bandmen into the ritzy downtown Bar-X bar and grill and were served only after police were called in. When the Hampton crew walked in, the restaurant staff quit working, with the owner declaring: 'I don't want you guys in here. I'm not going to lose my white trade to make a few dollars from you'. When three police squad cars, two detective teams and a four-man police cruiser answered Hampton's call, a sergeant told the cafe owner: 'Serve them or I'll lock up the place right now'. The owner did" . . .

It was partially as a result of the Party's anti-Zionist campaign, and partially as a result of worldwide Zionist counter-activity, that relations between Israel and Soviet Russia were broken off for a time last year. Since then, however, the tension between Zionists and Communists has eased considerably; diplomatic relations have been resumed and trade agreements between Israel and the various Iron Curtain countries have been negotiated.

Nevertheless, the Communists seem to have continued their policy of weeding Zionists out of the Party apparatus—and in re-

stricting their activities generally—as exemplified by the fact that some 150 Zionists are reported by the Jewish Telegraph Agency (JTA) to be under arrest in Roumania at the present time. This stepped up purge in Roumania at least suggests that Erno Gero's sudden removal from office may be the signal for a renewed anti-Zionist purge in neighboring Hungary as well. . .

CONCLUSION: The significance behind Erno Gero's fall from power remains obscure; he may or may not have been the victim of an anti-Zionist purge. But regardless of his fate, it is important to remember that Commu-

nist Hungary still remains a Jewish dictatorship. Its Communist government is entirely in Jewish hands, as are the governments of Poland, Roumania and Soviet Russia proper. And while it is the policy of the Communist hierarchy to purge those Jews whom they feel have betrayed the Party by adhering to Zionism (i.e. to the state of Israel), this should not be mistaken for "anti-Semitism". The purging of one faction of Jews by another Jewish faction does not, as the American Nationalist has frequently emphasized, constitute "anti-Semitism". . .

Soviet Chess Game

(Continued from Page One)

tions are at a new low. And they might also be curious as to why the U.S. chess team should have been so anxious to engage in friendly competition with their Communist counterparts. Last week the answer to both questions was given in an article in the JEWISH EXAMINER written by Rabbi P. R. Alstat.

Wrote the good Rabbi: "The harshness of the cold war between the communist world and the free democracies seemed to have eased, at least in one place and for a short while. That was in recent days when the chess teams of Soviet Russia and of our own country met in peaceful competition at Hotel Roosevelt in New York City. From this clash over the boards, in which there was extreme nervous tension and yet without hostility, the Russian team emerged victorious. It should be noted, however, that while the members of the two teams were designated, according to their respective political allegiance, either as Russian or American, ethnically they were largely or predominantly Jewish".

SIGNIFICANCE: To invite a Soviet team to this country to play in a friendly tournament is an unheard of affront to the tens of thousands of American families who sacrificed a son in the Korean war against Communism; the very thought is repulsive to every patriotic American. For that reason alone it is obvious that the "American" chess team behaved in an extremely peculiar fashion in inviting the Russian team to New York.

As noted, however, the participants on both sides of the chess tournament were Jews. This fact explains a number of things. It explains first of all why the Soviet government was willing to permit its team to visit the U.S. It also explains why the "American" team was willing to invite their Yiddish competitors over for a cordial little get-together. . .

Anyway, why should New York's Jews feel harshly toward the Communists? They didn't lose any sons in Korea. . .

REDS AND ZIONISTS IN TRIBAL ROW

Truman Committee Says McCarran Act Offensive To Jews

SPECIAL—The Truman appointed "presidential commission" on immigration and naturalization has just filed a report condemning the McCarran-Walter immigration act as "a violation of American ideals". The act, the commission stated, should be "re-written from beginning to end". Head of the commission was Harry N. Rosenfield, former Displaced Persons commissioner, whom Senator McCarran has labeled as a member of several Communist front organizations. It was Rosenfield who juggled immigration regulations in such a way as to permit the entry of tens of thousands of undesirable Jewish DP's right after the war. Rosenfield has been a vigorous promoter of the Genocide pact, and at one time was associated with the UNESCO organization.

Among the specific objections which Rosenfield's "presidential commission" found to the McCarran Act were the provisions which require immigration authorities to

Tax Exempt Foundations Hit For Aiding Reds

WASHINGTON—Recent investigations by a special House Committee headed by the late Representative Cox of Georgia have revealed that many tax-free foundations have been using their funds to aid Communists and Communist causes. H. A. Moe, executive secretary of the \$30,000,000.00 Guggenheim Foundation, freely admitted to House probers that his organization had aided scientists and authors with Communist records. The Committee also heard testimony regarding the appointment of Alger Hiss as president of the giant, multi-million dollar Carnegie Endowment. As a result of its findings the Committee will recommend that all tax-free found-

GERMANS BLACKMAILED

COLOGNE—A Jewish purchasing commission from Israel has arrived in Germany to begin selection of "reparation" merchandise under terms of the agreement signed in The Hague last August. Under the provisions of that agreement the Germans are compelled to pay the government of Israel a total sum of \$822 millions to defray the cost settling Jewish immigrants in Palestine. The "reparation" payments are in addition to the amounts already paid to individual Jewish claimants whose property was confiscated before the war.

Cafe Owner Sued by Negro

SAN FRANCISCO—A white restaurant owner in San Francisco has been sued for \$20,000 by two Negro officials of the Marine Cooks and Stewards Union. The Negroes, Charles Mathis and Joe Johnson, charged the white waitress had waited on white patrons but "ignored" them for 15 minutes. The suit was brought under a California Statute which makes it illegal for any place of public accommodation to refuse service to anyone because of "race or color".

In Fresno, California a similar case involving the Hotel Hughes was settled out of court recently when the hotel's management paid \$300.00 in "damages" to three Negroes who assertedly were refused accommodation last Sept. 13.

Jews Use "Tolerance" Propaganda To Corrupt American Patriotism

SPECIAL—Perhaps the most effective weapon at the disposal of Jewish nationalists in their campaign to negate Christian-American culture and civilization is "tolerance" and "brotherhood" propaganda. Because such propaganda appeals most strongly to the religiously inclined person, and to people of high moral character generally, its effect has been almost overpowering among the better classes of American society. The dream of a universal brotherhood of men is, after all, age-old, and finds expression in the philosophy of every major civilization. The concept of tolerance and amity and brotherhood among men is essentially a noble one. Why, then, the objection to the

"Anti-Semitic Purge" Seen As Row Between Zionists and Communists; Jews In Bitter Family Quarrel

LOS ANGELES—For the third straight month the propaganda campaign to convince Americans that Communism is not a Jewish movement has continued unabated. To accomplish this, Communism is now being represented as "anti-Semitic". Since the Prague purge trial propagandists have overlooked no opportunity to fortify this "anti-Semitic" myth. The scheduled purge of Gerhart Eisler, propaganda chief of Eastern Germany, is represented as but a further manifestation of this anti-Semitism. The arrest of nine Jewish doctors has been headlined as a vast anti-Semitic pogrom in Russia. Quick magazine even carried a story of a Jewish wrestler who lost his title as "Master of Soviet Sport" because of "anti-Semitism". Thus the campaign progresses.

Actually, no one can possibly understand the meaning behind the current anti-Zionist-purge-taking-place-behind-the-Iron-Curtain without some knowledge of the background to the case. In a previous article (Dec. 25th) we told of how Russian Jewry divided into two great movements in the 1880's, following the assassination of Tsar Alexander II. One of these movements was Zionism, dedicated to the establishment of a national state in Palestine. The other was Communism, which came to power in late 1917. The two factions have carried on a bitter internecine struggle. The Zionists have always insisted on paying first allegiance to Israel; the Communists in turn have relentlessly barred Zionist Jews from the Party. The practice of purging Zionists from the Party is certainly nothing new in Soviet Russia . . .

What makes the present situation unique is the world-wide propaganda effort which has attended the latest Zionist-Com-

Negro Rapes Increase As Lynching Decreases

TUSKEGEE—According to a report by Alabama's Tuskegee Institute, not a single Negro was lynched in the United States last year. The report also showed that only eleven Negro criminals have been lynched in the past 10 years.

These facts should be of particular interest to the bleeding heart set, which is forever agitating for "anti-lynch" legislation to protect Negroes against Southern whites.

The statistics released by the Tuskegee Institute are especially significant when compared with the Negro crime rate for the past ten years. The record indicates that Negroes have committed more than 20,000 rapes since 1942. In that same time span Negroes committed an estimated 30,000 murders.

For the calendar year of 1949, alone, FBI statistics revealed that Negroes committed 45.2% of all murders recorded. In that same year they committed 2911 rapes—about 30% of the national total.

In view of these figures, the hanging of eleven Negro criminals within a ten year period certainly does not constitute a national problem. These facts should be brought to light the next time an "anti-lynch" measure is proposed.

WASHINGTON

SENATOR LEHMAN of New York is believed to be the mysterious congressman who recommended David Weintraub and three other loyalty suspects for employment with the UN. A federal grand jury investigating Communism in the UN charged last month that a certain "member of congress" had endorsed subversives applying for UN jobs, but refused to divulge his name. When confronted by newspapermen, Lehman denied any "specific recollection" of the matter but bleated: "It would be a sad state of affairs if public officials refused to recommend individuals in good faith simply because of the possibility that at some future time so-called derogatory information might turn up in regard to them." Just the same, the Jewish senator from New York had better choose his friends a little more carefully.

SENATOR WAYNE MORSE, bleeding heart Republican who now styles himself an "independent", may face a Congressional investigation for his dealings with influence peddler Russel Duke.

SUPREME COURT JUSTICE Tom Clark is also scheduled to appear before a Congressional investigating committee to explain his role in the Kansas City vote frauds in 1946. Clark, who was attorney-general at the time, has been accused of calling off an FBI investigation into the affair, and otherwise interfering with the investigation of the case.

ONE of the truly great members of the House of Representatives is missing from the roll of the 83rd Congress. He is Representative Eugene Cox of Georgia, a staunch supporter of States Rights, an implacable enemy of Communism, and a true Southern patriot. Representative Cox's last duty in Congress was to serve as chairman of the committee which conducted the investigation of tax-free foundations accused of aiding Communist causes (see page 1).

DON'T look to Eisenhower for much help in getting the United States out of the UN. Eisenhower has always been an avowed "one-worlder", and one of his first acts after the election was to visit the United Nations headquarters in New York. Furthermore, his secretary-of-state—Foster Dulles—is an ardent UN supporter. In 1948, while serving as a delegate to the UN, Dulles not only advocated adoption of the so-called "Declaration of Human Rights", but also urged the enactment of legislation to "translate human rights into law".

Hollywood

HOLLYWOOD'S JEWS have ground out another propaganda movie glorifying the chosen race. The latest offering is the musical extravaganza, **THE JAZZ SINGER**. This is the third time **THE JAZZ SINGER** has been made into a movie. The original version featured George Jessel. Al Jolson starred in the second, produced just after sound movies came into vogue. The current production stars Danny Thomas who, incidentally, looks like a Jew but is not . . . The story was originally about a young minstrel singer who returned home during the Yom Kippur celebration to sing Kol Nidre for his expiring father. The present production has been changed somewhat. The story is now about a heroic Jewish war veteran who returns from Korea to take up a stage career. Before becoming a great stage star, however, he goes through a reconciliation with his father which involves a sequence in a synagogue, where a rabbi delivers a stirring sermon and the Kol Nidre is sung by the hero. Several of the scenes, incidentally, were filmed in the Sinai Temple of Los Angeles. **THE JAZZ SINGER** is representative of the blatant type of pro-Yiddish propaganda which our Jewish-controlled entertainment industry has been steadily feeding the American public ever since the turn of the century. The idea is to popularize Jewishness and Jewish ways . . . Director of the film is the Hungarian Jew, Michael Curtiz.

BEETSY WYNN, wife of Jewish film star Keenan Wynn, obtained a much publicized Mexican divorce this month, but failed to go through with her announced wedding to Dan Dailey. The wedding was called off "by mutual agreement". By the way, another one of Keenan Wynn's former wives is now married to Van Johnson.

THE FILM COLONY this month celebrated Adolph Zukor's 50th year in show business with a gala affair at Hollywood's Palladium ballroom attended by more than 1000 notables. Zukor, a Hungarian Jew, is the founder and present board chairman of Paramount Pictures.

BENNAY VENUTA, former wife of Armand Deutsche, will marry character actor Fred Clark on February 15th. The wedding is to take place in the home of songwriter Frank Loesser. They're all Jews.

HEARST'S AMERICAN WEEKLY ran a story this month on the comedy team of Burns & Allen. The article stressed the Irish theme throughout, giving the impression they are "Irishers". Burns is a Jew whose real name is Birnbaum. His television show is notable for the almost complete absence of gentle supporting actors. Irish my eye!

CURRENTLY POPULAR AT THE BOX OFFICE: **APRIL IN PARIS**, starring Ray Bolger and Doris Day. Doris Day is married to the Jew, Marty Melcher . . . **HANS CHRISTIAN ANDERSON**, starring Danny Kaye and Farley Granger, both Jews . . . **ABOVE AND BEYOND**, with Robert Taylor and Eleanor Parker (Friedlob) . . . **THE STAR**, produced by Bert Friedlob and starring Jewish Bette Davis . . . **OUTPOST IN MALAYA**, starring Claudette Colbert (Pressman) . . . **I DON'T CARE GIRL**, with Mitzi Gaynor and the Jew, Oscar Levant . . . **THE BAD AND THE BEAUTIFUL**, starring Lana Turner and Jewish Kirk Douglas . . . **THE IRON MISTRESS**, with Virginia Mayo and Alan Ladd (married to the Jewess, Sue Carol).

McCarran Act

Continued from Page 1

make a personal investigation of each applicant for naturalization in the neighborhood in which he resides. The committee objected to this requirement because of the possibility that "anti-Semites" might give prejudicial information about the applicant.

Another of the committee's objections to the McCarran Act is cited by Milton Friedman in his syndicated column in the California Jewish Voice. Wailed Friedman: "Another provision of the Act has emerged as a potential danger to Jewish refugees and others admitted as victims of Nazi persecution. Those refugees who have suffered mental breakdowns and become public charges in the last five years must be deported unless they can establish that their mental illness was not the result of a condition which existed prior to entry. Many Jews tortured by the Nazis in concentration camps subsequently entered the United States and, as a

result of their harrowing experiences, required treatment in our mental hospitals. These unfortunates would be deported although the act provides for the admission to the U.S. of the Nazis who tortured them."

SIGNIFICANCE: Ever since the Roosevelt administration came to power in 1933, Jewish immigrants have been pouring into the country in vast numbers. In 1939, for example, 52.35% of ALL immigrants admitted were Jews. In 1940 the percentage of Jewish immigrants was 52.21%. After 1943 Roosevelt ordered official Jewish immigration statistics suppressed, but it is known that at least 30% of all DP's admitted after the war were Jews. Large numbers of these Jews were undesirables who could not ordinarily qualify for entrance into ANY country. Among these were criminals of every description, sex perverts, homosexuals, Communists, and persons suffering from physical and mental diseases. The McCarran Act excludes such scum from immigration quotas and provides for the deportation of those already here who have become public charges.

✓ **The U.N.** has appropriated \$429,000.00 for the purchase of special U.N. medals to be awarded troops now fighting in Korea.

✓ **David Weintraub**, who resigned from his plushy (\$12,600 annually, tax free) job in the U.N. early this month, is a Russian Jew who obtained his citizenship papers in 1926. He had been mentioned in 43 separate FBI reports as a bad security risk. Incidentally, U.S. News & World Report has estimated that more than 100 reds have quietly resigned from the U.N. during the past year.

✓ **A move is now under way** to screen the entire contingent of Americans employed by the U.N. The loyalty check will be conducted by the FBI. About 375 American members of the Secretariat are involved, plus approximately 2700 lesser employees, including some 1100 employed outside the U.S.

✓ **The Jew-infested United Nations** has been, from its inception in 1945, primarily a vehicle for advancing the interests of world government under the banner of Soviet Russia. It has been shown repeatedly that a majority of the U.N.'s secretariat is pro-Communist, and that more than half of the American 'quota' in the secretariat is red. These facts were not widely known, however, until the McCarran Committee began digging into the situation several months ago.

Last month the McCarran Committee performed another notable service to the American people by publishing a list of 38 red employees retained by the U.N. even after the State Department had turned in adverse reports on them. Although the Committee did not indicate the racial origin of the suspects, a look at the roster showed the majority to be, without doubt, Jewish. Those named by the Committee were: David Weintraub, Henry S. Bloch, Abraham Nadel, Anna Rubinstein, Lena Spiegel (Abrams), Avelyn Thaler (Stern), Irving Kaplan, H. S. Schimmel, Eugene Walach, Ursula Wasserman, Marjorie Zap, Irene Pogorelsky, William Pogorelsky, Rhoda Rastoff, David Zablodowsky, Leo M. Drodzoff, Victor Yak-hontoff, Alfreda Abell, B. Alper, S. I. Russian Jews Favored by RCA Victor

It goes almost without saying that whoever controls American culture also controls, in the last analysis, the thoughts and habits of the American people. Certainly no medium of cultural expression is better able to influence the public mind, and especially the mind of American youth, than that of music. Unfortunately, a substantial portion of the American musical industry has fallen into alien, anti-Christian hands.

In recent years American music has to an increasing degree fallen under Jewish domination, not because of any particular Jewish talent for music, but because Jewish business men have been able to seize control of the chief commercial outlets for music.

The recording companies are a case in point. It is a well known fact that the major recording companies can either make or break musical artists almost at will. If a major recording company decides to push the recordings of a given musical artist, he is almost certainly a candidate for fame and fortune. On the other hand if the recording companies choose to ignore a musician, he remains in comparative obscurity and poverty regardless of his talents. These facts are well known throughout the musical world and the ambition of every aspiring musician is to attract the favorable notice of the recording companies.

It is a shameful fact that the Jewish owners of America's recording industry have used their position in the musical world to virtually freeze out gentile American musicians. If this is difficult to believe, consider the case of the Jew-owned RCA Victor Recording Company. RCA Victor is a subsidiary of the giant Radio Corporation of America, whose head is the Russian Jew, David Sarnoff. The giant Radio Corporation of America, in addition to its RCA Victor holdings, also owns the National Broadcasting Company (NBC), and through its manufacturing and licensing facilities controls a substantial portion of America's radio-TV manufacturing field. Furthermore, RCA's David Sarnoff was until a short time ago the president of the Metropolitan Opera Association. Beyond a doubt the Jew-owned Radio Corporation of America exerts a commanding influence on the American musical world.

What proof is there to substantiate the claim that RCA Victor discriminates against gentile-Americans in favor of Jewish musicians? First off, let us take a fancy 76 page booklet published last year by RCA Victor entitled: WORDS AND MUSIC. The title page of this booklet reads: "The World's Greatest Artists are on RCA Victor Records".

Listed in the preface are the names of the famous musical artists for whom RCA Victor records. The most outstanding of these, thirty-six in all, receive a

Last year RCA Victor published a booklet entitled "Words and Music" in which it featured thirty-six musical artists whom it styled "The World's Greatest Artists". Each musician received a two-page write-up, complete with photograph. Of the thirty-six musicians featured by RCA Victor, seventeen are Jews, and only eight are white gentile Americans. Pictured above are all but one of the seven-

teen Jews, only two of whom are American-born. full page picture, opposite of which is another full page of commentary by a well known musical critic. Altogether, 72 pages are devoted to these 36 musical artists.

Now let us examine RCA's selection of what it calls "The world's greatest artists". Of these thirty-six famous musicians rating a two page spread in the catalogue, SEVENTEEN are known to be Jews. One is a Negress, ten are European, and only eight can pass as white gentile Americans. Note the ratio: eight gentile Americans, seventeen Jews—that is the proportion in RCA's catalogue.

Now it should be obvious to even the most casual observer that something is radically wrong with this picture. The last census estimate placed the white gentile population of the United States at about 130 millions, and the Jewish population (from official Jewish sources) at about six million, with Negroes accounting for the remainder of our population. It is absolutely unreasonable that the Jews, who constitute a tiny minority of our numbers, should dominate American music to the extent indicated by the RCA Victor book. Yet that is the picture which emerges.

RCA's booklet, WORDS AND MUSIC, also lists a large number of musical artists by musical categories, such as conductors, pian-

ists, violin soloists, etc. For example, twenty-three conductors are listed. Of these twenty-three, THIRTEEN are known to be Jews,

RCA Victor is controlled by David Sarnoff, who entered this country as a Russian-Jewish alien. Instead of showing his appreciation for the country which made him a millionaire many times over, he has used his position to promote the careers of other Jews in preference to gentile American musical artists.

The thirteen Jewish conductors listed by RCA Victor are: Leonard Bernstein, Arthur Fiedler, Vladimir Golschmann, Serge Koussevitzky (dies.), Erich Leinsdorf, Pierre Monteux, Eugene Ormandy, Artur Rodzinski, Sigmund Romberg, Fabien Sevitzky, Wm. Steinberg, Igor Stravinsky, Frieder Weissmann. (Also listed is Arturo Toscanini, supposedly an Italian, but whose daughter is married to the Jew, Vladimir Horowitz.)

and only one is clearly a white gentile American. The remainder are European. Note the ratio again: one gentile American, thirteen Jews. These facts indicate that the Jew-owned RCA Victor Company without question discriminates against Christian musicians in favor of Jews.

To clinch the argument, take two other examples from RCA's booklet. A total of nineteen Pianists and Harpsichordists are listed, at least 12 of whom are Jewish. None, so far as can be determined, are gentile Americans. In this instance the ratio is twelve to nothing in favor of Jewish musicians over Americans.

In the case of violin soloists, RCA lists five famous recording artists. Of these five highly paid violinists, whose incomes all ex-

ceed \$100,000.00 annually, not a single one is a Christian American. Every last one is a foreign-born Jew.

ceeded \$100,000.00 annually, not a single one is a Christian American. Every last one is a foreign-born Jew.

How to account for these lopsided ratios? Are Christian Americans completely lacking in musical talent? On the other hand, is the Jewish race so endowed with musical talent that gentiles cannot compete with them? The answer is, of course, that success in the musical world is not contingent so much on talent (although some is required) as on opportunity. In the parlance of the musical and acting professions this is known as "getting the breaks".

Today there are many, many famous actors and musical artists who existed in absolute poverty and oblivion until they got their "break". Similarly, there are vast numbers of talented musical artists and actors who are today obscure, and who in all probability will remain so, for the lack of opportunity.

Every musician knows it is those who get the "break" who go to the top; talent is necessary, yes, but secondary. And so long as Jewish merchants control our musical markets, then so long will Jew musicians continue to get the "breaks". That is why the majority of the Jew-owned RCA Victor's musical recording artists are Jewish, and that is why Jews dominate American music today.

Tolerance Propaganda

Continued from Page 1

current "tolerance" campaign being waged by American Jewry?

To begin with, the present campaign might be compared to the pre-war agitation for international disarmament, which also appealed strongly to people with high moral convictions. The ideal of international disarmament is also a fine one, and few will oppose it on principle alone.

It should be kept in mind, however, that no scheme for universal disarmament will work unless EVERY nation is willing to disarm. It is sheer criminal folly for any single nation to disarm while other nations are actually in the process of rearming.

This brings us to the question of racial "tolerance" as it is being preached today. Because racial tolerance, like disarmament, is something which EVERYBODY must practice if it is to work at all. And as with disarmament, it is futile for one group to attempt it while others follow the opposite course.

Today, Americans are being systematically taught to discard the concept of race and nationalism altogether. Through the medium of "tolerance" propaganda they are being taught that the concept of race is not only "unscientific", but actually un-American. They are taught to dispense patriotism as a form of narrow nationalism. They are taught to respect the internationalist viewpoint, and to abhor "isolationism". They are taught to be liberal . . . tolerant . . . uncritical of other races, religions, and peoples . . .

Now all this would be well and fine, except for one thing. While Americans are being taught to discard their pride and awareness of race, nationality, and religion, Jews are adhering to a different philosophy. Today American Jewry is infected with the most rabid type of nationalism imaginable. While we teach our children to discard the concept of race, they instill their own offspring with the most extreme form of racism known: long before the Christian child is aware of such things, the Jewish child is taught that he is of the "chosen race", and that his neighbors and countrymen are his persecutors. Jewish children are taught racism from the very cradle.

Since the establishment of the state of Israel, American Jewry has combined the quality of extreme racism with that of rabid nationalism. Throughout America the flag of Israel is prominently displayed in Jewish parochial schools, and Jewish children customarily sing the HATIKVAH, Israel's national anthem, at the beginning of their lessons. Today this combination of theology, nationalism, and racism binds Ameri-

Press Report

NEW YORK—The Brooklyn Jewish Examiner reports that Jewish immigrants are still migrating from Iron Curtain countries to Israel despite the current Zionist-Communist squabble. Under a Sofia dateline the Examiner said: "In spite of the anti-Zionist trials in Czechoslovakia and rumors of further trials in Rumania and Poland, the Israeli consul here reports that Bulgarian authorities are ready to permit Jewish immigration to Israel . . . A dispatch from Moscow in the New York Times reported that the Soviet newspaper Pravda angrily denied that anti-Zionism is equivalent to anti-Semitism or that Soviet Jews are under attack. It stated that Russian Synagogues are operating unmolested and that there are still many Jews holding prominent positions in Soviet public affairs."

WASHINGTON, D.C.—Negroes are quietly moving into clerical and professional positions in Washington's municipal government for the first time in history. The new policy of taking Negroes into previously all white governmental offices has been initiated by the District's personnel officer, Henry F. Hubbard, who has announced a policy of accepting employees "regardless of race or color".

BALTIMORE—A grand jury in Richmond, Virginia has indicted Jerome M. Greenberg, former government physicist, for perjury after Greenberg, a Communist, had denied under oath that he had any Communist affiliations. He was arrested in Baltimore by agents of the Federal Bureau of Investigation.

WASHINGTON—The Department of Justice has ordered all aliens now residing in the U.S. to notify the government of their present address before the end of January. The registration requirement is contained in the McCarran-Walters Act, which went into effect December 24th.

LOS ANGELES—The National Association for the Advancement of Colored People (NAACP) will make an all-out attempt to push an FEPC measure through the California legislature in 1953. A state-wide conference will be held in San Francisco in February to map out the campaign. Already scheduled is a two day "Civil Rights Mobilization" to be held in Sacramento March 22-23.

SAN FRANCISCO—Three of the four Negro youths accused of kidnapping and raping a 16 year-old socially prominent Oakland school girl have been apprehended by Oakland police, and the fourth is being held by police authorities in Arkansas, where he fled after the attack. As in many such cases, the victim's family has preferred to have the rape charges dropped rather than have the girl undergo the ordeal of slander and abuse which invariably accompany such trials in the more "enlightened" states. The four Negroes have been charged with one count of kidnapping and two counts of robbery. Bail has been set at \$35,000.00.

can Jewry into a fanatical minority which is intent not only on preserving its own identity, but in destroying ours.

SIGNIFICANCE: Americans are under no more obligation to permit Jews to spread "tolerance" propaganda in their midst than they are under obligation to permit Soviet Russia to spread pacifism here. Basically, the same principle is involved. Just as it is criminal folly for us to disarm while an enemy re-arms, so also is it criminal folly for us to discard the concept of race and nationality while Jews fortify their own sense of racial solidarity.

Tax Exempt Foundations

Continued from Page 1

dations make annual reports of their finances to qualify for tax-exemption privileges.

NOTE: While these foundations were underwriting Communist projects with tax-exempt funds, the treasury department denied tax exemption privileges to the anti-Communist JUDGE ARMSTRONG FOUNDATION which was formed for the specific purpose of combatting Communism. The treasury department's tactic of levying penalty taxes on anti-Communist institutions is a matter which should be taken up the new Congress.

Anti-Semitic Purge

Continued from Page 1

munist squabble. At no time in recent Jewish history has there been so much bitterness in evidence on both sides. The Communist press has gone all-out in its denunciation of "Zionism" and "bourgeois nationalism". On the other hand Zionist Jews have bitterly accused their red compatriots of being "former Jews" and —of all things—"anti-Semites."

Americans should observe, however, that this is still a fight between Jews. The purges going on at the moment are anti-Zionist in nature, not anti-Semitic. This is carefully explained in the latest (January) issue of JEWISH LIFE. Said JEWISH LIFE: "...Zionism is an ideology that is held by some Jews—and, it must be emphasized, opposed for a variety of reasons by many others, including certain Jewish religious groups, thousands of Israeli citizens and even by bourgeois assimilationists among wealthy Jews all over the world (for instance, the American Jewish Committee) and also by communists. Hence, it is simply untrue to equate anti-Zionism with anti-Semitism, for what anti-Zionism opposes is an ideology and not Jews as such. To hold otherwise is to assert something as absurd as, 'anti-Republicanism is anti-Americanism' or 'to be anti-Tory is to be anti-British' . . ."

Consider the following facts:

(1) The Czech minister of justice, by whose department the trial of the Slansky group was held, is a Jew called Stefan Reitz . . . The head of the Czech U.N. delegation at the current General Assembly session is Dr. Gertruda Sekaninova-Carkrtova—a Jew . . .

(2) Three Jews were elected to the central committee of the Communist Party of the Soviet Union at the XIX Congress in October 1952—L. M. Kaganovitch, L. Mekhlis, and D. J. Rayzer . . .

(3) At the Polish elections this fall, the third name on the list of candidates was Yakub Berman, a Jew. Following the elections, one of the men appointed vice-premier of Poland was Hilary Minc—a Jew. Minc is also head of the State Commission for Economic Planning . . . Katz-Suchy—a Jew . . . is Polish U.N. delegate at the current session . . .

(4) In Rumania, successor to the discredited Ana Pauker as foreign minister is Bugitch—a Jew.

(5) The President of Hungary is Matyas Rakosi—a Jew. Consider: Jews occupy some of the highest and most important positions in the socialist countries. What anti-Semitic government has ever placed Jews in the highest posts?

I may have a very twisted mind but this looks to me as if some Communist had got hold of somebody crazy who was anti-Semitic and were encouraging them to put out this stuff to make people hate America.

"My reasons for thinking this are three:-

"(1) It seems odd that this anti-Semitic paper should start just when Russia is in the firing line for being anti-Semitic.

"(2) These people point out in a very odd way that the Russians are not so much anti-Semitic as anti-Zionist, which is the Russian line.

"(3) The whole thing gives me a queer feeling like some bogus anti-Semitic stuff that was poured out from Scandinavia just at the end of the War, which represented itself as being done by white Russians and ex-Nazis and was cooked up by the Soviet.

JEW RACE-MIXER GETS KEY OFFICE

Jew Heads Up Yugo Parliament In New Commie Shakeup

BELGRADE—Last month the United Press (UP) reported that the Jewish revolutionist, Mosa Pijade, had been elected president of the Yugoslav Parliament. He succeeds vice-president Milovan Djilas to the position—Djilas having been purged for criticizing the wives of other high ranking Communist functionaries as snobs. Pijade, although not identified as a Jew, was described in the UP report (Jan. 28) as "the grand old man of the Yugoslav Communist Party".

Mosa Pijade is believed by some to be the real power behind the Tito regime. The Jew-loving "lib-

eral", John (Inside) Gunther once described him as Tito's "mentor". "Whatever ideological structure Tito may have", wrote Gunther, "he got from this shrewd old man". ("Behind the Iron Curtain")

Substantiating Gunther's portrayal of Pijade as Tito's teacher, and giving further insight into his true role in Yugoslavia, is the following description of Pijade which appeared in the Feb. 8th ('54) issue of TIME:

"He joined the Communist Party in 1920, founded the newspaper BORBA, which remains the mouth-

Gallup Poll Shows Majority of Gentiles Favor McCarthy

Following statistics based on most recent Gallup Poll

	APPROVE McCARTHY	DISAPPROVE McCARTHY
Catholic.....	72%	28%
Protestants.....	64%	36%
Jews.....	17%	83%

But Jews Oppose McCarthy by 4 to 1 Ratio

The above statistics are based on the latest Gallup Poll, the results of which were announced last month. The percentage shown here apply to the 80 million adult Americans who hold an opinion regarding Senator McCarthy, either pro or con.

As these statistics plainly show, American Jewry is almost unanimously opposed to Senator McCarthy. Virtually four out of five of those Jews expressing an opinion evinced hostility toward the Senator from Wisconsin. By contrast, almost two-thirds of the Gentiles who expressed an opinion on the subject APPROVED of Sen. McCarthy.

Gallup Poll Indicates Gentiles Favor McCarthy; Jews Oppose Him

SPECIAL—Nationalist writers and editors have long maintained that much of the hysterical opposition to Senator McCarthy—both here and abroad—is generated by organized Jewry. The Nationalist viewpoint has also been that the Christian population favors McCarthy by a substantial majority, whereas organized Jewry is almost unanimously antagonistic to everything he stands for.

Last month this premise was verified beautifully when the Gallup Poll released the results of its latest public opinion poll on McCarthy. The poll showed that of the 80 million Americans with an opinion on the subject*, approximately 50 million favor McCarthy. The poll also revealed the astounding fact that 83% of the Jews in the opinion group were OPPOSED to McCarthy.

Among those with an opinion, Catholics showed the greatest preference for McCarthy, with 72% expressing a favorable reaction. Protestants were a close second, with 64% favoring McCarthy. But in sharp contrast to the Christian majority, only 17% of the Jews approved the Wisconsin Senator.

The poll pointed up another interesting fact calculated to create a new wave of hysteria among the McCarthy haters. It showed that the

Soviet Permits 300,000 Zionist Jews To Emigrate To Palestine

SPECIAL—It isn't too widely known outside of Jewish circles, but a recent population survey published by the U.S. Department of Commerce* reveals that Communist Russia has permitted more than 300,000 Zionist Jews to emigrate to Israel since 1948. The bulk of this immigration (298,000) occurred between May of 1948 and September of 1951.

A breakdown of Israel's immigration statistics shows that practically all the Iron Curtain immigrants came from the Communist satellite nations, with only about 8,000 coming from Russia proper. Communist Roumania, which during the 1948-51 period was under the dictatorship of the Jewess, Anna Pauker, supplied the largest number of Zionists

Officer of Jewish Congress Becomes Solicitor-General

WASHINGTON—Our venal press has played the matter down, but Eisenhower made an extremely significant move last month when he appointed a Russian Jew to the second highest legal office in the United States. Recipient of the honor was Simon Sobeloff, whose appointment as Solicitor General of the United States makes him, next to Attorney General Brownell, the highest legal official in the land. Sobeloff, incidentally, "succeeds" another Jew, Philip Perlman, to the position.

Sobeloff's appointment is generally regarded as a political pay-

To appreciate the significance of the Sobeloff appointment, it must be remembered that the function of the Solicitor General is to represent the Justice Department in its important cases before the Supreme Court. This means that when important civil rights issues are brought before the Court, Mr.

THE DECISION of the new administration to promote Chas. A. Lindbergh to the rank of Brigadier General is especially ironic, since he was not even permitted to wear an American uniform during World War II. Lindbergh's military career was ruined when he made his famed "anti-Semitic" speech in Des Moines on Sept. 11, 1941 in which he stated: "The three most important groups which have been pressing this country toward war are the British, the Jews and the Roosevelt administration . . . The greatest danger to this country from the Jews lies in their large ownership and influence in our motion pictures, our press, our radio and our government."

"ADMIRAL" Hyman Rickover, a pushing, conniving little Russian Jew who maneuvered himself into control of the Navy's atomic submarine program before anyone knew what was happening, is the hero of a new book just off the press entitled: "The Atomic Submarine and Admiral Rickover". Purpose of the book is to portray "admiral" Rickover as an abused genius—as the "Billy Mitchell of the Atomic Age", so to speak. Incidentally, Eisenhower has asked the Senate to make "admiral" Rickover's rank permanent.

LEON KEYSERLING, the Jew who headed the "President's Council of Economic Advisors" under Truman, has been replaced by A. F. Burns, a Polish-born Jew. It was "Burns" (a registered Democrat) who prepared Eisenhower's economic report to Congress last month.

immigrants—114,000 in all.

The second largest source was Communist Poland, which supplied 106,000 Zionist immigrants during the period in question. Communist Czechoslovakia was the point of origin for some 19,000 Zionists while Communist Hungary (under the dictatorship of the bloody Jew, Matyas Rakosi) gave up 14,000 more. When these statistics are totaled they show that almost half of Israel's post-war immigration came from behind the Iron Curtain.

The real flood-tide of immigration into Israel began in July of 1948—two months after the establishment of the Jewish state. From an average of about 2,000 a month, Israel's immigration suddenly jumped to around 18,000 monthly in July, and this rate was maintained for something like thirty-six months. The flow of immigrants from the Communist satel-

EDWARD G. ROBINSON (Goldenberg), whose publicity agents make much of the "clearance" he supposedly received from the Un-American Activities Committee a year or so ago, is back in the news again. Seems that one of the Committee's investigators, Louis Russell, "borrowed" \$300 from Robinson for "medical expenses" at about the same time the latter was receiving the so-called "clearance". "Robinson", as you will recall, has a long record of Communist-front affiliations.

OF THE FIVE FILMS nominated for an "Oscar" award by the Academy of Motion Pictures Arts and Sciences this year, four were produced by Jew-owned picture companies, as follows: FROM HERE TO ETERNITY (produced by Columbia, Harry Cohn, pres.), ROMAN HOLIDAY (produced by Paramount, Barney Balaban, pres.), JULIUS CAESAR produced by MGM, subsidiary of Nicholas Schenck's Loew's Inc.), SHANE (produced by Paramount).

TWO OF HOLLYWOOD'S most prominent movie moguls were recently honored by their Jewish compatriots. They were: Dore Schary, executive producer of M.G.M., named "Man of the Year" by the Beverly Hills B'nai B'rith; and Steve Broidy, president of Monogram Pictures, who was re-elected president of Hollywood's Temple Israel.

NEGROES, especially Negro musicians, are the rage in Hollywood these days. Best index of this is the entertainment fare provided by Ciro's, famous as a gathering place for Hollywood's elite. During the past few months the spotlight there has been held almost continuously by a veritable parade of Negroid entertainers, including such "notables" as Pearl Bailey, Eartha Kitt, Billy Daniels, Nat (King) Cole, Sammy Davis and others. Some of these Negroes, like Daniels and Bailey, are married to whites. Others have white lovers. Virtually all rub elbows (and sometimes hold hands) with Hollywood's biggest names (see cut). lite countries amounted to 45.5% of this, or about 8,000 monthly. Significantly, some of the immigrants from behind the Iron Curtain were transported to Israel on Soviet ships, or in vessels furnished by the Communist satellite nations. Others were flown in from points behind the Iron Curtain by airlift. Many made their way in transportation provided by international Jewish organizations, or by the Israeli government.

With customary zeal, Zionist propagandists in this country have attempted to convince Americans that these migrations from the Soviet orbit represent another Jewish "persecution". As a result many Americans have been flimflammed into believing these Iron Curtain Jews are genuine refugees from Communism.

The inconsistency of this argument, however, lies in the fact that bona fide refugees from Communism are never permitted to emigrate; nor is there any record of the Soviet government ever having provided visas and transportation to those fleeing Communist

rule. Of the many millions of desperate souls imprisoned behind the Iron Curtain—in Hungary, Roumania, Poland, Czechoslovakia, Soviet Russia and elsewhere—only a pitiful handful have ever managed to escape, and then only by taking terrible risks. It is therefore an idiotic farce to argue that the 300,000 Iron Curtain Jews emigrated to Israel to escape Communist "persecution"; the very fact that they were allowed to emigrate in the first place is irrefutable evidence that their race enjoys a very special status in the Communist world.

Why, then, did they choose to emigrate in the first place? Here again we are faced with a seeming anomaly which has befuddled and confused the thinking of countless students of the Jewish question. To many it is incomprehensible that Jews by the hundreds of thousands should choose to emigrate from the Communist satellite countries when it is a proven fact that the Communist bureaucracy in all those countries, and in So-

Censorship Ban Off Integration Story

SPECIAL—This month the American public began getting the sickening details about the race-mixing "integration" program which Harry Truman foisted on the Armed Services more than five years ago; details which our venal "free press" has suppressed till now. Last week two of the nation's top weekly news magazines, *TIME* and *U.S. NEWS & WORLD REPORT*, simultaneously reported the story for the first time. Both described in carefully worded articles (with pictures) the "progress" achieved under the infamous Truman integration directive of 1948. And although neither bothered to explain why the story had been censored for the past five years, both were careful to let their readers know that the program is (1) a "success", and (2) an accomplished fact.

"The veteran of World War II", enthused *U.S. NEWS & WORLD REPORT*, "would stand amazed at the change that has occurred in the years just past. Walk into any Army post today. You see Negro and white soldiers marching together, often with Negro officers shouting the orders. Enter the post commander's office, and you are likely to be greeted by a Negro executive officer. In the mess hall, both races eat at the same table. Mixing has even entered the Army's bedrooms—the barracks. A white boy sleeps on one cot, a Negro on the next. The races mingle at the post dances, swim in the same pool, get their hair cut by the same barber..."

"Some problems remain... Post dances produce occasional outbursts when a Negro attempts to dance with a white girl... But these problems are largely social... Segregation of troops, as a policy, is ended..."

The *TIME* write-up repeated much the same story, although it approached the subject in a slightly different manner. *TIME* made much of the virtues of the Negro soldier and claimed that although some white servicemen objected to

Alvin Spingarn, Jewish President of the N.A.A.C.P.

The infamous "integration" program, which has resulted in the forced mongrelization of our Armed Forces, is but part of the "silent revolution" in race relations which has been pushed on an unsuspecting American public within recent years. Back of this "silent revolution" is the powerful,

the integration program, "everyone accepted it". (*TIME* didn't mention, however, that the penalty for NOT accepting it is court martial.)

Although *TIME* and *U.S. NEWS & WORLD REPORT* were both enthusiastic over the integration program, neither told of the ruinous and devastating effect it has had on the morale and spirit of our fighting men. They don't dare to, because the fact is that the Armed Forces are facing a man-

power crisis. Already our military establishment is losing its best fighting men at an alarming rate. Non-commissioned officers are refusing to re-enlist when their terms are up. Officers are quitting. Good men are refusing to join up. The unvarnished truth is that although white servicemen can be compelled, under military discipline, to mingle intimately with Negroes and take orders from them, they cannot be compelled to like it, and they are showing

trouble-making National Association for the Advancement of Colored People (NAACP), which is headed by the Jew, Alvin Spingarn. The Jew-controlled NAACP regards the "integration" program as its greatest single victory, surpassing even the school segregation issue in importance.

last year. Because most of the defendants were Jews (which is not remarkable, since practically all high ranking Communist officials are Jewish) and because the defendants were charged with being "Zionists" and "Jewish nationalists," most Gentiles felt that Russia was indeed in the throes of an anti-Semitic purge.

This misconception is again attributable solely to the fact that the Gentile has never been trained to make a distinction between Zionist Jews and non-Zionist Jews. In other words, to the Gentile mind the term, "Jew" and "Zionist" usually mean the same thing, hence, "anti-Zionism" and "anti-Semitism" also mean the same thing.

Obviously, however, this concept breaks down entirely when we come to the relationship between Communists and Zionists, because here we are dealing with two Jewish factions. It is therefore manifestly absurd to accuse either faction of "anti-Semitism." After all, who ever heard of an "anti-Semi-

it by leaving military service in droves.

The situation is so acute that the president has already appointed a special commission (the Womble Commission)* to look into the matter. Ironically, an account of the Womble Commission's findings was carried in the March issue of *READER'S DIGEST*, which hit the newsstands the same week as did the *TIME* and *U.S. NEWS & WORLD REPORT* issues described above. Title of the article is, "Something is Wrong With the Regulars." It reveals the dismaying fact that whereas 60% of all experienced military personnel re-enlisted prior to World War II, only 6% are currently re-enlisting—a shattering disclosure.

"In brief", declares the *DIGEST* article, "the armed services no longer offer challenging and satisfying careers. The result, if the trend continues, will be a triumph of mediocrity and a sharp decline in morale. Indeed, service morale today—the Marines excepted—can only be described as negative..."

The article attributes much of this to poor pay, an unsatisfactory replacement system and inadequate "fringe benefits", but the argument is hollow. The fact is, the armed services are better paid and provided for than at almost any time in history, and the replacement system is no worse than it has ever been.

The obvious explanation for the sudden loss of interest in a military career can be traced to the fact that no self-respecting white serviceman will willingly submit to the shameful indignities imposed by the "integration" program. The very fact that 94% of our most experienced and valuable professional soldiers are refusing to re-enlist is prima facie evidence that the "integration" program is in reality a program of unspeakable tyranny. It should be ended at once!

*The Marines have only 10 Negro officers, as compared to 1100 in the Air Force and 4000 in the Army. This undoubtedly explains why Marine morale is still good.

viet Russia proper, is dominated by Jews. Seemingly, the situation defies explanation...

As the *AMERICAN NATIONALIST* has frequently pointed out, however, there is a very simple explanation for these apparent inconsistencies, and as a matter of fact it is virtually impossible to understand the present Zionist-Communist question unless this explanation is taken into consideration.

First off, it is important to remember that the terms, "Zionist" and "Jew" are not necessarily synonymous, although many Nationalist writers ignore the distinction. A Zionist may be defined as one whose prime allegiance is to the state of Israel. But many Jews—and especially the Communist Jews—do not render their first loyalty to Israel, and are not, therefore,

Zionists.

Once this distinction between Marxist Jews and Zionist Jews is recognized, many of the confusing events since the Russian Revolution fall into proper perspective. For example, numerous scholars have remarked upon the fact that, following the Bolshevik Revolution, the Communists established an autonomous Jewish Soviet in Birobidjan. Very few, however, have bothered to explain the apparent contradiction; namely, why it was necessary to set up a special Jewish agricultural "republic" in Russia at a time when Jews were occupying virtually every important position in the new Soviet regime. The explanation, of course, lies in the fact that the Jewish colony of Birobidjan was established to accommodate recalcitrant ZIONIST Jews.

There is still another situation to which this concept of duality can be applied. That is the so-called "anti-Semitic" purge which rocked the Communist world early

tic" Jew?...

CONCLUSION: It is impossible to understand or interpret modern day Jewish affairs unless a proper distinction is made between Marxist Jews, whose allegiance is to Moscow, and Zionist Jews, whose allegiance is to Israel. But while it is vitally important to recognize Communism and Zionism as competitive Jewish movements, it is also important to remember that the rivalry between them is strictly a tribal matter. Just as in the sphere of religion Jewry is divided into the Orthodox and Reform movements, so in politics they are divided as Zionists and Communists. The point to remember is that they are still Jews.

They may, and frequently do, differ bitterly among themselves on questions pertaining to both religion and politics, but they are still united against the rest of the world—they still cling together. That, in essence, is why the Jew-ridden Soviet government allowed 298,000 Zionists to emigrate to Israel between 1948 and 1951.

Mosa Pijade

piece of Yugoslav Communism today. Most of the years between World Wars I and II he spent in jail, continuing there to plot, teach and organize (Tito was one of his pupils). Mosa Pijade was on Tito's military staff in the struggle against Hitler, was elected a Politburo member last year, and is considered to be Yugoslav Communism's finest orator.

TIME failed to mention the racial identity of Pijade, and there are those who will accuse us of one-track thinking because we insist on bringing it out. And admittedly, the racial identity of Mosa Pijade would not be especially significant if taken as an isolated case. But when considered in proper perspective, with due emphasis being given to the historical background of the Communist movement, the racial identity of Pijade and the others who comprise the Communist leadership becomes extremely significant.

To illustrate this, let us survey the total picture of Communism in Europe immediately preceding 1920—which was the year Mosa Pijade founded the Yugoslav Communist Party organ, BORBA.

RUSSIA

In October of 1917, only three years before the establishment of BORBA, the Bolshevik Revolution occurred in Russia. With the exception of Lenin (who was married to the Jewess, Krupsakaya) all the important figures in the October Revolution were Jewish—Zinoviev, Kamenev, Trotsky and Sverdlov being the most important.

THIRD INTERNATIONAL

In 1919, following the termination of World War I, the Jewish-led Soviet regime created the Third International for the avowed purpose of promoting Communist revolts throughout the world. To head the Third International they chose the Jew, Zinoviev (who served as its president until 1926). A virtual rash of Jewish-led Communist revolutions occurred before the year was out.

GERMANY

In January of 1919 the Jewess, Rosa Luxemburg launched an abortive Communist revolution in Germany with her "Spartacus Bund". After bloody street fighting the revolt was put down and Rosa Luxemburg was executed for the attempt.

HUNGARY

In the same year (1919) another Jew by the name of Bela Kun established a Communist newspaper—VORUS UJSAY—in neighboring Hungary. With the aid of the Third International, and of Hungary's large resident Jewish population, he was able to engineer a Communist revolt; within the year he had become the absolute dictator of the country. Later, when his fiendish regime was overthrown, he fled to Russia in company with his Jewish henchmen,

Press Report

SPECIAL—Our Gentile press is still afraid to mention it, but 80% of those suspended in the recent Fort Monmouth spy investigations were Jewish. This was revealed in the February issue of JEWISH LIFE, which reports that 40 of the 50 suspended scientists were Jews. JEWISH LIFE also states that 16 of the 18 subversives who were suspended in a previous Communist investigation in 1948 were Jews. JEWISH LIFE cites these statistics as "proof" that the anti-Communist investigations of McCarthy, Jenner et al are "anti-Semitic".

TEL AVIV—The Jewish Telegraph Agency (JTA) reported early this month that a group of 69 Jewish emigrants sailed from the Israeli port of Haifa bound for Communist Roumania. Two thousand more Jews, according to the JTA dispatch, are likewise planning to return to their former homeland, and the Roumanian legation in Tel Aviv has announced plans to repatriate 200 Israeli returnees monthly. The Communist government of Roumania is, of course, controlled entirely by Jews, which undoubtedly explains why Jews are allowed to enter and leave the country at will. It should be noted that Gentiles are never allowed to leave the Iron Curtain countries, and there are few recorded instances of any who voluntarily returned to Communist rule once they had escaped. The fact that thousands of Israeli's Jews are returning to Communist Roumania strongly suggests they enjoy a unique status there. . .

DETROIT—The following excerpt, which appeared in the DETROIT TIMES on Feb. 11th, requires little explanation. Entitled, "Red Meeting Hall Sold For Church", the article reads in part as follows: "Detroit Communists have lost their favorite meeting place—the three-story, red brick building at 2705 Joy where for years they have played hide-and-seek with various police agencies. The building has been sold by the Jewish Cultural Association for \$65,000 to the A. C. Williams Memorial Missionary Baptist Church whose pastors intend to keep Communists out. . . In recent years the hall has been the scene of every important meeting of the party, rallies sponsored by the Civil Rights Congress, which has been branded subversive by the attorney general, and a host of other Red front groups." (NOTE: This is not the first time a Jewish Cultural Center has served as a Communist meeting place. Last July 22nd a raid on the Jewish Cultural Center in Pittsburgh, Pa. revealed the Center to be the Communist training center for western Pennsylvania. . .)

NEW YORK—According to a Reuters dispatch which appeared last November 22nd in the NEW YORK TIMES, some 500,000 Jews now reside in Moscow, the capital city of Communism. This means that next to New York City, Moscow harbors more Jews than any other city in the world. It also means that the Jewish population of Moscow has increased fantastically since the Bolshevik Revolution of 1917, at which time probably fewer than 20,000 Jews lived there. Incidentally, the Jewish population of Soviet Russia is greater than that of Israel.

Matyas Rakosi, Erno Gero and others. This is important to remember because, when the Soviet government "liberated" Hungary in 1945, this same Matyas Rakosi returned to become dictator of Communist Hungary—a position he holds today.

BAVARIA

The year 1919 also witnessed another Jewish-led revolution, this time in Bavaria. There, two Jews by the name of Max Lewien and Eugene Levine set up the so-called "Bavarian Soviet Republic" which, like Bela Kun's regime, endured only for a brief time.

YUGOSLAVIA

And in 1920, as we have previ-

ously related, Mosa Pijade established the Communist newspaper, BORBA, in Yugoslavia and began tutoring the future leaders of the revolution. In the course of time his newspaper became the official Communist organ of Yugoslavia, his student (Tito) became dictator, and he himself became president of the Parliament and the "grand old man" of the Party.

Thus, the pattern emerges. In Russia, in Germany, in Hungary, in Bavaria, in Yugoslavia—wherever Communist revolutions occurred—there you find Jews in control. That was true in 1917-20; it is no less true today.

Gallup Poll

Continued From Page 1

ranks of the McCarthyites have been swelled by 16 million converts since last April, at which time some 34 million citizens were numbered among his admirers. Any way you look at it, that's bad news for the anti-McCarthyites. . .

SIGNIFICANCE: It is adequately clear from the above statistics that organized Jewry is badly out of step with the Christian majority on the question of "McCarthyism." It is imperative that the American people should be acquainted with this fact, and that they should learn to identify much of the anti-McCarthy hysteria for what it really is: as nothing more than Jewish agitation.

Keep in mind, however, that although McCarthy's critics constitute a minority of the total population, it would be a mistake to gauge their influence on the basis of numbers alone. The anti-McCarthy element, in addition to being vociferous, is also extremely influential. The Jews, of course, control the radio-TV networks outright, and they exert a powerful influence over the press and other opinion making media. And rallying to their side is the Communist Party and its coterie of fellow-travelers and professional liberals—plus the usual complement of well meaning dupes. That's an extremely powerful combination, and it can be counted on to continue its shrill campaign of vilification and abuse against McCarthy in the months to come.

Simon Sobeloff

Continued From Page 2

The latter point is extremely important because our New Deal appointed Supreme Court is actually the instrumentality through which organized minority groups have achieved their greatest victories since World War II. The so-called "silent revolution" in race relations—a revolution which has enabled Negroes to force their way into white residential neighborhoods, and into white schools and restaurants—has been achieved almost entirely through Supreme Court decisions. On the other hand, Congress has not passed a single important civil rights law since the war. . .

This all adds up to the fact that the Supreme Court has become the focal point in the vital civil rights struggle. Eisenhower, by appointing New Dealish Earl Warren as chief justice over an already radical Supreme Court, has assured organized minority groups of the upper hand in this crucial struggle. And by appointing Sobeloff as Solicitor General, he has made doubly sure that the white Christian minority will stand no chance whatever when civil rights issues are brought before the Supreme Court.

Dear Sir:

I have been intending to write to you for some time. You probably already know more about Communist activities in Minturn Colorado, and Aspen Colorado than I could begin to tell you.

This summer I have made many contacts with friends who are terribly disturbed at the freedom the Communist have in working openly in this area.

The enclosed paper is a copy of some of the literature people have been receiving. This particular copy was sent from Aspen with no return address. A copy of like manner was sent to all the school board members of the Woody Creek area.

This copy was given to me because the people did not know exactly what it was. I myself cannot make it out not knowing the background of this American Nationalist organization. The people would like to know just what the score is and just why this type of literature should be sent only to school board members.

I can furnish positive proof of people who hold Communist meetings in their homes. I can furnish names and addresses of these people.

The United Mine and Mill Workers' Union was recently voted out of the Mine Industry at Gilman, Colorado. The C.I.O. was voted in place of the first said union. According to my understanding the people greatly feared the first said union because of Communist activities.

I shall close hoping for your answer concerning the enclosed publication.

Sincerely Yours,

This vicious, unAmerican publication has been mailed out to the membership of the NAAWP. Most of the material in it is taken from the American Nationalist, the publication of a young, well known West Coast hate monger, Frank L. Britton. Britton is considered to be a prodigy of Gerald L. K. Smith and has been active in national hate mongering circles since 1950. You will note an advertisement for one of Britton's pamphlets on the last page of The National Forum.

Copies of this publication have already been forwarded to the Justice Department and the Department of Defense. On first examination it appears that the article on page one entitled, "Career Men Leave Integrated Armed Forces," might actually be in violation of the Federal statutes relating to enlistment in the armed forces. We are examining this paper carefully to see whether it violates any federal statutes, and in the interim I am running credit checks on the officers of the organization to determine whatever personal information we can obtain.

As per our conversation I would appreciate very much if you would personally refer this matter to J. Edgar Hoover and to the postal authorities.

LEFT-WING PAPERS LIE TO NORTHERNERS

BY BRYANT BOWLES

I have recently returned from a tour of some of the southern states. My main reason for going was to check on the stories being printed in northern news papers about how the southern people were reacting to the U.S. Supreme Courts' "Black Monday".

I found that 99% of both whites and blacks bitterly oppose mixing the races in the schools. These people courageously threaten to spill their blood before it will happen in Dixie. Some white parents threaten to move out of their state if said state adheres to the Supreme Courts' ruling. Others threaten to dynamite the schools if they integrate. Majority of employers say they will fire any negro employee that sends his children to a white school. These people are as serious as the day is long.

One County Judge told me, "there is a popular misconception among the American people as to why the war between the states was fought. A majority of the people in this country believe it was fought over the negro. It was fought over cotton which the South was shipping to England while the mills in the Northern States stood idle. But," stated the Judge, "if these left-wing agitating groups don't leave the Southern Whites and blacks alone, they are going to touch off another war, and you can bet your life cotton won't have anything to do with it." (This judge also joined the NAAWP)

The Attorney General of one Southern State sent out Questionnaires to all of the sheriffs, asking if they will be able to handle the situation when the riots break out this school term. It didn't say, if the riots break out. One sheriff wrote back and said, "How do you expect me to handle a riot when I have children of my own and I will spill my own blood from one end of this state to the other before they will attend mixed schools?" Another sheriff wrote only two words on his. "Hell no."

The people of the south believe mixing the races is a social custom, and does not believe the U.S. Supreme has the authority to legislate the habits of people. They believe the Southern Negro is happy due to the fact 70% of them live in the 17 southern states. They also believe the Southern Negro is being done a grave injustice by left-wing northern negro agitators which endeavor to stir him up and incite him to yell when he isn't hurt.

CAREER MEN LEAVING INTEGRATED ARMED FORCES

Recently the President signed a bill which went into effect immediately, raising the re-enlistment bonus for service men. The President said this was necessary to halt the high rate of seasoned service men which are leaving the armed forces upon expiration of their enlistment.

What the President did not state was the reason these men are leaving the service of their country after putting more than 10, 12, or 14 years toward a 20 year retirement. These men are fed up with the integrated armed forces and here are some of the reasons:

They have to live in barracks with negroes that steadily keep up a stream of language that even a white sailor, soldier, or Marine would never think of using.

They have to share the showers and toilets with negroes that brings in venereal diseases which he never reports to the medics. The average negro service man will not voluntarily ask for medical treatment of these diseases.

The "king" and his white queen.

Interracial coronation.

Shown above is a preview of what the Supreme Court's anti-segregation ruling ultimately means for parents everywhere. The above event occurred last month when stu-

dents at Los Angeles City College selected a Negro "king" and a white queen to reign over the school's 25th anniversary celebration...

South Indignant As Jew-Led NAACP Wins School Segregation Case

LOS ANGELES—Nowhere in America is the cult of "brotherhood" taken more seriously than in California, where from kindergarten on the child is continuously taught the blessings of racial equality and the horrors of "bigotry". Last month some of the visible results of this "tolerance" propaganda were especially apparent to the parents of Los Angeles when the tax-supported Los Angeles City College, largest junior college in the U.S., celebrated its 25th anniversary. Chosen as queen of the silver anniversary event was Barbara Lee Cooke, an attractive white co-ed. The "king", however, was a Negro as black as the ace of spades. "Brotherhood", quite obviously, was beginning to pay off in Los Angeles...

A LESSON

Actually, the disgraceful spectacle at Los Angeles City College should provide a lesson not only to the parents of Los Angeles (many of whom originally came from the deep South) but to parents everywhere. It is this: if white children are educated with Negroes, sent to church with them, thrown into constant and intimate social contact with them, and in addition are continuously impressed with the virtues of racial equality, then such things as this are inevitable. Young people who are taught all their lives that it is wicked to discriminate between black and white cannot be blamed

too much if they fail to discriminate between a black "king" and a white queen for their school anniversary, nor, for that matter, if they fail to discriminate between a white or black marriage partner.

SEGREGATION CASE

Ironically, the episode at Los Angeles City College occurred on the eve of the Supreme Court's decision outlawing segregated schools. And fittingly enough, the Court's anti-segregation decision was read by chief-justice Earl Warren, former governor of California and a life-long advocate of race-mixing. Warren's new mission, it would seem, is to extend California's race-mixing program to all the 48 states.

Although several states, including California, have long maintained interracial schools, 21 states and the District of Columbia have continued to segregate Negroes and whites. It is on these states that the real impact of the Court's radical decision will fall, because they contain a substantial majority of the nation's entire Negro population. The population of Mississippi, for example, is about half white and half Negro. In the District of Columbia, which Eisenhower has fatuously designated as a "pilot model" for the various states to emulate, 57% of the students enrolled in public schools are Negro while only 43% are white.

ULTIMATE EFFECT

The ultimate effect of the Supreme court's ruling against segregated schools will not, however, be apparent for many years. The process of mixing whites and Negroes in the classroom may, as a matter of fact, be relatively slow in many cases.

The real damage will be done on the psychological front. The child will be conditioned at first to accept the mere presence of Negro students in the classroom. Later he will be taught that all races are equal in ability and intellectual capacity and that there is no essential difference between the various racial groups. He will be inoculated against the evils of "bias" and "prejudice", and trained to look upon any manifestation of racial pride or consciousness as anti-social, if not criminal.

BRAINWASH

Only when this process of brainwashing is far enough along will the student be introduced to the joys of interracial social activities. Needless to say, it is only a step from there to interracial love-making and marriage, and as a matter of fact the legal barriers against interracial marriages have already been obliterated in some states. And if all this seems far-fetched and over imaginative, it should be remembered that this very thing has already occurred in some states, as the photographs

The organization primarily responsible for obtaining the Supreme Court decision outlawing segregated schools is the powerful, trouble-making "National Association for the Advancement of Colored People" (NAACP). The school segregation case is but the

latest of a long series of NAACP victories on the "civil rights" front. Our kept press has suppressed the fact, but the leadership of NAACP is not Negro, but Jewish. President of NAACP is the Jew, Arthur Spingarn (above right) — who has

held that position since 1939. Shown above with two Negro NAACP officials is John L. Lewis, guest speaker at an NAACP convention, and NAACP president Arthur Spingarn (extreme right).

of Los Angeles City College will attest.

N.A.A.C.P.

In this connection it would be well to give some attention to the National Association for the Advancement of Colored People (NAACP) which in the main was responsible for bringing about the school segregation ruling. The NAACP brought four separate suits challenging the legality of segregated schools and it was on the basis of this action that the Court rendered its startling decision outlawing segregated schools.

SILENT REVOLUTION

This, incidentally, is but the latest of a series of court victories achieved by the radical, trouble-making NAACP — victories which have brought about a "silent revolution" in race relations in this country within the past decade.

The NAACP's most notable victory previous to the school segregation case was, of course, the ruling under which the Supreme Court outlawed restrictive covenants, thus making it possible for Negroes to force their way into previously all-white neighborhoods.

The NAACP won another outstanding victory when it obtained a Supreme Court ruling which compels Washington D.C. restaurants and hotels to cater to Negroes—a precedent which is bound to be applied elsewhere as time goes on.

In other Supreme Court cases the NAACP won decisions which insure Negroes the "right" to attend white universities and to ride with whites in public conveyances.

There have been other similar cases. In each instance it was the NAACP bringing suit; in each case the Supreme Court either upheld obscure and little known anti-segregation laws, or it outlawed statutes under which seg-

regation was enforced.

OTHER VICTORIES

The NAACP has also advanced the "silent revolution" with the help of the executive branch of the government. Its greatest victory in this field was the "integration" of Negroes and whites in the Armed Forces. Under the "integration" program—started under Truman and completed this year by Eisenhower—all branches of the military have been mongrelized, with Negroes and whites serving together in interracial units for the first time in American history. In many respects the NAACP regards this as its greatest victory, surpassing even the school segregation case in importance.

LITTLE F.E.P.C.

Another NAACP victory, won with the help of organized Jewry, was the so-called "little F.E.P.C." which Eisenhower instituted last year. The "little F.E.P.C." compels all government contractors to hire Negroes and members of other minority groups under threat of having their contracts cancelled, thus imposing over a substantial portion of American industry a de facto FEPC.

THE PATTERN

This, then, is the pattern of the "silent revolution"—a silent, creeping, insidious revolution which even at this moment is stealing upon this Republic like an assassin in the night. And it should be noted that this revolution is not being promoted by legislation, but by executive decree and court decision. Not a single one of the above described "civil rights" victories was obtained through an act of Congress.

BEHIND N.A.A.C.P.

This brings us to the question as to what the NAACP's ultimate objective really is. This is important because we know from past

experience the NAACP no sooner wins a concession than it makes new and even more extreme demands; each victory is followed by new agitation. It is appropriate, therefore, to examine the NAACP's program in some detail.

JEWISH LEADERSHIP

Before doing that, however, it is necessary to correct a popular misconception as to the leadership of the NAACP. Because it is not really and truly a Negro organization at all. The people behind the NAACP are not Negroes, but Jews. This will come as a surprise to some because the organization invariably uses Negroes as fronts for its activities, and the rank and file of its staff is Negro. Nevertheless the president of NAACP, and the real power in the organization, is the Jew, Arthur Spingarn. When this fact is digested the revolutionary program of the NAACP becomes a little more comprehensible.

THINGS TO COME

The NAACP's objective for the next ten years is no secret. On the contrary it has been mapped out in detail and publicized under the slogan, "Free by 63". The "Free by 63" campaign was launched last March at a Washington D.C. meeting with the blessings of Ike Eisenhower, who addressed the convention. The plan calls for the raising of a million dollars annually for the next ten years and the announced goal is the total abolishment of racial segregation.

THE GOAL

In simple terms, the NAACP's goal is to "integrate" Negroes into white residential neighborhoods until the "black belt" and the all white neighborhood are merged and thus cease to exist as such. The NAACP's program is based upon the premise that anti-discrimination laws now in existence

HOW TO HELP US GROW

The NATIONAL ASSOCIATION OF WHITE PEOPLE, INC. was formed with the belief the U.S. Supreme Court would hand down a decision outlawing segregated schools. Its past record of ruling in favor of organized left-wing minority groups indicated it would continue to usurp legislative powers. If we had believed the Court would rule otherwise, we would have felt there was less need for forming this organization. With the present situation facing us we must double and redouble our efforts to gain strength through membership so that we will be able to produce candidates

from both the North and South. An amendment to the constitution is the only answer. That requires 36 States. Our only way of obtaining members is through our present members. When you joined this organization you showed your true color and helped us further along in our drive for strength, but you can help us to help you by pledging to sign up at least two members monthly using the application blank printed in each issue. You may feel that two members each month isn't much help, but think of the 10 or 20 thousands that are doing the same as you.

(Continued from Page 1)

He has to be caught in a surprise medical inspection. The frightened white man will run to Sick Bay and ask for immediate treatment for fear of taking the disease home with him. The negro does not worry because the majority of their homes already have it.

The white man has to walk more guard duty, because if the negro is ordered to walk post as often as the white man, he yells discrimination. If the negro so happens to be walking post and he decides to lay down and go to sleep, he will do so.

If a white man violates an order, he is made an example for the rest of the men to take notice. If a negro service man violates the same order, the commanding officer goes easy on him for fear of a negro pressure group lowering the boom on him through a left-wing Congressman.

These are just a few of the reasons the career men are leaving the service. The recently enacted bill raising the re-enlistment bonus, is proof that the white

service man doesn't wish to serve with the negro, and must be enticed to do so with large sums of money. You and I must foot the bill so the negro organizations can brag about the negroes in the service living, sleeping, and eating with whites.

A GOOD START

Although this publication is not the elaborate paper we had in mind when we first asked for subscriptions we offer no apology. We are proud of a means of contact with our members. The subscriptions came in very slowly and forced us to start with this news letter. The lack of subscriptions also prevented it from being published weekly.

IS SEGREGATION UN-CHRISTIAN?

In the Presbyterian Outlook of July 30, there are two letters to the editor from young people who very ardently advocate non-segregation in our churches. They claim that segregation is un-Christian, and they describe as cowards, and brand as "hypocrites" those who do not agree with them.

I believe in segregation and am not at all disturbed by anything they may call me and others who share my views. I attribute their "zeal without knowledge" to the exuberance of youth and to their being furnished for light house-keeping in the upper story.

Segregation was decreed by God Himself in one historical instance. God called Abram out of Ur of the Chaldees to go into a land which he should afterwards receive as an inheritance. The Patriarchs, Abraham, Isaac, and Jacob, lived in that land for many years. Jacob's clan, because of famine, went down into Egypt, and were settled in the land of Goshen, where they remained 400 years. Then God sent Moses to lead the tribes of Israel out of Egypt into the wilderness for 40 years, and Joshua led them into the land of Canaan, where the various tribes were settled. For fifteen hundred years until the birth of Christ they were a segregated nation. They were forbidden by God to mingle socially, to intermarry, or to amalgamate with the nations around them. They did not always obey God but, nevertheless, God commanded it and many times punished them when they disobeyed his command. If allowed to mingle socially with each other the inevitable result would be amalgamation, either with or without marriage.

Out of that segregated nation, through inspired prophets from time to time, from Moses to Malachi, came the revealed will of God in the Old Testament. Out of that segregated nation, came the Saviour of the World, and the New Testament which tells us of Him. Does anyone dare to say that God made a mistake in segregating the Jewish nation? Does anyone dare to say that segregation is wrong and un-Christian when the Almighty Himself did it? The only God we know, or care to know, is the God revealed in the Scriptures, and he never makes a mistake and never does wrong. "He is glorious in holiness, fearful in praises doing wonders".

I believe in segregation for three reasons:

1. In the first place I believe that segregation is in harmony with the plan and purpose of the Almighty Himself, as the best means to prevent amalgamation of the races. He used it in the case of his chosen people Israel.

Let us face some stubborn facts: We have three most distinct races of men distinguished by the color of their faces, the yellow man, the black man, and the white man. Who made man's face yellow, one black, and another white? That question is not hard to answer, for there is only one. Being in the universe that could do such a thing, and He is the Almighty, the Creator of all things. But why did He do it? He has not told us except in general terms. In Rev. 4:11 we read "The four and twenty elders fall down before Him that sat on the throne, and worship Him that liveth forever and ever and cast their crowns before the throne, saying Thou art worthy, O Lord, to receive glory and honor, and power; For Thou hast created all things, and for Thy pleasure they are and were created." The only reason we are given is that it pleased God. In the early creation of the world we are told, "He spake and it was done, He commanded and it stood fast."

But when and where did this change take place? It must have been after the Days of Noah and the flood. When the people began to build the tower of Babel, in the land of Shinar, God interfered and confused their language so that they could no longer understand each other's speech and were forced to scatter out in different directions. They spoke at least three different languages, maybe more, but at least three. The descendants of Shem, the oldest son of Noah, moved Eastward and remained on the continent of Asia. The descendants of Ham went West to the land of Canaan, then South into the continent of Africa. The descendants of Japheth moved North and went overland through the Caucasus Mountains, between the Black and Caspian seas and inhabited the continent of Europe, and became known as the Caucasian, or white race.

Sometimes in the centuries that followed the yellow man was found in China, the black man in Africa, and the white man in Europe. Paul said to the Athenians: "God hath

made of one blood all nations of men, for to dwell on the face of the earth, and hath determined the times before appointed, and the bounds of their habitation." Our God, the God of all wisdom, has never admitted that He ever made a mistake, in this or in any other instance. And He certainly has not authorized any men to correct His "mistake," or to improve upon His plan. In Latin America they tried to improve on God's plan, but did they? The Spanish and Portuguese conquerors, amalgamated freely with the native Indians, then they imported Negro slaves from Africa, and became amalgamated with them, so there is no color line and no segregation South of the Rio Grande. But do they have a higher stage of Christian civilization than the people of the U.S. and Canada? How does their missionary zeal in foreign lands compare with ours? I would advise all those who can't stand segregation to go to the Rio Grande River and buy a one way ticket and they will never be troubled any more with it. God made one man's face yellow, another black, and another white because it pleased Him to do so and He means for them to remain that way. It is presumptuous for any man to think that he can improve on God's plan.

2. In the second place I believe in segregation because it is not only in the plan of God but it is in harmony with a well known law of nature, stated in the proverb, "Birds of a feather will flock together." Sparrows will not flock with robins, neither will ducks migrate with geese.

Any man feels happier and more at liberty with his own people in his own churches, schools and communities than he does mingling with other people whose tastes and habits are different from his. The Negro, if let alone by these ceaseless agitators feels more at home and happier among his own people in church, school, and communities than to be forced to mingle with other people. I want the Negro to have as good school buildings and equipment as the white people have. But I will say that there is not a schoolhouse in this country, white or colored, that is not a far better house with far better equipment than I had sixty-five years ago. And with God's blessing I got an education.

I want to see the Negro live in good houses where he can be

comfortable and self-respecting. O but they are poor they say! Yes, but poverty is not confined to one race — there are many poor white people who have a hard time.

3. In the third place I believe in race segregation because it contributes to the harmony and peace among the races. The Christian white man does not hate the Negro, but wants to help him in an understanding way, and does do it. The Christian Negro does not hate the white man, but respects and honors the Christian white man as his best friend and is appreciative for any kindness that comes his way. It is the wicked white man and the wicked Negro that hate each other and are ready to fly at each other's throats on little provocation. This is one reason why the Christian white man in the South wants race segregation, for the protection of the Negro.

Rev. J. E. FLOW

are ineffective so long as Negroes and whites continue to occupy separate residential communities. Under present conditions, the NAACP argues, Negro business establishments operate only in Negro communities, while white business places service only white districts. Negro civil servants—i.e. police, firemen, postal employees, etc. — generally are assigned to Negro areas, while white civil servants work in white areas. Schools in Negro districts are attended exclusively by Negroes, and by the same rule whites often attend their own schools even in states where there is no official school segregation. Negro districts have their own social organizations and churches, as do the whites. Similarly, swimming pools, social affairs and sports activities tend to follow along the same lines, although there are many exceptions to the rule. Thus, according to the NAACP's reasoning, the races will not freely mingle so long as they reside in different neighborhoods. This is the key to the entire situation.

"FREE BY '63"

The NAACP's proposed solution, therefore, is to mix up whites and Negroes until there is no such thing as a white or black residential area. Then, and only then, will Negroes and whites mix at school, at work, at church, in restaurants, at the swimming pool, at sports and in social activities. That, in essence, is the goal of the NAACP's "Free by '63" campaign.

In that capacity I am sending to you a letter that has been forwarded to me and a copy of a publication - The National Forum - that is doing a tremendous job - evidently - of spreading anti-semitic literature.

Confidentially - I have to make an impression on my membership that I have a close personal relationship with you - so if you can get some sort of a letter back to me showing your interest - you will certainly make a "big shot" out of me.

With kindest personal regards and good wishes, I am

Indo-China was not a free country. It was a French possession. They've had it for fifty years. It has four separate governments. The people are poor, live almost wholly on rice, have few rights and have been dominated for fifty years by the French exploiters. Once the Communists got control of China, the next natural move was to take Indo-China.

Of course, all this is most unfortunate. The fall of Dien Bien Phu and the loss of the Asian mainland to the Reds is unfortunate. But we didn't lose Asia to the Reds - we gave Asia to the Reds when our State Department disarmed the Chinese Republican armies and delivered China into the hands of the Communists. The time to have acted was when Chiang Kai-shek had an army in China and we had an army there under General Wedemeyer. But we ordered our Army out, stopped all aid to Chiang Kai-shek and let the Reds take over. Now we're talking about war again in Indo-China. It is like inviting the burglars into your home, letting them empty the house of its contents, and then suddenly getting warlike and threatening to fight because the burglars insist, as they leave, on taking the front door-mat.

* * *

Before we leave Indo-China, I'd like to remind you that we have American soldiers in over forty-five countries in the world. The cost is fantastic. That would have been impossible until nineteen hundred and thirteen when we were foolish enough to adopt the Sixteenth Amendment to the Constitution, giving the federal government the right to tax our incomes without limit. We got into World War One because we spent billions to aid Britain and France. We could not have done that except for the Income Tax Amendment. We got into World War Two by spending billions to aid Britain and France. And now we are moving toward socialism because the federal government can tax without limit. All this has been made possible by the Income Tax Amendment of nineteen-thirteen. It is perhaps at the bottom of all our trouble - war and everything else.

I mention this because Frank Chodorov has just written a book called THE INCOME TAX - ROOT OF ALL EVIL. It's a small book - brilliant, written in that clear, limpid English Frank Chodorov knows how to use. No person can discuss any of our great problems unless he understands how the income tax is at the root of all those problems. The name of this book is THE INCOME TAX - ROOT OF ALL EVIL by Frank Chodorov, and I assume, can be had in any bookstore.

* * *

I assume you have been listening over radio or looking through television at the McCarthy-Army investigation. I assume you are weary of the endless dodging and ducking and difficulty in getting straight answers to simple questions. The result is that the object of the investigation has been lost sight of. For instance, President Eisenhower became very angry on Wednesday. He said the investigation was hurting American prestige in Europe and ought to be wound up. So you see, the President is just as much confused about the investigation as the rest of us. He seems to think that McCarthy is

investigating somebody and thus hurting our good name with our European friends-- by which he means those people who want to borrow money from us. The President has become confused. This is not an investigation by McCarthy. This is an investigation of McCarthy. McCarthy was chairman of the committee investigating Communists. So our administration got Democrats and Republicans on the committee to compel McCarthy to give up his chairmanship for the time being. They named a new chairman, hired counsel and have been investigating McCarthy. This is not McCarthy's investigation. It's an investigation of McCarthy by Democrats and certain Republicans all arranged and planned in the White House. But it hasn't turned out as they expected. The President doesn't like it. He wants it stopped. Well, it's his investigation - why doesn't he stop it?

Of course, these gentlemen don't like it because it is showing up the civilian leaders of the American army, particularly Secretary Stevens, as a pathetically inadequate figure who has been used in an attempt to destroy Senator McCarthy.

I recall an appeal made by the National Secretary of the Communist Party in the Communist Daily Worker. He said: "I urge all Communist Party members and all anti-fascists to yield second place to none in the fight to rid the country of the Fascist poison of McCarthyism." You wonder why the politicians in Washington want to fight a man who is officially recognized by the Communists as their greatest enemy.

And, by the way, in my broadcast last week I tried to explain the essentials of what might be called the McCarthy story and what is behind this investigation in Washington. It is, of course, difficult to do in a brief broadcast, and so I expanded what I said last week into a small pamphlet of twelve pages in which I tried to explain clearly all the strange forces at work, what Senator McCarthy has been trying to do and who are the groups interested in trying to stop him. I offered to send a copy of this pamphlet without

cost to anyone who cared to write to me for it. But I was hardly prepared for the avalanche of requests which came in - literally thousands every day during the week. It has taxed our facilities to the limit, and I think you will realize that we were hardly prepared for the immense cost of giving away so many. It has therefore been necessary to put a small charge on these pamphlets. They are still available and can be had for twenty-five cents a copy, or five pamphlets for one dollar. And we have put a special price on bulk orders which we will be glad to supply if you will write to me at Box Four Ten, Grand Central Station, New York City. You cannot understand this strange investigation unless you understand the forces which are back of it.

Dear Patriotic Friend:-

As you know, the printing of the American Nationalist was delayed for several days this month for lack of funds. The response to our emergency appeal has been most heartening, however, and it has enabled us to continue our operations full scale and without any serious loss of time.

This month we are hoping to get back on an even keel financially. To do that we must take in several hundred dollars over and above last month's quota. This means that we must receive more gifts in the \$5.00 to \$25 category than we have been getting lately. We're also going to have to have several gifts of \$100 or more if we are to meet our current obligations. That is not to say gifts of under \$5.00 are not appreciated, because they are. Such gifts constitute the backbone of our income. But we must also have larger contributions to put us over the hump.

To those of our friends who respond to this letter, we are privileged to offer a very unusual and exciting gift. We are going to mail each contributor a complimentary copy of the recent issue of the "U.S. News & World Report" which contains a reprint of what is probably the most sensational book of this generation. Title of the book is "The Final Secret of Pearl Harbor", and the full text of this sensational book --over 40,000 words-- is reprinted in this single issue.

Author of the expose is Rear Admiral Robt. A. Theobald of the U.S. Navy. Corroborative introductions are written by Rear Admiral Husband E. Kimmel and Fleet Admiral William F. (Bull) Halsey.

"The Final Secret of Pearl Harbor" is devoted to one, and only one, theme. It documents the charge that Franklin D. Roosevelt ... "deliberately invited the Japanese attack, knew it was coming, and deliberately withheld this knowledge from U.S. commanders in Hawaii". The author not only charges, but documents the charge, that Roosevelt callously sacrificed the lives of 3,303 American boys at Pearl Harbor, plus a major section of the Pacific Fleet, in order to bring America into the war against Germany.

Admiral Theobald, who was at Pearl Harbor during the attack, pulls no punches in exposing Roosevelt's treachery. He names names, quotes unimpeachable references and cites official documents. He proves beyond any question whatever that Roosevelt deliberately and knowingly engaged in a criminal conspiracy to bring about the attack on Pearl Harbor. This expose is guaranteed to send every sincere patriot into a raging fury...

It isn't sufficient just to read this expose; you will want to keep a copy of it in your library forever. This particular issue of "U.S. News & World Report" is already impossible to purchase in some places. The wholesaler from whom we made our purchase told us this is the "hottest" issue he has ever handled. We have purchased a sufficient quantity to supply at least one copy to everyone who responds to this letter.

Enclosed is my contribution to help defray the cost of ink, paper, stamps, engravings and other supplies involved in the publishing of the paper. A SPECIAL MESSAGE from the AMERICAN NATIONALIST

Dear Patriotic Friend:-

After reading this particular issue we believe you will agree that the American Nationalist is one publication you can't afford to be without if you wish to keep well posted on the current political scene. That's because the American Nationalist combines the rare qualities of courage and journalistic integrity to give you a periodical which everywhere is recognized as the most outstanding publication in the Nationalist field.

We believe that no citizen --no matter how intelligent-- can possibly grasp and interpret the intricacies of modern politics without a thorough knowledge and understanding of the forces which work constantly to form and shape the events of the day. And we know that you cannot obtain that knowledge and understanding unless you are exposed to the whole truth; unless you have access to ALL the information available; unless censorship is stripped away completely... Needless to say, you cannot obtain that kind of information from the kept press or the Jewish-owned radio networks.

As a matter of fact, the American Nationalist is the only publication in America which brings you a balanced, truthful, and uncensored viewpoint of the American political scene as it relates to the race problem, and to the Communist-Zionist-Jewish question. These are subjects too controversial for the commercial press to take up. They are subjects about which even the best informed of our people are woefully ignorant...

These topics, and many others of similar nature, are discussed fearlessly, honestly and forthrightly in every issue of the American Nationalist. Whether or not you agree with our political philosophy, you cannot afford to ignore (or remain in ignorance of) these vital subjects... May we therefore invite you to join the distinguished family of readers and scholars who have made the American Nationalist a part of their reading habit.

free book offer.*

Sincerely yours.

U. N. CONSPIRACY TO RULE WORLD

New Treachery By Mendes-France In Indo-China Scored

SPECIAL—For sheer treachery very few individuals on the international scene can measure up to the little Jewish premier of France, Mendes-France. Earlier this year Mendes demonstrated the truth of that observation when he betrayed France and the loyal Christian natives of Indo-China to the Communists at Geneva.

The most pitiful outcome of that agreement was that some 500,000 Christian inhabitants of Vietnam were abandoned to the tender mercy of the invading Communists without an opportunity to escape. The act was all the more reprehensible for the fact that Vietnam's Christian population comprised the core of anti-Communist resistance during the Indo-China war — a fact which made them a special target for revenge once the Communists took over.

Following the sell-out at Geneva, vast numbers of Vietnam's Christian population fled from the Communists by the only avenue open to them: the sea. In one of the most heart-rending episodes in history, thousands of men, women and children took to the open sea in make-shift rafts, barges,

Jews Kick Up Furor Over Zionist Query

DENVER, COLO.—A U.S. naturalization officer who dared to ask an alien Jew if he was a Zionist has been "reprimanded" and "admonished," according to an article recently published by Milton Friedman of the Jewish Telegraph Agency. The officer, Brooks Thomas, asked the question as part of the naturalization proceedings in the case of Berel Weiss, a rabbi.

Acting on a protest by the Anti-Defamation League of B'nai B'rith, the department of Immigration and Naturalization issued a statement assuring the ADL that . . . "the officer involved has

PATRIOT JAILED

LONDON—Officials of the World Jewish Congress report that the Swedish patriot, Einar Aberg, has been sentenced to two months in prison by a Stockholm court for his alleged "anti-Semitic" activities. Aberg, whose literature exposing the tie-in between Communism and international Jewry has achieved world-wide distribution, was brought to trial after the World Jewish Congress lodged protests with the Swedish ambassador in Washington . . . Patriots everywhere are urged to send their letters and contributions to Einar Aberg, Norrviken, Sweden.

"Anti-Semite" Arrested

SPECIAL—The state of Connecticut, which last month elected Abe Ribicoff as its governor, has arrested John F. McCoy, a Gentile, on five counts for having written an election letter exposing Ribicoff as a Jew. According to an article in the National Jewish Post, "the warrant for McCoy's arrest was issued after the Anti-Defamation League of B'nai B'rith office in New Haven made an investigation and reported to Abraham L. Ullman, state attorney".

The ADL claims McCoy violated a state law against issuing "advertising" matter which "ridicules" an individual because of race or color. The ADL contends the campaign literature comes in the category of advertising . . . "because so many letters were printed and distributed".

Communist Monopoly of U.N.'s Military Department Exposed As Threat To American Sovereignty

UNITED NATIONS—An extremely dangerous proposal is being advanced by those who would like to see the United Nations take over the functions of a world government. The scheme calls for the establishment of a PERMANENT United Nations military force whose purpose it would be to enforce world peace. The plan is to build up the military strength of the U.N. while encouraging member-nations to restrict their own armaments. The overall idea is to eventually give the U.N. a greater war-making potential than any individual nation or bloc of nations, thus (in theory at least) bringing peace and light to the world.

The arguments marshaled in favor of a standing United Nations army are well thought out and calculated to appeal to the widest possible audience. Using Korea as an example, proponents of the idea bolster their case by pointing out that the disproportionate burden carried by the United States in that conflict would never have been necessary if the other members in the U.N. had contributed their fair share in men and material.

But while there is a superficial appeal to this kind of an argument, it must be kept in mind that the plan is in reality a one way street from which there is no turning. Once a standing United Nations military organization has been brought into being, the path toward slavery and national destruction can be charted with almost exact precision. Because the proposal for a permanent U.N.

Urge Filibuster On Harlan Appointment

WASHINGTON, D.C.—Eisenhower's appointment of John Harlan to fill the Supreme Court vacancy left by the death of Robt. Jackson reveals once again his rabid determination to force compulsory mongrelization upon the people of the South. What is more, Eisenhower has had the insufferable arrogance to appoint a man whose very name is symbolic of the humiliation now being imposed upon white Southerners. For John Harlan is the grandson of justice John Marshal Harlan, who is chiefly remembered for his violent dissent from the Supreme Court's historic "separate though equal" decision handed down in 1896. Old John Harlan wrote the dissenting opinion in that case.

As for John Harlan the younger, he has little if any qualifications for a seat on the Supreme Court. Furthermore, the very fact that his name has been submitted at this time is a crude affront not only to the people of the South, but to the memory of the Supreme Court justices who rendered the "separate though equal" doctrine 58 years ago.

Harlan has no judicial experience whatever—aside from the six months or so on the federal bench as an Eisenhower appointee. He has no national reputation nor distinction. As a matter of fact his only qualification for the job, so far as can be determined, is a Rhodes scholarship, an implacable hatred of racial self-respect in any form, and a well advertised grandfather. That may qualify him for the position in

White Children Desert Washington Schools in Droves To Escape Negroes

WASHINGTON, D.C.—As the first major city to attempt the total "integration" of Negro and white students under the Supreme Court's infamous school de-segregation decree, Washington, D.C. is rapidly being taken over by Negroes, according to a survey carried in the Nov. 12 edition of U.S. NEWS & WORLD REPORT.

White students, says the report, are leaving Washington's schools in droves as a result of the compulsory race-mixing program of the Eisenhower administration.

Remarking upon this wholesale exodus, U.S. NEWS & WORLD REPORT estimates that . . . "nearly 4,000 white students who normally would have been expected to enroll were unaccountably missing. This

WITHIN a couple of months the Bricker Amendment will probably come before Congress again. Since a number of ill-advised attacks against Senator Bricker and the Bricker Amendment have recently been made by people associated with the Nationalist cause, we are frequently asked where we stand on the matter. We're FOR the Bricker Amendment 100%. So is every other responsible Nationalist crusader, including Jack Tenney, Gerald Winrod, Robt. Williams, Wesley Swift, Gerald Smith, Conde McGinley, Joseph Kamp — to name just a few. The attacks on the Bricker Amendment represent a lot of sound and fury over nothing — the same type of abuse hurled against General MacArthur by certain irresponsible individuals who call themselves patriots...

WATCH this rabbi Benjamin FRANK L. BRITTON Schultz who is now holding forth from the McCarthy bandwagon. Schultz, a renegade Jew who lost his New York synagogue for opposing Communism, has been capitalizing on his anti-Communist reputation by attacking certain Nationalist leaders because of their "anti-Semitism". This business of getting into bed with the Nationalists and then proceeding to smear their leadership is happening a little too often to our way of thinking. George Sokolsky, Alfred Kohlberg and others of the same stripe have turned in similar performances.

NOT ENOUGH attention has given to Conde McGinley's valiant struggle against the American Jewish Congress. McGinley, the courageous editor of COMMON SENSE, (530 Chestnut St., Union, N.J.) has been under legal assault by representatives of the AJC for many months. The AJC, incidentally, is an affiliate of the powerful World Jewish Congress, the organization responsible for the imprisonment of the Swedish patriot, Einar Aberg, last month.

THE GIANT RADIO CORPORATION OF AMERICA (RCA) is defendant in an anti-trust suit recently filed by the Justice Department. RCA, which among other things owns the National Broadcasting Co. (NBC), is charged with having monopolized radio and TV licensing since 1932. But the canny Russian Jew, David Sarnoff, who controls RCA is taking no chances on an unfavorable decision. Last month he hired himself a very influential lawyer—just to be on the safe side. His name? Adlai Stevenson...

queried as to his Zionist affiliations. In other words, naturalization officers can no longer ask a Jew whether or not he would defend the United States in a war against Israel. Since virtually all Zionists pledge their first allegiance to Israel, this relieves them of an extremely embarrassing situation...

The Jewish Telegraph Agency has hailed the action as a "precedent" of historical importance. "The government's action in the Denver case", gloated the JTA's Milton Friedman, "established a vital precedent. It is an official ruling that Zionism and Americanism, as Justice Brandeis contended years ago, are clearly consistent. An officer who was apparently influenced by anti-Zionist elements has been 'reprimanded' and 'admonished'. The questioning of a Zionist's loyalty to America is now classified as 'not sanctioned' by the government".

There you have it. The immigration department can ask an

English applicant for citizenship if he would defend the U.S. in a war against England; it can (and certainly would) ask a German if he would defend America against a German attack; it will continue to ask the same question of an Irishman, a Pole or a Frenchman. But no Jew, even if he is a paid Zionist agent, can be asked if he is a Zionist. Such questions are "not sanctioned" by the government any longer...

Thus we are witness not only to organized Jewry's insistence upon maintaining its dual allegiance, but also to an example of Jewry's power to punish those who dare to draw attention to the matter.

As for the hapless naturalization officer who aroused the ire of the Anti-Defamation League in the first place: the man is lucky to still have his job. He may not be so fortunate if he makes the same mistake again. Anti-Semitism, y'know...

WASHINGTON

The recent election may or may not have been indicative of a national trend, but it did turn up a number of ironic twists, not the least of which was the defeat of Franklin Roosevelt, Jr., in New York's race for attorney-general. Roosevelt, long the darling of New York's Jews, had the bad judgment to run against a kosher candidate in the person of Jacob Javits...

In Connecticut another favorite of the Jewish cabal, John Lodge, who is known for his "liberalism" and international outlook, was defeated by Jewish Abe Ribicoff in the race for governor.

On the other hand Jimmy Roosevelt, whose opponent was a Gentile, won hands down in California's Jew-Negro 22nd Congressional district.

It is significant to note that the frantic efforts by the Eisenhower crowd (see cut) to win the northern Negro vote were largely ineffective. Northern Negroes continue to vote New Deal...

With slavish pro-Negro campaign literature such as the above, the Republican party tried very hard to win the Negro vote—and failed. Northern Negroes continued to vote Democratic.

Incidentally, a total of 11 Jews and 3 Negroes were elected to the new Congress. All are extreme leftists and all are Democrats.

The 11 Jewish congressmen are: Celler, Holtzman, Muller, Klein, Davidson, Zelenko, Fink, and Dillinger—all of New York. In addition there are Sidney Yates of Chicago, Samuel Friedel of Baltimore and Earl Chudoff of Philadelphia. There are also two Jews in the Senate; Herbert Lehman of New York and Richard Nueberger of Oregon.

Thus the strange alliance between the conservative, patriotic Southern Democrats and the radical, pro-Negro, pro-Jewish northern wing of the party continues.

Eisenhower's vaunted popularity was not much in evidence at the polls. Ike campaigned the hardest for Ives of New York and Clifford Case of New Jersey. Both leftists. Ives lost and Case won by a scant 3370 votes in a state where Republican Senators usually draw a 200,000 vote margin.

Ives was defeated, incidentally, because he lost the McCarthy vote (which he repudiated) and the Zionist vote, which he tried hard to win, but did not. Jewish quarters unanimously agree that Ives lost because the Zionists favored Harriman. But the McCarthy vote would have put him over too...

In Ohio, where McCarthyism was an issue, the McCarthy vote was decisive in the election of George Bender...

Communist Heads U.N. Military Arm

(Continued from Page One)

army is closely related to another scheme which would give the U.N. an absolute monopoly on atomic weapons. This is the so-called Baruch Plan.

BARUCH PLAN

As a matter of fact the first logical step following the creation of a permanent U.N. military organization would be the adoption of the Baruch Plan for international control of the atom, which the U.S. has already submitted to the U.N. This calls for the turning over of all atomic weapons to the United Nations and the adoption of a system of "safeguards" to see that no nation violates the agreement by manufacturing atomic weapons of its own. Once this plan is adopted the United Nations would become the undisputed military master of the world, since no nation or alliance could hope to resist it in a contest of strength.

It is very important that all these facts be considered together because there is a clear and obvious tie-in between the proposal for a permanent United Nations military organization and the Baruch Plan for "internationalizing" atomic weapons. As a point of fact the Baruch Plan could not possibly be implemented unless, and until, a standing United Nations army is created.

U.N. CHARTER

Actually, of course, the concept of an international super army under U.N. control is a fairly old one, and it is interesting to note that the United Nations charter envisions the establishment of such a force. For instance, Article 43 of the U.N. charter reads as follows:

"ARTICLE 43—All members of the United Nations, in order to contribute to the maintenance of international peace and security, undertake to make available to the Security Council, on its call and in accord with a special agreement or agreements, armed forces, assistance and facilities, including rights of passage, necessary for the purpose of maintaining international peace and security".

Under this provision the groundwork for a standing United Nations army was laid in the original U.N. charter. And although such an army has not yet materialized, it is clear that from the very outset the one-world crowd has been steering us toward that goal. The fact that the United States is currently sponsoring the Baruch Plan for internationalizing atomic weapons makes the creation of a permanent United Nations military force an even greater possibility.

Aside from the obvious danger inherent in the creation of a standing United Nations army equipped with atomic weapons, there is another danger we have not yet touched on. This has to do with the very strange fact that the military department of the United Nations has always been in the hands of a Communist commissar.

For some as yet unexplained reason the head of the United Nations' Department of Security Council Affairs has always been a Communist. The first of the procession was Arkadi Sobolev of Soviet Russia. He was

To appreciate what this means it is necessary to have some understanding of the structure of the U.N.

Altogether there are eight Departments in the U.N., all under the nominal supervision of the Secretary-General. Each of these Departments is headed by an Assistant Secretary-General*. There is a Dep't. of Economic Affairs, a Dep't. of Public Information, a Dep't. of Trusteeship and so on.

The Department we are most concerned with is the Department of Security Council Affairs, which has to do with the U.N.'s military activities. It was this Department which had technical authority

From the very day of its inception a Communist official has headed the U.N.'s military department. Shown above is Soviet Russia's Arkadi Sobolev, the first Soviet agent to hold the job.

over General MacArthur in Korea, and over the conduct of the Korean war in general. What is more important, it would also have control over any future military organization created by the U.N. From a military standpoint the Department of Security Council Affairs is extremely important.

It is obvious, therefore, that any nation or group of nations with

*But now designated as "Under-Secretaries".

followed by Konstantin Zinchenko, who in turn was replaced by Ilya Chernyshev—both likewise Russian. The current head of the U.N.'s military section is Dragoslav Protitch (above) of Communist Yugoslavia.

ambitions to control the military resources of the U.N. would place great emphasis upon this particular Department. For here, if their scheme goes according to plan, will be concentrated the atomic resources of the world, and whoever commands them will rule the world. Who, then, does control the U.N.'s Department of Security Affairs?

The answer to that question should bring every thinking American to the edge of his chair with a start. Because the truth is that the Communists dominate the U.N.'s Department of Security Council Affairs, and have done so since the day the U.N. was created. You may find this difficult to believe, but here are the facts:

✓The first Assistant Secretary-General in charge of the Dep't. of Security Affairs was the Soviet official, Arkadi A. Sobolev, who served in that capacity from 1946 until 1948.

✓Sobolev was succeeded by another Russian, Konstantin Zinchenko, in June of 1949, who headed the Department until 1953. Zinchenko is the Communist who served as General MacArthur's "superior" in the Korean war. It was this situation which gave rise to rumors that a secret agreement had been made for a Communist to hold this position permanently.

This Communist domination of the U.N.'s military department would be particularly dangerous in the event the U.S. relinquished its atomic weapons to the United Nations.

✓Zinchenko was replaced by a third Soviet functionary, Semyonovich Chernyshev, in 1953.

✓In turn, Chernyshev has been replaced by another Communist official, Dragoslav Protitch of Yugoslavia, who holds that position now.

Keep these facts in mind the next time you hear someone beating the drums for a standing U.N. military force. Chances are he will also be in favor of the Baruch Plan for turning over atomic weapons over to the U.N.

SIGNIFICANCE: Taken individually, none of the above factors appear as dangerous as they really are.

For example, the proposal for a permanent U.N. army is not of itself particularly alarming—at least not an army equipped with conventional weapons.

The Baruch plan for turning over our atomic weapons to the U.N. likewise appears innocuous—when considered alone.

Nor does the Communist domination of the U.N.'s military department give undue cause for alarm—so long as the U.N. army remains on paper.

It is only in combination that these factors take on the dimensions of a nightmare, for only then can we gain a true perspective of the situation. It is the prospect of a permanent U.N. army... equipped with atomic weapons... and commanded by a permanent Communist secretariat... which constitutes the real threat.

You may purchase packets of the AMERICAN NATIONALIST for distribution at the following rates: Packet of 12 for \$1.00; Packet of 30 for \$2.00; Packet of 100 for \$5.00.

General MacArthur was never permitted to win the Korean War—and for a very good reason. As the United Nations' military commander in Korea, MacArthur was subject to the authority of the U.N.'s Department of Security Council Affairs, which was headed by the Soviet official, Konstantin Zinchenko.

Washington Schools

Continued From Page 1

was the sharpest one-year drop in white enrollment in the city's history".

On the other hand, Negro attendance is on the increase, with almost 5,000 more Negroes enrolled this year than in 1953. Latest statistics show that whereas white enrollment in the District's schools is down 7.7%, Negro enrollment is up 8.6%—a 15% spread in the first 6 months following "integration". At the present moment Negroes comprise 60.8% of Washington's total-school enrollment, as compared to a white enrollment of 39.2%.

The situation is getting worse daily. Large numbers of white families are already moving out of Washington. Others are shifting into school districts where there are no Negroes. Those who can afford it are enrolling their children in private schools.

Indicative of the trend are the following statistics published by U.S. NEWS & WORLD REPORT: "In the 18 schools where integration was announced months in advance, white enrollment dropped 24.6%. In the 15 schools that remained all white, 5 gained in white enrollment, the 10 others lost only slightly".

One school, the Raymond Elementary, lost 45.3% of its white students as a result of "integration". The Wheatley Elementary school lost 44.6% of its white student body. Another, Blair Elementary, lost 51.8% of its white enrollment.

That is the situation in Washington, D.C.—the city which Ike Eisenhower has fatuously designated as a "pilot model" for the rest of the country to follow.

NOTE: Every patriot should write Eisenhower a letter urging him to enroll his own grandchildren in one of Washington's "integrated" schools. As one of the chief exponents of compulsory race-mixing, it is only fair that Mr. Eisenhower send his own family into this interracial jungle he has labored so hard to create. As for his fair skinned, tow-headed grandchildren: the experience of associating intimately with large numbers of aggressive, dull-minded, over-sized and over-sexed Negro playmates would doubtless be an uplifting one. At least that's the type of propaganda being handed out to white parents in Washington, D.C., these days.

Harlan Appointment

(Continued from Page One)

Eisenhower's somewhat vacuous judgment, but not in the eyes of certain members of the U.S. Senate, who last month temporarily blocked his confirmation to the Court.

Eisenhower had, of course, hoped the Senate would approve the Harlan appointment during the special session which convened last month to hear the McCarthy censure charges. But a

group of Southern Senators led by Senator Eastman of Mississippi held up the appointment until next year. As a result the Supreme Court has had to postpone its scheduled Dec. 6th hearing on the segregation question, at which time it was supposed to have spelled out the ways and means of implementing de-segregation in Southern schools.

It is now up to patriots everywhere to mobilize in opposition to the Harlan appointment. The question is not whether Mr. Harlan is an honest or well meaning individual with good intentions. The matter is deeper than that. Involved is the question of whether or not Eisenhower is to be per-

mitted to appoint one pro-Negro justice after another to the Supreme Court at the very time when the controversy over segregation is before the Court.

By making this particular appointment at this critical time, Mr. Eisenhower has not only showed poor taste; he has also displayed incredibly poor judgment. He has already sorely tried the patience of the South with his stubborn attempts to force mongrelization upon them; so far Southerners have taken it with fairly good grace. But Eisenhower's crude attempt to rub it in by appointing John Harlan is taking things too far.

We suggest that Mr. Eisenhower

Press Report

MOSCOW—At a dinner party in Moscow last month Communist party chief, Nikita Khrushchev, came up with a suggested formula for creating "better relations" between Russia and the U.S. The suggestion: silence Joe McCarthy.

MIAMI—The Florida Supreme Court has reversed the convictions of 14 Communist suspects sentenced to one year in jail for contempt of a Dade county grand jury. The Court's decision will automatically nullify the conviction of 12 other Reds sentenced on identical charges last month (see AMERICAN NATIONALIST, Nov.) All 26 suspects, plus five others whose sentences had been delayed, now face the possibility of being charged with criminal conspiracy under Florida law. (NOTE: Although this is one of the biggest stories of the year, the country's three major wire services have blacked it out completely. The reason: all the defendants are Jewish. . .)

WASHINGTON—When Senator McCarthy first exposed the Communist activities of Irving Peress at Ft. Monmouth earlier this year he never dreamed that he, rather than Peress, would be punished for it. But the way it worked out, the Jew Peress received a promotion and an honorable discharge while McCarthy has been put on trial not once, but twice, for his part in the Peress case. Meanwhile the question of who promoted Peress remains unanswered. But the chances are if they ever do discover who did it, he too will receive a promotion. And McCarthy will probably be up for censure again.

IRVING PERESS

MIAMI BEACH—A restaurant in swank Miami Beach, the Lincoln Manor Kosher Restaurant, has been fined \$150 plus costs for violating Miami Beach's Kosher meat law. The defendant was found guilty after a rabbi and a policeman by the name of Moses Mescheloff testified they found non-Kosher meat stored in a refrigerator on the second floor of the plush restaurant. In Jew-infested Miami Beach, where 70% of the population is Jewish, and where the mayor and six of the seven city councilmen are of the same race, that is a high crime.

NEW YORK—In a recent series for the NEW YORK TIMES, Moscow correspondent Harrison Salisbury revealed that the late Laventia Beria, former number two man in Russia, was half Jewish.

ROME—An Italian Jew, Giorgio Luizzi, has recently been appointed chief-of-staff of the Italian army, according to a Jewish Telegraph Agency dispatch. The appointment may turn out to be a key one, since Italy for several years has been teetering on the verge of Communism. If the Communists do take over Italy in the next election, a Jew at the head of the Italian army will be in an ideal position to "maintain order" while the Communists consolidate their hold over the country.

canoes—in anything that would float. Their only hope was to be rescued by American or other warships cruising beyond Vietnam's territorial waters.

In the attempt untold numbers perished. Thousands of others were stranded on a sandbar which melted away under their feet. The number of drowned will probably never be known. But despite the most awful danger and hardship the watery exodus continued without respite. Thus far the U.S. Navy alone has picked up tens of thousands of Vietnam's brave, desperate refugees from Communism—and the flood of desperate humanity continues to hurl itself upon the mercy of the sea.

Such were the fruits of Mendes-France's sell-out at Geneva.

But the story of Mendes-France's perfidity does not end there. Last month during his visit to Washington, Mendes took up the matter of Indo-China's anti-Communist refugees with officials of the president's National Security Council. His interest was not in alleviating their suffering, nor in aiding their escape from Communism. Instead, believe it or not, Mendes suggested that the U.S. Navy collect passage money from the refugees, which would then be turned over to the French Colonial government! Thus did France's Yiddish premier reveal his compassion for the victims of his treachery at Geneva.

NOTE: To its credit the National Security Council emphatically rejected the Mendes proposal. The Navy will not collect blood money for Mendes or anyone else.

warrant for McCoy's arrest was issued by a Jewish state attorney, Abraham Ullman. The tactic of utilizing Jew-controlled state and federal law enforcement machinery to harass their enemies is a favorite trick of the Anti-Defamation League. Only recently the Jewish attorney-general of Delaware, H. Albert Young (Yanowitz) arrested the head of the National Association for the Advancement of White People, Bryant Bowles, on similar trumped up charges because he dared to oppose race-mixing in Delaware's schools.

Dear Sirs:

The enclosed publication "The American Nationalist" was received by me today through the mail, unsolicited. I have also received several previous issues of this publication in the same way, which I have destroyed after glancing through them, but quite recently I read in a newspaper a report that prosecution of "hate mongers" like this publisher is either being considered or has been started by the Federal authorities, presumeably your agency.

While this particular issue appears to be relatively mild in its comments about Negroes and Jews, some of the earlier issues I have seen have been almost violent, in my judgment, and while I am neither a Negro or a Jew I must admit that wrath was kindled in my bosom against the writers and circulators of such vicious articles.

I have no idea, of course, as to how widely this publication might be circulated, and quite likely its subscribers would hold the same opinions as its publisher. Hence it is possible that your bureau may not have had its viciousness brought to your attention; I myself have neglected doing something about it previously, at the same time hoping someone else would!

In the event that you find that the circulation of the publication is in violation of our laws but that the offense should not come under the jurisdiction of your Bureau, I would appreciate it if you could refer the matter to the proper authorities.

Respectfully,

The Los Angeles Office of the Federal Bureau of Investigation has received numerous communications from people throughout the United States, protesting the anti-Negro and anti-Semitic character of "The American Nationalist." The mast-head of this publication states that it is published the 10th and 25th of every month by FRANK L. BRITTON, Editor, P. O. Box 301, Inglewood, California. Various sources have also furnished the Los Angeles Office with copies of two pamphlets by FRANK L. BRITTON. His pamphlet entitled "Hollywood Treason" contains the statement, "Because control of the movie industry is largely entered in Jewish hands, Party-liners have encountered little difficulty in injecting pro-Communist propaganda into films." It is dedicated to GERALD L. K. SMITH.

The other pamphlet, entitled "Atom Treason," contains the statement that, "In every case of espionage uncovered thus far the trail has led straight back to our closely guarded laboratories at Oak Ridge, Los Alamos, and Princeton, and in every single instance a highly placed Jew at one of these installations has been involved." The pamphlet contains the statement that it is dedicated to men and women who have had the courage to make their stand for Christian-Nationalism, and is particularly dedicated to: "The magnificent GERALD L. K. SMITH, founder and leader of the Christian-Nationalist Movement."

The December 25, 1952, issue of "The American Nationalist" contains such headings as "Jews Launch Propaganda Hoax," "South Prepares to Fight Negro Move for Mixed Schools," and "Alien Jews Monopolize U. S. Airwaves." The January 10, 1953, issue has headings of "More Money for Israel Than For Red Cross," and "American Theatre a Jewish Monopoly."

[redacted] (protect identity), stated that FRANK L. BRITTON resides at 840 Cedar Avenue, Inglewood, California, and has the business address of 11146 Hawthorne Boulevard, Inglewood, and holds P. O. Box 301, Inglewood. Informant stated that about 800 or 900 copies of each issue of "The American Nationalist" are mailed. Informant described the publication as being very similar to that of GERALD L. K. SMITH. Informant stated that the tenor of this publication is that the Jews are taking over the United States and that Jews and Communists are synonymous; that it also urges boycott of Jewish merchants.

The "California Jewish Voice" newspaper of May 29, 1953, contained an article concerning BRITTON. The item was reprinted from the February "ADL Bulletin" (Anti-defamation League of B'nai B'rith). "The Voice" devotes its columns to news of interest to the local Jewish community. The article describes FRANK L. BRITTON as a young hero worshiper not quite 33 years old, a veteran of World War II, and a former student at the University of Southern California. It states that one of BRITTON's most successful publications, "Atom Treason," charges that Communism is Jewish; that Jewish scientists supplied Russia with atomic secrets; and that the "Jew-ridden" Atomic Energy Commission sabotaged the nation's H-bomb program. The article states that in 1951 GERALD L. K. SMITH gave BRITTON \$925. for literature, the amount to cover the cost of approximately 10,000 copies of "Atom Treason." The article goes on to state that BRITTON's next booklet was called "Hollywood Treason," which he advertised as an exposure of "Jew-Communists" in the film industry; that this, too, was extensively distributed by GERALD L. K. SMITH; that BRITTON had appeared at Christian-Nationalist meetings at the Los Angeles Embassy Auditorium and once shared the platform with SMITH himself. The article states that BRITTON's career as a professional anti-Semite began in 1950 while he was still a student at the University of Southern California, Los Angeles, where he distributed anti-Semitic leaflets, which won high praise from WESLEY SWIFT of Ku Klux Klan fame, who for a while made BRITTON his protégé. It states that after publication of the two treason leaflets, BRITTON published a new anti-Semitic expose, a 90 page booklet entitled "Behind Communism," published in the summer of 1952 and which was sold around the country by the faithful for \$1.00 a copy; that it too stressed the Jewish-Zionist-Communist equation. The article states that BRITTON decided to form his own movement in September, 1952, and sent out invitations for a meeting at the Embassy Hall in Los Angeles; the meeting was a dud and very little money was collected, and the new organization, called "The New Confederates," died in its infancy. The article states

LA 10-1718

that BRITTON started his publication "The American Nationalist" in December 1952; that it is similar to many other anti-Semitic publications; that, in common with other anti-Semites, BRITTON was then (February, 1953) busy making a case that Communist anti-Semitism was just a tribal row between Communist Jews and Zionist Jews. The article states that BRITTON's printed material had one distinction; that, unlike most professional bigots, BRITTON had the advantage of a college education; that his products were technically better and more polished than most; that he made judicious use of color, of two-page layouts for maximum reader appeal; that his "treason" pamphlets, which were vicious and full of distortions, were readable and physically attractive.

of American welfare. It's regrettable but majority
both political machines are corrupt and will not
reform. They might better be replaced by U. men in

by the or F's governments or treachery and sometimes
traitorous lawyers and judges that will sometimes
place rulings of U.N. "the death trap for freedom" above
U.S. Constitution and welfare of America.

One traveling legislator or reporter said the tailors of
foreign lands prefer Americans with rolled up sleeves
or gloves to teach them the know-how to cultivate and raise
more foods. Most foreign aid money has been claimed
by their politicians and business men. Now it's even
many senators and they "the black spider" & brain wash

It's an opportunity for young men and women and married
couples that desire to see more of the world and also aid
your fellow beings to learn agriculture, shop mechanics
aid to doctors; etc to learn and then travel to foreign

and fellow Americans.

Congressmen: For the future, will it be one King (David, the dead) one religion and one world Government? or

Some possible ways you can take burden of worry from American families. You, being more numerous and as a group being personally acquainted with 100% more families of the 1950s than the group of Senators.

First: You shouldn't vote a law that is harmful to parents or children and only beneficial to Internationalist of U.S. and foreign bankers, business men and dishonest Gov't officials. If Senate makes it a law, then you have them exposed to American people. Apparently the tariff cut on imports is to benefit them and the parasite families of Federal banking system. You should also make a short and concise report of (not by a fanatic lawyer with pages of contradictory words and phrases or a syrup tongued Legislator of Brito-Soviet type) yours, and the Senators progress to officials of your State and newspapers at end of each week. If big town papers won't print them the independent small town papers could and attract enough attention of voters in rural and city districts to force their State Governments to have recall ballots ready to unseat any Senator or Congressman and replace him or her with a nationalist legislator. If the Governor howls like a foreign dictator, you could get him retired.

Big business wizards pay large dividends to favored stock holders and many with gift shares. That's thievish for the benefit of the fancy Dons and Dames of much un-earned money.

It has been permitted by legislators that ignore welfare of the people and could be constitutionally confiscated by a Senate group that obeys the law and cares for welfare of all American families.

There has been an influential movement on for many years by wealthy anti-Christian Jews to take over in U.S.A. while legislators and labor leaders were napping or too busy to recognize the trend. I believe they now own over 25% of real estate in most American Cities. I believe its the duty of all Government officials and legislators also Christian leaders to mediate for a few minutes after retiring for the night about the comfort and welfare of probably over 2000 Americans now prisoners of the reds. Apparently Roosevelt, Stalin and Churchill were Zionists. Legion magazine of December, 1954 reads: over 2 million men, women and children were turned over to Soviets about nine years ago, many at the point of American bayonets, probably at the order of Gen. Eisenhower. It would be nice to know how many were of Jewish ancestry.

No newspaper dares to print the story, but organized Jewry has within recent years set up an invisible government on American soil which in effect constitutes one of the most highly organized fifth-columns in world history. Controlling over 6,000,000 willing adherents, and possessing untold wealth, this Jewish fifth-column has within our own generation attained a position of power and influence which almost surpasses belief.

Through its financial power it dominates vast segments of American industry and business to such an extent that American businessmen to an increasing degree are being driven out of many lines of endeavor altogether. In many large cities a Gentile-owned department or clothing store is becoming an oddity. A successful jewelry store or theatre is a rarity in many places. In some cities, such as New York, Los Angeles and Chicago it is becoming increasingly difficult to find any large retail establishment of any

kind which has not been taken over by Jews. And this is only one facet of the picture, for their activities extend into every sphere of American life.

For example, through its monopoly over motion pictures, radio and television, the legitimate theatre, the publishing industry and other media of public expression, organized Jewry can, and does, mold American public opinion virtually at will. Today no aspect of political or social activity is free from Jewish influence and Jewish pressure...

Some measure of the tremendous power and influence of organized Jewry can be gained from the cartoon to the left, which was taken from a recent issue of the JEWISH EXAMINER, one of the nation's largest Jewish weekly newspapers. The cartoon is syndicated by the Jewish Telegraph Agency (JTA), an organization servicing Jewish newspapers throughout the country. It boasts of the fact that U.S. Jews have raised \$1,000,000.00 within the past seven years ... "for needs at home and abroad."

Actually, of course, the \$1,000,000.00 is only a partial figure, since one fund-raising agency alone (United Jewish Appeal) has raised almost that much single-handedly within that period. But the cartoon does give a rough indication of the awful financial power wielded by organized Jewry, and it emphasizes the danger this billion-dollar fifth-column represents to American freedom.

This brings us to the question of whether this nation or any nation can long remain free and sovereign with its finances, its culture and its channels of communication under alien control. It is high time Americans took a long and close look at this multi-billion-dollar Jewish fifth-column which threatens the very existence of this nation...

PATRIOT RAILROADED IN VERMONT

Integration Turns Capital's Schools Into Negro Jungle

WASHINGTON, D.C.—The ink was hardly dry on the Supreme Court's de-segregation decree of last year when Eisenhower, with fatuous zeal, ordered Federal authorities in the District of Columbia to effectuate the decision without delay. Washington, D.C., pontificated Ike, was to be a "pilot model" for the rest of the country, and particularly the South, to follow.

This month the authoritative U.S. News & World Report (June 10) gave Americans an on the spot summary of how this "pilot model" of de-segregation is working. It wasn't a very pretty picture.

Three out of five of the District's student enrollment is now colored, the report showed. White enrollment is down from last September, with further declines in prospect as white families flee to neighboring suburbs in Virginia and Maryland, where

Multi-Billion Dollar

Jewish Underground Hit

SPECIAL—In the ten years since World War II, American Jews have raised more than \$2,300,000,000 for "Jewish activities" in this country and abroad. That is the boast of columnist Boris Smolar, who makes a specialty of reporting on Jewish "communal affairs", and whose syndicated column appears as a regular feature in Jewish newspapers throughout the country.

According to columnist Smolar, this figure does not include an additional \$160,000,000 raised in this country through Israel bond drives, nor does it take into account the \$65,000,000 Israel loan raised by United Jewish Appeal last year. When the latter two items are added, the total Jewish expenditure since World War II exceeds 2½ billion dollars—and this does not cover many local Jewish activities, nor those strictly religious in character. . .

Shown above are Monte Irvin (l) and Hank Thompson, both of the New York Giants.

Since organized baseball was thrown open to Negroes eight years ago there has been a veritable revolution in what was once America's favorite sport. Gone are the great baseball heroes of yesterday like Babe Ruth, Ty Cobb and a host of others. They have been replaced by Negro idols such as Willie Mays, Jackie Robinson and Monte Irvin. The result may or may not have been beneficial for Negroes, but of one thing there is no doubt: It wasn't beneficial for baseball. . .

Major League Baseball Goes Into Decline As Negro Players Signed On

SPECIAL—Considerable speculation is rife in sporting circles as to why the great national sport of baseball is losing its place in American life. The game which was a national pastime only a few short years ago, and which attracted the imagination of millions of hero worshipping youngsters of past generations, is now losing out to space patrol comics and "Captain Video" television programs. The plain fact is that baseball has lost its appeal to American youngsters; it is no longer America's favorite sport.

This spectacular drop in popularity is particularly in evidence at the box-office. Attendance is steadily declining, receipts are down, and in desperation several major league teams have shifted their base of operations to new territory in an effort to pep up interest. Thus the St. Louis Browns are now the Baltimore Orioles, the Philadelphia Athletics have become the Kansas City Athletics, while the Boston Braves now play out of Milwaukee as the Milwaukee Braves. These moves seem to have spurred local attendance in the cities affected, but the overall picture remains dark for baseball. The industry is obviously hurting where it hurts the worst: in the pocket book. . .

Although the so-called experts are puzzled by baseball's steady decline in popularity, there is in reality no mystery about it at all. The truth is that baseball, like many other American sports, has been invaded and taken over by Negro athletes. Gone are the

great heroes of yesteryear like Rogers Hornsby, Babe Ruth, Ty Cobb and Joe Dimaggio. They have been superceded by Negro idols such as Jackie Robinson, Willie Mays, Roy Campanella, Monte Irvin and others.

NO ACCIDENT

This Negro intrusion into America's favorite sport did not happen by accident. It was planned and contrived by the very same groups and organizations which are actively promoting "integration" in every other phase of American life. One of those organizations was the Communist Party, which set up a special "committee" as a means of pressuring major league teams into accepting Negro players. Partly as a result of this pressure, and partly in response to artificially induced "public demand", the Jew-ridden Brooklyn

Denied Jury Trial By Federal Judge As Protest Grows

BETHEL, VT.—You may have read of Lucille and Manuel Miller in your hometown newspaper last month. The story was about Manuel Miller of Bethel, Vermont, who held more than a score of state troopers at bay with a rifle for twelve hours before surrendering his wife to Federal authorities, who had come to take her to a mental institution in Washington, D.C. But unless you read Westbrook Pegler's column, or the Chicago Tribune, or the Tulsa Tribune, or a few other courageous papers scattered throughout the country, the chances are 100-to-1 that you did not get the real story of what happened in Bethel, Vermont on May 3rd. The story of Lucille and Manuel Miller is one to make every patriot's blood boil with outraged indignation. It's a story of raw courage and selfless patriotism and it deserves to be told.

THE MILLERS

Manuel and Lucille Miller are the parents of three school age children, ages 10 to 11 (the younger two being twins). Manuel Miller is well thought of in

Jew Pressure Mounts For U.S.-Israel Defense Treaty

WASHINGTON, D.C. — The news has been kept out of the press, but a powerful drive is underway to conclude a unilateral mutual defense treaty between the U.S. and Israel sometime this summer — while Congress is in recess. Jewish propagandists are trying to ease the way for such a treaty by arguing that the U.S. has already signed numerous defense pacts with other countries, including "fascist" Spain. But left unsaid is the very pertinent fact that virtually all these other treaties were patterned as defense against Soviet Russia, while the sole purpose of a defense pact with Israel would be to underwrite a new

Editor's Report

WESTBROOK PEGLER in our estimation deserves a medal of honor for his magnificent series on the Lucille Miller case. His dynamite-laden articles broke the story wide open. . . Incidentally, since Wm. Randolph Hearst's death, some Hearst papers censor Pegler's hotter items, which explains why his column is occasionally missing from the editorial page.

YOU MAY have received literature from a letterhead organization calling itself the National Renaissance Party within recent weeks. It is well written, well printed and has the appearance of genuine Nationalist material. But you are cautioned against having anything to do with either the organization or its promoters, the chief of whom was (and may still be) a Jewish agent. The so-called National Renaissance Party, whose membership probably never exceeded a dozen, was taken over some time ago by an agent-provocateur of the sinister Anti-Nazi League by the name of Mana Tru-Hill (Trujillo).

FRANK L. BRITTON

Trujillo proceeded to turn out some of the most inflammatory "Nazi" and "Fascist" propaganda ever seen in this country—so inflammatory in fact as to attract the attention of the Un-American Activities Committee, which exposed him as a former trainee of a Communist school. While some may find it difficult to believe that a Jewish organization such as the Anti-Nazi League would actually finance and distribute anti-Jewish propaganda, the facts in this case cannot be disputed. As a paid agent of the Jewish Anti-Nazi League Trujillo used the National Renaissance Party as a Trojan horse to discredit and compromise the Nationalist movement. Our advice is to stay away from this outfit, no matter what their current line is. They're not Nationalists.

ADMIRERS of former Senator Jack B. Tenney will be pleased to learn that he has set up a private law practice in Los Angeles. Every Nationalist is urged to throw whatever legal business they have (no matter how large or small it may be) to Tenney. Few men have sacrificed more for this cause. Keep his address and phone number handy: 2875 Glendale Blvd., Los Angeles 39. (Phone Normandy 4-2989.)

WE MISTAKENLY labeled a picture of Ferenc Nagy as that of Imre Nagy in our last issue. The confusion was due to the fact that Communist Hungary has had two premiers named Nagy (both puppets of party boss Matyas Rakosi) since World War II.

segregation is still maintained. Negro enrollment, meanwhile, continues to increase. . .

Hollywood

INGRID BERGMAN, long touted as a Scandinavian actress, is in reality . . . "of Jewish birth", according to the Jewish Telegraph Agency's film columnist, Leon Gutterman. Incidentally, quite a number of other allegedly Nordic actors and actresses, including Marlene Dietrich, Victor Borge, Marta Toren and Hedy Lamar, are of the same tribal origin.

KIRK DOUGLAS (Isadore Demsky) was the featured speaker at a dinner given in his honor at Albany, New York recently. According to the Jewish Telegraph Agency's account, "Douglas" . . . "brought tears to the eyes of the women, and cheers from the hundreds of diners" with a tale of his . . . "early days of poverty and gradual climb to success". Hollywood's Yiddish actors, please notice, always weep over their heartbreaking struggle for success if given half an opportunity. And the greater their wealth and fame, the deeper and more piteous the wail. Eddie Cantor, George Jessel and Sophie Tucker are among the more obnoxious examples, but there is hardly a big name Jew in Hollywood who has not at one time or another tugged the public's heart strings with a weepy recitation of his sufferings on the road to fame and fortune. The spectacle of one of these privileged Jews, rich and famous beyond description, whining about his imagined hardships and tribulations would be comical were it not for the fact that the Gentiles never seem to catch on. . .

THE COMEDY TEAM of Martin and Lewis is, from all reports, destined to split up soon. Jerry Lewis (Levitch), the Yiddish half of the combination (Martin is Italian) is pictured by the Hollywood press clique as being hurt but brave over the break-up.

MARTIN & LEWIS

ED SULLIVAN's weekly TV presentation, TOAST OF THE TOWN, enjoys two unique distinctions which place it in a class by itself so far as current television fare is concerned. It is, first of all, one of the highest budgeted productions in the industry—a convenience which enables Sullivan to command some of the biggest names in the entertainment world as guest performers. And secondly, it is more consistently and slavishly devoted to the interracial theme than any other program on the air today. A week seldom passes that Sullivan does not feature one or more Negroid performers, several of whom (like Eartha Kitt and Pearl Bailey) have appeared six or seven times on his stage. This has inspired some cynics to dub Sullivan's weekly hodge-podge as "Ed Sullivan's Negro Opportunity Program". . . By the way, TOAST OF THE TOWN is sponsored by the Ford Motor Company, and every time you buy a Ford, Lincoln or Mercury product—either new or used—you are subsidizing the Ford Foundation, which receives a very large slice of every dollar netted by the Ford Company. . .

DORE SCHARY last month delivered a speech in New York which gladdened the hearts of many a dispirited Comrade. Under the heading, "Dore Schary Calls for Fight-Back Against the Witchhunters", the communist organ, PEOPLE'S WORLD exulted: "New winds are blowing across the country and they're being felt even in the top rungs of the movie industry. Dore Schary, executive vice president of Metro-Goldwyn-Mayer, speaking at a conference of the Anti-Defamation League of B'nai B'rith at the Waldorf Astoria, made one of the strongest speeches heard from a movie mogul in years. Schary spoke out against McCarthy type congressional committees, loyalty oaths, book banning, conformism and red scares. He called for more aggressive action against thought control and witchhunting. And more courage on the part of those who are disturbed by what is happening but who hesitate to speak out".

No one can accuse Schary, who has been cited by the Un-American Activities Committee for membership in four Communist-front organizations, of not practicing what he preaches. His latest "message film", BLACKBOARD JUNGLE (all about interracial schools) is proof of that. For our money, we think Mr. Schary and his Yiddish compatriots should concentrate on putting more entertainment, and less propaganda, in their motion pictures.

INTER-RACIAL JUNGLE

The swamping of the District's white schools with hordes of dull-minded Negroids has, as predicted, turned Washington's school system into an interracial jungle. Scholastic standards are nose-diving, discipline is an almost insurmountable problem, and social activities are impos-

sible.

SCHOLASTIC CHAOS

Lowered scholastic levels, according to U.S. News & World Report, are particularly disturbing to Washington educators. "The biggest surprise to educators", reported U.S. News, "was the wide gap between white and Negro educational levels. Negro

United Nations

The following on-the-spot report is based upon personal observations made by Frank L. Britton during the recent United Nations celebration in San Francisco.

At home you may have gotten the impression from the television and newspaper coverage that all San Francisco turned out in honor of the U.N. celebration. Actually there was relatively little evidence of enthusiasm in the Golden Gate city. Except for the block around the War Memorial Opera House, the city did not even hang decorations—although it provided ample police protection. Nor, with scattered exception, did the city's merchants display U.N. decorations. Crowds ranging from a few hundred to two or three thousand did turn out, but on the whole public response was insipid. Mainly it was a propaganda show.

Notably absent from the proceedings were any candidates for public office. No outstanding member of either house of Congress was present—which would seem to indicate that most of them regard a close identification with the U.N. as poison at the polls. Anyway, they were conspicuously absent. . .

Although the newspapers and radio networks generally suppressed the news, pickets were very much in evidence (see cut).

Ukrainians Picket United Nations

Ukrainian pickets protesting the enslavement of their people by Communist Russia were particularly active. Anti-United Nations pickets were also on the scene. . .

One nauseating sidelight at San Francisco was the use of American G.I.s as chauffeurs and flunkies for the U.N. crowd. Spanking new cars, each with U.N. license plates and flag, and each with a uniformed G.I. driver, were placed at the disposal of the one world set throughout the meet.

Several opposition rallies protesting the U.N. celebration were staged by Gerald Smith's Christian Nationalist Crusade at the Marine Memorial Auditorium and at the St. Francis Hotel. Although given the silent treatment by the press, no serious attempt was made to interfere. The St. Francis hotel did, however, cancel arrangements for a later meeting when it learned Smith was to speak. . .

schools in Washington had the same curricula as the white schools, and were supposed to be their equal. Yet it was found that a large proportion of Negro students were far behind the aver-

his community. He is justice-of-the-peace in Bethel, a town of 800 inhabitants in central Vermont. He is also trustee of the local school board, and for several terms was re-elected as one of Bethel's three "selectmen"—a New England version of a city councilman. Few men are more highly regarded in this quiet New England town than Manuel Miller. And yet today he is awaiting trial before a Federal Court—because he dared to resist Federal officers who came to take his wife off to a distant asylum without benefit of trial.

LUCILLE MILLER

Lucille Miller, together with her husband, is the editor of a small, though generally well written mimeographed periodical known as the "Green Mountain Rifleman". It is a patriotic journal devoted almost entirely to fighting and exposing Communism. During the past few years she has been particularly active in exposing the activities of a "colony" of Communists and Communist sympathizers (mostly Jews) who have taken up residence in Bethel and the nearby village of Randolph Center. As a result of her disclosures, Westbrook Pegler was attracted to the situation several years ago and gave it considerable publicity in his column. Senator McCarthy also took note of the matter in a speech on the Senate floor at the time.

MARXIST COLONY

The Communist "colony" at Randolph Center spotlighted by Lucille Miller consisted of some of the biggest names ever to be identified with the Communist conspiracy in this country. They included:

- ✓ Lee Pressman, former chief labor counsel for the CIO;
- ✓ Nathan Witt, former general secretary of the National Labor Relations Board;
- ✓ John Abt, former key attorney for the SEC, AAA and WPA;
- ✓ Marian Bachrach, once indicted for conspiracy to overthrow the U.S. government;
- ✓ Owen Lattimore, currently under indictment for perjury in relation to his pro-Communist activities.

There were many others, but anyone familiar with the Communist conspiracy in this country will instantly recognize that most of the above named individuals held high positions in both the Roosevelt and Truman administrations, and that they wielded vast hidden influence in Washington today. It is important to note the latter, because someone in Washington used influence, and lots of it, to "get" Lucille Miller after she drew national attention to the fact that some of the country's most notorious Communists and fellow travelers were colonizing rural Vermont.

JUDGE GIBSON

The immediate circumstances leading to Lucille Miller's arrest and shameful incarceration can be given in a few sentences;

ARTICLE VI.

(Right to Speedy Trial, Witnesses, etc.)

In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the State and district wherein the crime shall have been committed, which districts shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the assistance of counsel for his defense.

Pictured above is Ernest Gibson, the New Deal appointed federal judge who recently sentenced Lucille Miller to an insane asylum without benefit of trial. Gibson apparently has little or no acquaintance with

Article 6 of the Bill of Rights (see inset) which specifies that . . . "In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury" . . .

She was arrested on Feb. 23rd on charges of obstructing the Selective Service Act. She was brought into a Federal Court presided over by one Ernest Gibson, a bitter personal enemy with whom she had feuded for years, and who once before had caused her to be arrested on a contempt charge. Gibson, incidentally, is well known in Vermont for his left-wing proclivities.

DEMANDS TRIAL

Lucille Miller demanded a prompt trial, announced that she would serve as her own attorney, and stated her contention that the Selective Service Act is unconstitutional. Judge Gibson's reaction was to commit her to an insane asylum for "observation", and he subsequently followed this up by committing her to a Federal institution in Washington, D.C. until "cured"—which could be for life. The case broke into front page news a few days later when Federal officers who came to take her away were met at the door by her husband, Manuel Miller, who held them off with a rifle for 12 hours until overcome by tear gas. Then, and only then, did they take Lucille Miller away.

ST. ELIZABETH'S

Lucille Miller was whisked off to the St. Elizabeth's Hospital in Washington, D.C., hundreds of miles from her family and community, and far beyond the boundaries of her home state. There she was confined in the institution's violent ward, where she was thrown into intimate proximity with violently insane Negro prostitutes, deranged criminals, perverts and other individuals of like description. As a "patient" she was compelled to submit to conditions so nauseating as to almost defy description; conditions which would make imprisonment in a penitentiary seem infinitely mild and preferable by comparison; conditions so horrible as to test the sanity of a normal person unfortunate enough to be de-

tained there.

SUDDENLY RELEASED

The story, fortunately, does not end there. Sixteen days after being committed to St. Elizabeth's violent ward, Lucille Miller was suddenly released by hospital authorities. Three days later, on June 27th, she again appeared in Judge Gibson's court for a sanity hearing. Gibson, who only a month previously had spitefully ordered her confined to a lunatic asylum without trial, this time scheduled a trial for her on the charges of obstructing the Selective Service Act—for which she was originally indicted. She is to stand trial on those charges in Gibson's court on July 16th, and it is a foregone conclusion that if she is found guilty, Gibson will again sentence her to a lunatic asylum rather than to prison. And unless her lawyers can succeed in having the case transferred to an impartial court, it is almost a certainty that Gibson will see to it that she is found guilty. From his past record it would be unreasonable to expect any other result.

THE REAL CRIME

Manuel Miller, meanwhile, is also awaiting trial on charges of resisting a federal officer as an aftermath of the 12 hour tear gas siege of his home on May 3rd. And while there is no doubt that he is in technical violation of the law, the fact remains that if a criminal act was committed in this case, it was committed by Gibson, not by Manuel Miller. It is Gibson, rather than Miller, who rightfully deserves to be brought before the bar of justice.

UNFINISHED STORY

This, then, is the story of one man and one woman who dared to stand up for what they believe is right. It is a story which is as yet unfinished. It will remain unfinished until such time as Lucille Miller is given a fair trial, in open court, before an impartial judge and jury, on the charges

Gibson, it should be noted, is a bitter personal enemy of Lucille Miller, and his refusal to let her stand trial on the charges for which she was indicted was hardly motivated by concern for her welfare.

for which she was originally indicted. It will remain unfinished until the heroic Manuel Miller is exonerated of the charges against him.

TRAITORS HOLIDAY

As for the Communist conspirators and fellow travelers exposed by the Millers: they continue to run free. None have been arrested, none have been imprisoned. Except for Owen Lattimore, who is currently under indictment for perjury, not a single one is in jeopardy of any kind. Such is the quality of justice in our Federal Courts today.

SIGNIFICANCE: Americans might well wonder why the rights of Communist traitors are so jealously protected—even to the point of absurdity—by our Federal courts and the Justice Department, while the rights of those who expose them are callously ignored. But there is more to be learned from the Miller case than that. The truly horrifying thing about it all is that an American citizen can be indicted on a political charge, or at least a charge having political implications, and then thrown into a mad house (perhaps for life) without benefit of trial. For make no mistake about it, were it not for the outcry raised by thousands of patriots all over the country at the vicious treatment meted out to Lucille Miller, she would never have received a trial at all; she would have remained locked up in the violent ward of St. Elizabeth's indefinitely.

It is high time that Americans took stock of the judicial procedures that will permit a citizen to be incarcerated under such conditions upon the mere say so of a Federal judge of Gibson's calibre. Every school boy knows that such procedure is clearly in violation of the Constitution, which guarantees that EVERY accused person shall enjoy due process of law. And as every school boy also knows, that includes the right to a trial by jury—and before an impartial judge. Even Gibson ought to know that.

NEGRO BASEBALL

(Continued from Page One)

Dodgers signed on their first Negro player, Jackie Robinson, in 1947. Robinson, whose reputation as a racist trouble-maker both on and off the playing field is well known, was followed by a parade of other Negroes, all of whom have been glorified by extravagant press agency and propaganda as no white player ever was.

PHONY ACCLAIM

It is impossible to even speculate upon the amount of artificial publicity these lionized Negro players have received; but if it were computed on a dollars and cents basis it would certainly run into tens of millions of dollars. Magazine articles without number have extolled their prowess on the field. Sports writers have raved over their unique "sportsmanship". Sob sisters have written up every detail of their family life. Radio, television, newsreels and newspapers have avidly reported their every word and action. A song was even written about Willie Mays (Say, Hey!), and a movie made of Robinson's "life story". The campaign to popularize the Negro in baseball is certainly without parallel in sports history.

The result may have been beneficial for a few individual Negroes, and it may have even sparked Negro attendance at the games. But it ruined baseball as a national sport. The promoters of professional baseball may not realize it yet, but when they attempt to substitute a buck Negro for a Babe Ruth, a Willie Mays for a Ty Cobb, a Jackie Robinson for a Joe Dimaggio, they are signing the death warrant of baseball. If you don't believe it, just check the gate receipts of the major league teams since they began hiring Negro players just eight years ago. . .

INTER-RACIAL SCHOOLS

Continued From Page 2,

age white students—one to four grades behind, in the opinion of some school officials . . . A high percentage of Negro pupils will fail their courses this year. Where classes are divided for teaching purposes into groups of slow, medium and fast learners, there are few Negroes in the fast group, with a majority of Negroes in the slow group. Where intelligence tests have been given, the Negro average has been far below that of whites."

There is more of the same but this will suffice as an indication of what integration means in terms of educational standards. Propagandists for integrated schools are, of course, trying to blame this disparity upon "environmental factors", but this is merely a case of arguing which came first: the chicken or the egg. The plain fact is that Negroes are, on the average, far below whites in intellectual capacity and are incapable of competing with them in the class-

room.

From a purely educational standpoint it is clear that integrated schools can only be maintained at the expense of lowering white educational levels, drastically to accommodate the Negro's inferior mental capacity. But even under these conditions Negroes cannot successfully compete with whites of their own age group—a fact which has been well demonstrated in New York City's interracial schools. This means that older and more mature Negroes will inevitably be thrown into the same classrooms with younger white students. Quite aside from scholastic considerations, this poses a problem of major proportions, because it is the older and more aggressive pupil—not the younger and more

intelligent—who dominates the playground and the athletic field. And it is here, no less than in the classroom, that the child's character and habits are formed. . .

INTERRACIAL SOCIETY

There are, of course, other matters plaguing the parents of Washington's school children as a result of integration. Chief among these is the problem of protecting their teen-age daughters against the unwelcome attention of Negro youths. Another is how to deal with social situations such as interracial dances. These problems are by no means simple, for it is obvious that once Negroes have been brought into white schools, they cannot be denied "equality" with whites in any respect. Just what this involves may be gained from the

Press Report

NEW YORK—The Anti-Defamation League of B'nai B'rith has given this year's "Democratic Legacy Award" to the nation's three largest tax exempt "philanthropic" foundations, according to Jewish press reports. Recipients of the award were the Rockefeller Foundation, the Ford Foundation and the Carnegie Corporation, who were cited for "their encouragement of social, political and economic development that reinforces democracy under 20th century conditions". All three foundations were the subject of an intensive investigation last year by the Reece Committee because of their left-wing political activities.

WASHINGTON, D.C.—The wire services have suppressed the story, but Mississippi's crusading Senator Eastland dropped a bomb-shell in the U.S. Senate on May 26th which will have repercussions for years to come. Senator Eastland publicly exposed the Communist-front records of the psychologists and social scientists which the Supreme Court cited as its authority in issuing the school de-segregation decree. The Supreme Court, in handing down its decision, named eight of these so-called "experts" all told. Senator Eastland revealed that no less than four of these had red front connections—one of whom (E. F. Frazier) had 18 red-front citations, while another had 10 such affiliations. He also revealed that several of the authorities referred to by the Court were employees of the N.A.A.C.P.—the chief litigant in the case. . .

WASHINGTON, D.C.—Ike Eisenhower, who year before last sat on the platform at an N.A.A.C.P. convention in Washington, and who last year delivered an address before the Anti-Defamation League, this year cancelled an appearance before the national convention of the Daughters of the American Revolution. Mr. Eisenhower was "too busy" to attend.

SAN FRANCISCO—Close on the heels of the Supreme Court's recent "implementation" order concerning de-segregation of the nation's public schools, the N.A.A.C.P.'s West Coast regional director, Franklin Williams, came up with a formula of his own as to how de-segregation should be implemented. Williams told the "National Conference of Social Workers" in San Francisco that school segregation should be ended—"even if it means that Negro children are transferred to schools not close to their homes, and even if it means bringing white children into schools in districts that house primarily minority groups."

WASHINGTON, D.C.—The Eisenhower administration, which boasts of having advanced Negro "rights" more than any other administration in history, had one of its pet measures, the military reserve bill, blocked in the Congress for weeks because a colored congressman (Powell) insisted on tacking an anti-discrimination amendment to it. Powell's amendment would in effect have forced Southern states to "integrate" Negroes into National Guard units.

following, which is also taken from the above mentioned U.S. News & World Report article:

"Still unsolved", said U.S. News, "is the question about school dances—with all the social problems they might create. No general school dances have been held this year in Washington's mixed schools. Principals considered this too touchy an area in which to attempt full integration as yet. They feared that an approach to a white girl by a Negro or a rebuff of a Negro by a white girl might set off a melee".

And so we are already witness to a situation where white girls in Washington's public school system do not dare rebuff the attentions of African suitors for fear of the consequences. Such is the outcome of the Supreme Court's shameful decree of last year; such is the situation in the capital city of the United States of America. . .

SIGNIFICANCE: Mr. Eisenhower's "pilot model" of de-segregation has served one useful purpose at least: it has removed any doubt from the minds of Southerners as to what they are up against. The fate of Washington, D.C. has made the South more determined than ever to resist compulsory mongrelization at any cost. This iron determination, incidentally, had stopped the de-segregation program in its tracks even before the Supreme Court delivered its weasel worded formula for integration where "feasible" last month. Except for a few large cities in the border states (i.e. Baltimore, St. Louis, Kansas City) there has been little or no integration anyway. And in the deep South there has been none at all, and public officials from the governors on down have made it clear that there will never be any, regardless of what the Supreme Court says. As Virginia's most respected newspaper, the RICHMOND NEWS LEADER summed it up last week: "When the court proposes that its social revolution be imposed upon the South 'as soon as practicable', there are those of us who would respond that 'as soon as practicable' means never at all".

It will be a long time before the South delivers its children over to the fanatics who would make Washington, D.C. a "pilot model" for total mongrelization. . .

The above picture of a Harlem Negro and his white wife is one which every self-respecting white American should ponder well, because it represents the ultimate goal toward which the National Association for the Advancement of Colored People (NAACP) and every other professional race-mixing organization is striving. Eventually, if they have their way, every Negro will as a matter of right and privilege enjoy the same "equality of opportunity" as the one above...

It is important that Americans should be thoroughly acquainted with the real objectives of the NAACP, and it is also important that they should realize that the president of this organization is not a Negro at all, but a little Jewish revolutionary by the name of Alvin Spingarn. And they should know that the NAACP was originally founded by a band of Jewish revolutionaries in 1909, and that no Negro has ever headed the organization...

It is likewise essential that Americans should know how the NAACP operates to achieve its objectives. They should know that this alien-controlled conspiracy has at its disposal one of the largest and most specialized legal staffs in the world -- and the only one in the world devoted exclusively to the breaking down of racial barriers.

Americans should be alerted to the fact that the NAACP has been carrying on what it boastfully calls a "silent revolution" for the past quarter century. They should know that with the aid and connivance of our left-wing Supreme Court, the NAACP'S huge legal staff has already obtained court decisions outlawing segregated schools, segregated restaurants, hotels, swimming pools, parks and public housing. And that through a series of running court actions the NAACP plans to extend the blessings of racial "integration" to every American community, to every American classroom, church, playground and, ultimately, to every bedroom...

Americans should know that the NAACP's strategy is based upon the premise that the Negro problem will only be solved with total "integration". And that this can be achieved (according to the NAACP) only by forcing whites and Negroes into intimate and prolonged contact from infancy on: at school, at play, at church, in sports, in social affairs, and at work. That is the NAACP goal, and they will never be satisfied with less.

It is for Americans to decide now whether they want this kind of enforced "equality" or not. If they don't want it, they must strike back now -- before it's too late. Let's stop this assault upon American freedom! Let's put the NAACP and its alien promoters out of business! Let's fight back!

and the "Human Rights Covenant" would take precedence over the U. S. Constitution, they would in effect contravene the Bill of Rights by imposing drastic restrictions upon freedom of press and freedom of speech for all Americans. That's because the central purpose in both of these schemes is the abolition of "racial prejudice" and "discrimination" in any form. To insure this, these measures would outlaw the dissemination of all literature and reading material tending to "libel" minority racial groups, and would make it a crime to advocate doctrines which might bring "mental anguish" to racial minorities. Stripped to bare essentials this means that if the Genocide Treaty is ever adopted by the United States, it would become unlawful for any American citizen to speak or write critically of any Jewish group or organization, regardless of whether the criticism was justified or not.

A THREAT

The threat thus posed to our Constitutional liberties is not to be taken lightly. Forty-four nations have already ratified the Genocide Treaty, and there is unrelenting pressure to force the United States to ratify it.

In this connection it should be noted that although a majority of the U. N.'s membership is bound by the Genocide Treaty, there has been no attempt thus far to enforce it. One reason, of course, is that the one-world crowd has chosen to soft-pedal the issue until the United States can be made a party to the treaty; another is that no effective machinery exists for its enforcement.

This brings us back to the charter revisions which are to take place this year, because among the contemplated changes is one which calls for setting up machinery to enforce the provisions of the Genocide Treaty.

ATTORNEY GENERAL

This was dramatically revealed a short time ago when the United Nations convened a special "Social, Humanitarian and Cultural Committee" for the purpose of drafting proposed changes in the "Human Rights Covenant" in preparation for the 1955 charter overhaul. Probably the most significant proposal advanced at that conference was a Jewish-inspired plan for the creation of an "Attorney-General" of the United Nations, whose function it would be to prosecute individuals and/or organizations who violate the Hu-

Uruguay Urges Post Of Attorney General For Human Rights At United Nations

UNITED NATIONS, N. Y. — Establishment of an office of Attorney General for Human Rights, empowered to receive and press complaints of human rights violations from any individual against a country was advocated before the General Assembly's Social, Humanitarian and Cultural Committee this week.

Dr. Francisco Gamarra, Chief Justice of Uruguay and head of his country's delegation to the General Assembly, called for approval of the Attorney General principle when he closed the committee's debate on the draft of a Human Rights Covenant.

His proposal called for such a UN official to receive complaints from individuals and organizations and to make preliminary investigation of alleged violations of the covenant. The Attorney General's first duty after investigation would be to attempt to find a solution by "conciliatory negotiations" with the governments concerned, Dr. Gamarra suggested. If these negotiations failed, he would be empowered to refer the complaints to the proposed human rights committee.

Dr. Gamarra said that since the proposed Attorney General would represent the international community rather than the alleged injured party the plan would avoid such controversial questions as whether an individual were subject to international law or whether a complaint were being made against a state for "ulterior motives."

In the above article, the AMERICAN HEBREW describes the proposed plan for creating an "Attorney-General of the United Nations", which Jewish pressure groups hope to incorporate into the UN charter in 1955. Although the proposal was officially

man Rights Covenant and the Genocide Pact (see cut above).

The proposal was actually offered by the Uruguayan delegate to the General Assembly, Francisco Gamarra, but as the Jewish press has not hesitated to point out, the real inspiration for the idea came from Jewish sources.

JEWISH INTERESTS

It is important to note that the organization most active in the agitation for a U. N. "Attorney-General" is the American Jewish Committee, which works through an organization known as the "Consultative Council of Jewish Organizations." Spokesman for this organization is Moses Moskowitz, whose full time job is to lobby for "Jewish interests" at the United Nations.

In a recent article in the B'nai B'rith Messenger, syndicated columnist David Horowitz revealed that it was Moskowitz and his organization who . . . "originally proposed the establishment of an office of a U. N. Attorney-General on Human Rights" (see cut). Moskowitz was also quoted as saying that the Attorney-General idea is the "key to an effective international protection of human rights."

A HIGH CRIME

"We are interested," said Moskowitz, "in every move that strengthens the U. N.: we are

and free, incidentally, to continue his anti-American activities.

It would be interesting to know just who is responsible for allowing one of the most dangerous officials in the country not only to escape U. S. jurisdiction, but to actually flee to a Communist sanctuary where he will be in a position to bring further harm to this country. But since the deal was arranged jointly by the Justice Department and the Immigration Service, it would appear that someone in one of those

advanced by the chief of the Uruguayan delegation, the scheme is obviously of Jewish origin (see cut below). The idea is to put teeth into the Genocide Convention (already ratified by 44 nations) and the so-called Human Rights Covenant, both of

concerned with international law; definition of aggression; the Code of Offenses Against Peace and Security of Mankind; criminal jurisdiction; international cooperation for economic and social advancement, etc. . . . Before the U. N. Human Rights program, and in particular the Covenant on Human Rights, can take on reality, you have to have the necessary elements that make for a strong international community."

Moskowitz's conception of a "strong international community" is, needless to say, a world gov-

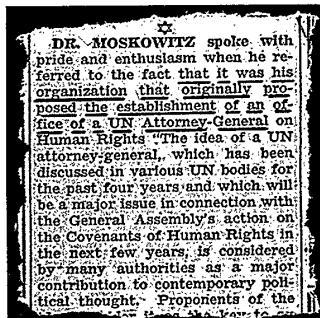

ernment. And as a first step in that direction he and his organization are trying to set up a United Nations "Attorney-General" who would have authority to reach into any nation and indict one of its citizens for "offenses against humanity"—meaning, of course, any person or organization daring to criticize or oppose Jewry. For "anti-Semitism," under the so-called "Human Rights Covenant," would be a high crime. . . .

CONCLUSION: It is abundantly clear that organized Jewry will try hard in 1955 to see that the U. N. charter revisions are directed toward the establishment of a world government. And of all the schemes thus far proposed, the idea of creating an "Attorney-General" of the United Nations is the most insidious and the most dangerous. It is not, however, the only one to watch out for. The Baruch plan for turning our atomic weapons over to a United Nations army is almost as dangerous.

And so long as we remain in the United Nations, the possibility will always remain that some sneak maneuver will throw us into a world government before we know what has happened. That is why we believe that 1955 would be a good year not only to revise the U. N. charter, but for us to withdraw from that organization altogether. . . .

knowledge and experience in the U. S. could be utilized to the best advantage.

No matter how you look at it, the deal to allow Irving Potash to catch a boat to Poland has an odd twist to it. Common criminals are not as a rule allowed to escape punishment simply because they qualify as "undesirables," the question naturally

In the above clipping, taken from a recent issue of the B'NAI B'RITH MESSENGER, the American Jewish Committee's Moses Moskowitz is quoted as saying: "that it was his organization that originally proposed the creation of a U. N. Attorney-General" . . .

NO TRIAL

But unlike his co-defendants in the Medina case, Potash will not be brought to trial on those charges; instead he was given a visa to Communist Poland, where he is now safe from prosecution

In any event it is important to find out not only who is behind the move, but why they are behind it. It should be recalled that over 100 of the most dangerous Communist officials in the U. S. are either under sentence or indictment for violation of the Smith Act at the present time. Many of these, like Potash, are alien Jews*. And since they are of no use whatever

FEDERAL AID TO EDUCATION MEANS FEEL

Matusow Case A Communist Ruse

Jewish Turncoat Witness Exposed As Red Plant

WASHINGTON—The Communist Party, in what appears to be one of its most successful propaganda coups in years, has planted a witness on the Justice Department. He is Harvey Matusow, a Brooklyn Jew who pretended to repudiate the Communist Party in order to win the government's confidence. What is more, Matusow actually appeared as a government witness in several Smith Act cases, the most important of which involved the conviction of the 13 members of the "second-string politburo" early in 1953. Although Matusow apparently gave no information not already known to the FBI and the Justice Department (since the available evidence made their conviction almost a certainty anyway) his testimony did figure in the government's case against the defendants.

SMART MANEUVER

Matusow's role as a government witness placed him in an ideal spot because (as later developments proved) it gave him an opportunity to disavow his testimony at the psychological moment. That moment came last month when the 13 convicted Communist leaders appealed their case to the Supreme Court and were refused a review. Matusow promptly came forward with the claim that his own testimony had been perjured, and that he had been aided and coached in giving false testimony by the Justice Department. The idea, of course, was to give the defendants a new basis for demanding a re-trial—a maneuver which at the moment does not appear to have been successful.

But of even more importance in the long run will be the effect. Matusow's treachery will have upon the credibility of future witnesses in cases of this sort. For years the Communist Party has carried on a venomous campaign of vilification and slander against former Communists who have become government witnesses, for it was on their testimony that many of the Smith Act convictions have been obtained.

COMMUNIST LINE

The Communist line in all such

Shown above is Harvey Matusow, whom the Communist Party managed to plant on the Justice Department as a government witness. Matusow, a Brooklyn Jew who professed to repudiate Communism, was a voluntary government witness in a number

of Smith Act trials which resulted in convictions for several Communist leaders. By retracting his testimony at a strategic moment, he has given the Communist Party its most potent propaganda victory of the year. The Party now claims its leadership

has been convicted on perjured and framed evidence, and that, furthermore, the testimony of all former Communist witnesses is false. Meanwhile Matusow, who has written a book about his exploits, remains free despite his self-confessed perjury.

cases has been to cast doubt on the reliability, integrity and even the sanity of any such witness. Former Communists such as Elizabeth Bentley and Whittaker Chambers in particular have been targets for this type of smear attack. The Communist aim in all such cases has been to create doubt in the public mind, and especially in left-wing and liberal circles, as to whether any former Communist should be accepted as a witness.

PROFESSIONAL LIAR

In the case of Harvey Matusow they have brought their propaganda campaign to a pinnacle. Matusow, who willingly and enthusiastically testified against the Party until a short time ago, is now proclaiming far and wide that his testimony was perjured, and that in addition the testimony of all other former Communists is false. At one press conference he solemnly assured newspapermen that he became a "professional witness because it was a good racket." Three weeks later he told a Senate investigating Committee that Elizabeth Bentley had confided to him that some of her testimony was fabricated. On another occasion he appeared in Federal Court, where a motion for a re-trial of the 13

second-string Communist leaders was in process, to state that he had "dreamt up" false statements as a "selling point" for his services as a government witness. . . .

A RED VICTORY

Needless to say, the Communist and left-wing press has reported all this with considerable enthusiasm. And as a result of that publicity it is certain that the Communists have been at least partially successful in their campaign to discredit the reliability of all testimony given by former Communists, and in this they have won a considerable victory. That, of course, is why Matusow was planted on the Justice Department to begin with. . . .

SIDE LIGHT: There has been considerable speculation in some quarters as to the motive behind Matusow's recantation. Rep. Francis Walters, chairman of the Un-American Activities Committee, has publicly stated that the Party planted Matusow on the government to discredit anti-Communist investigations. Senator Jenner and other experienced investigators have concurred in that opinion.

On the other hand there has been some conjecture among newspapermen that Matusow was inspired by commercial considera-

tions, their contention being that his performance was meant to obtain publicity for a forthcoming book describing his experiences as a "professional government witness." But since such a book fits nicely into the Communist propaganda scheme anyway, and is in fact being widely advertised in the Communist newspapers, it is far more likely that the motive cited by Rep. Walters and Senator Jenner is the most plausible.

Incidentally, the National Jewish Post, in its Feb. 25th issue gave still another explanation for Matusow's behavior. Describing him as "a kid from the Bronx," the Post reported that Matusow was inspired by an inscription he saw on a New York synagogue. This, driveled the Post, "had a sudden crystallizing effect on his religious beliefs. . . ."

But whether the inspiration for his treachery came from a synagogue, or more directly from the Communist Party, one thing is certain; the next time a "former" Communist volunteers testimony for the Justice Department, they had better check his racial origin. A "former" Jew-Communist, like a "former" hunch-back, is extremely hard to find. . . .

Potash Free

Continued From Page 2

known enemy agent to obtain a visa under those conditions; neither, for that matter, would any country. Perhaps we should find out why our own authorities decided upon such a course. . . .

CONCLUSION: Congress should determine without delay what is behind this hush-hush maneuver to allow Potash to escape from U. S. jurisdiction while under indictment. The possibility that other similar deals are in the making should also be investigated. The proper place

for these Communist criminals is in a federal penitentiary—not at a Communist's desk behind the Iron Curtain. For our own protection these skilled, highly trained, and extremely dangerous agents should not be let out of the country.

Pontecorvo

scribed as "an Italian-born British scientist," is really neither British nor Italian, but Jewish. He skipped to Russia in 1950, taking with him, a goodly share of Britain's hydrogen bomb secrets. He is regarded as the "second most deadly spy" ever to deflect

to the Communists, Klaus Fuchs being rated number one in that category.

NOTE: It was the arrest of Fuchs by British authorities in 1949 which broke the famed Rosenberg spy case in this country in which nine Communist spies (eight of them Jewish) were subsequently convicted. . . .

Belsky Discharge

and both took refuge in the Fifth Amendment. In each case McCarthy demanded they receive a dishonorable discharge and court martial; instead, both received promotions and honorable dis-

charges.

Ironically, it was the clash between McCarthy and Army-Secretary Stevens over the Peress case which resulted in the bitter Army-McCarthy row of last year. The ultimate outcome of that procedure, of course, was the censure of McCarthy by the Senate later in the year. . . .

It would appear, however, that neither Army-Secretary Stevens nor the Pentagon clique responsible for the Peress imbroglio have learned anything from the experience; since they have repeated their performance to the letter in the case of Marvin Belsky. . . .

Hearst

Continued From Page 1

The Hearst interview, as reported by Kingsbury Smith, took place in Svetlana's . . . "small apartment in the center of Moscow." The article described her in great detail, from her hair ("cut short in a fluffy fashion") to her costume ("pink and beige pullover sweater, a brownish tweed skirt and good looking pumps") to her general appearance, which was described as . . . "more Irish than Russian. . . ."

SLIGHT OVERSIGHT

There was a description of her apartment (it had a television set) and of her two children, and even of the plate containing . . . "oranges, apples and nuts" on her table. Conversation regarding her father and of her brother, Vasily Stalin, were dutifully reported. In all it was a rather detailed account. But nowhere in the article was mention made of her husband, nor was she referred to by her married name. The reason for that oversight, of course, is set forth in the opening paragraphs of this article. Because it so happens that Svetlana Stalin is married to the son of the most powerful Jew in all Russia, and his name is Mihail Kaganovich, son of First Deputy Premier Lazar Kaganovich.

Kingsbury Smith and Bill Hearst, Jr. are both aware of that fact, and they are likewise cognizant of the fact that Stalin's third wife was also named Kaganovich. Rosa Stalin, only surviving wife of the dictator, is the sister of First Deputy Premier Kaganovich. . . .

HEARST AFRAID

But these are facts which even the great Hearst press fears to print, just as it fears to print the truth about the racial identity of the U. S. Communist Party. That is why you may occasionally be given the superficial details concerning the rulers of Russia, but seldom if ever given the details concerning their racial origin—which in this case is the very key to the whole situation.

MYSTERY EXPLAINED

As a matter of fact much of the mystery surrounding the present leadership of the Soviet Union can be traced to the racial aspect. It is no accident that the world is being kept in darkness as to who the real rulers of Russia actually are; on the contrary it is part of a fundamental design. The outside world is not allowed to learn the identity of the Kremlin's real rulers for the simple reason that they are Jewish. There is no other reason why their identity should be kept secret, nor is there any other reasonable explanation.

MALENKOV

As for the recent fall of Premier Malenkov, which incidentally occurred during Hearst's visit to Moscow, readers of the AMERICAN NATIONALIST will not find the event particularly surprising. In the March 10th, 1953

Press Report

SPECIAL—You should write your Congressman about this one: In 1950 Congress passed a law making it mandatory that all Communist material sent through the mails should bear the endorsement: "Disseminated by a Communist Organization". Although that law was passed five years ago, the Postal Department for some strange reason has not enforced it. This despite the fact that virtually all Communist propaganda is mailed under second and third class permits at a loss to the Post Office. It is estimated that three Communist newspapers alone (DAILY WORKER, MORNING FREIHEIT, PEOPLE'S WORLD) mail out nine million pieces of propaganda annually. That's forty-five million pieces since 1950—all of it subsidized by the Postal Department. And now the postal people are asking Congress for increased postage rates for everybody—because they say they are losing money on their second and third class mail. . . .

WASHINGTON, D.C.—Our kept press has not reported on it, but on March 5th some 600 delegates representing the 16 major Jewish organizations in America convened in Washington, D.C. Describing it as . . . "a conference of delegates . . . reflecting every important phase of Jewish communal life", the B'nai B'rith Messenger stated that: "It will mark the first meeting of top American leadership since Israel gained her independence nearly seven years ago" . . . Purpose of the conference is to mobilize U. S. Jewry for the growing crisis between Israel and the Arab countries . . . (NOTE: This could be the tip-off for a renewed Jewish war of aggression against the Arab nations. Despite Jewish propaganda to the contrary, Israel is the only state in the Middle East capable of waging such a war).

WASHINGTON, D.C.—The Jewish-led organization which calls itself the National Association for the Advancement of Colored People (N.A.A.C.P.) formally demanded this month that the Federal Government compel the Southern states to accept Negroes into National Guard units so that "thousands of Negro young men" could be "utilized for national defense" . . .

LOS ANGELES—The B'nai B'rith Messenger reports that the Yiddish racketeer and newspaper publisher, Hank Greenspun, recently delivered a speech before the Sinai Temple in Los Angeles on the topic of "Demagogues and Democracy". Greenspun was indicted by a Federal grand jury last year for publishing material tending to . . . "incite the murder or assassination" of Senator Joseph McCarthy.

WASHINGTON—Since World War II a total of eleven Communist spies—ten of them Jewish—have been convicted in this country on espionage charges. Last month one of the eleven, Judith Coplin, learned that she will never have to serve her sentence. Judith was originally convicted in 1949 for passing government secrets to a Communist official at the UN. On a technicality her ten-year sentence was set aside. Now the Justice Department has decided against bringing her to trial again.

issue of the AMERICAN NATIONALIST, shortly after the death of Stalin, we analyzed the situation in Russia as follows:

"It is altogether likely that Stalin's power has been inherited by a group of Party functionaries, rather than by any single individual," we wrote at the time. "Today Russia is ruled by a ten-man 'Presidium of the Central Committee of the Communist Party,' which has replaced the old Politburo. Five members of this group in turn comprise the 'Presidium of the Council of Ministers,' of which Malenkov is chairman. The other four deputy-chairmen of the Presidium are: Molotov, Kaganovich, Bulganin

and Beria. These are the 'Big Five' of the Communist hierarchy. They probably do not wield equal power. The two senior members of the group, Molotov and Kaganovich, are 'Old Bolsheviks' who were closely associated with Stalin before the Revolution. Kaganovich (a Jew) is also a brother-in-law of Stalin, while Molotov (married to a Jewess) served with Stalin as co-editor of Pravda previous to 1917. Significantly, Malenkov is the youngest of the 'Big Five,' while Beria is but a year older. Both were in their teens at the time of the Revolution, and are regarded as members of the 'New Generation.' Bulganin joined the party in 1917.

"Molotov and Kaganovich, as the only 'Old Bolsheviks' on the Presidium, and because of their close association with Stalin, are undoubtedly the two most powerful men in Soviet Russia; a third or fourth member of the Presidium may or may not share their authority. In either case Malenkov looks more like a puppet than a Dictator. . . ."

Thus did we analyze the situation in Russia in March of 1953, shortly after Stalin's demise, and at a time when Malenkov was being widely hailed as the new Russian dictator—and when Beria was regarded as the number-two man in all of Russia.

As events later proved, Malenkov did turn out to be a puppet, while Beria—who incidentally was half-Jewish—never got off of first base in the game for power.

STILL DICTATOR

In our estimation this means that from their positions as First Deputy-Premiers of the Soviet Union, Molotov and Kaganovich are still the real power in Soviet Russia. Bulganin, the only other member of the original Presidium, has been elevated to the figure-head position of Premier—the spot held until recently by Malenkov. It is possible, and even probable, that a third man in the person of Khrushchev may share their authority, but in the last analysis it is the two "Old Bolsheviks"—Molotov and Kaganovich—who are to be reckoned with. . . .

CONCLUSION: As frequently emphasized by the AMERICAN NATIONALIST, it is virtually impossible to understand or evaluate Communism except as a Jewish-led movement. This means, among other things, that whoever wields power in Soviet Russia will be Jewish, or possibly a person married to a Jewess and therefore regarded as trustworthy—as were both Lenin and Stalin. In no other way can the vast Jewish bureaucracy of Russia be controlled.

In this connection it should be noted that at the time of the Bolshevik Revolution in 1917 the Jewish population of Moscow was less than 20,000, since their residence there was drastically restricted by the Czarist government. But today, by contrast, 500,000 Jews reside in Moscow (as reported in the New York Times and elsewhere) and it is from this vast Jewish reservoir that the higher echelons of the Soviet bureaucracy are recruited; these are the rulers, and masters of Russia. And it is a foregone conclusion that no non-Jew will wield power over them. That is why we believe that Molotov and Kaganovich, as representatives of Jewry, and as the ranking members of the Presidium, are the true rulers of Russia today.

ALIEN MASTERS OF TELEVISION INDUSTRY CORRUPT AMERICAN YOUTH

INTER-RACIAL FUN...

BRAIN-WASHED KIDS MOB NEGRO IDOL FOR AUTOGRAPHS

CROONER ROY HAMILTON & TEEN-AGE FANS

LORRAINE DAY, DUROCHER & FRIEND

"I wouldn't mind dying", sighed a white bobby soxer, "if Roy Hamilton would promise to come to my funeral and sing 'You'll Never Walk Alone'. To the accompaniment of this sickening drivel, Negro crooner Roy Hamilton was besieged by screaming white teen-age fans in

Detroit recently. And if our alien-controlled entertainment industry is successful in its current effort to glamorize Negro performers, you may yet see the day when your own daughter will react in similar fashion. It's being planned that way....

During the past year a veritable parade of Negroidal entertainers have made their way into the living rooms of tens of millions of American families via the medium of television. The effect upon our youth of this constant exposure to Negro bobby-sox idols and jazz musicians is almost beyond calculation, as the photos above will attest. Television is literally and actually paving the way for universal mongrelization -- which of course is the ultimate goal of the aliens who own and control the industry anyway...

Since public interest obviously will not sustain these Negro performers on the basis of merit alone, the nation's three major Jewish-owned TV networks (i.e. NBC, CBS, ABC) have hit upon the device of working Negro entertainers into "guest spots" on popular family programs as a means of getting them into your living room. An idea of just how widespread this practice is can be gained from the fact that practically every major program on the air last year featured at least one colored "guest star" during the season -- and from all reports the practice will be extended the coming year. The object of all this, if you haven't already guessed, is to brainwash American youngsters into accepting Negroes as absolute "equals" -- at school, in sports, at church, at work, and ultimately, in marriage. If you doubt the effect of this type of propaganda on our youth, take another long and close look at the photos above. It is a preview of what our Jewish-run entertainment industry is preparing your child for...

EASTLAND RIPS SUPREME COURT

Navy's Action In
Landy Case Based
On Good Evidence

WASHINGTON, D.C. — Another Jewish security risk made the news last month to the accompaniment of a great deal of weeping and wailing from organized Jewry, which as usual sought to depict the suspect as another victim of "witch hunting". He was Eugene Landy, a student at the United States Merchant Marine Academy who was denied a Naval Reserve commission after the Navy learned of his mother's Communist activities.

Indicative of the awful power which Jewish and left-wing elements in this country exert over the wire services, the press, and radio nets was the way the story was presented to the American public. Heart-tugging stories of Landy's patriotism and anti-Communist sentiments blossomed forth like magic on thousands of newsstands. The public was saturated with endless recitals of his brilliant record as a student, and of his successful struggle to persuade his mother to leave the Communist Party eight years

Jews In Control At
Geneva Atom Parley

GENEVA—"Out of about 600 scientists from all over the world who will gather at Geneva August 8 for the two-week International Conference on the Peaceful Uses of Atomic Energy, a total of 104 are Jews". So ran the opening paragraph in a news story in the "American Hebrew" last month (Aug. 5th). Similar stories boasting of the Jewish domination of the Geneva atom conference were carried in numerous other Jewish newspapers, including the west coast's "B'nai B'rith Messenger", which gave a country by country breakdown of the Jewish scientists in attendance.

Heading the American delegation, which contained 62 Jews,

How Lyman Lemnitzer Sabotaged

"(Senator) Ferguson demanded to know how much of the \$10,230,000 provided for Korea in the MAP authorization of July, 1949, and the appropriation of the following October had been spent and how much material had been delivered. Looking as though he'd rather be facing a Russian tank with a can opener, Lemnitzer answered that only a small amount of signal equipment had actually been sent. How much? prodded Ferguson. Very little, Lemnitzer replied. How much? Ferguson insisted. Well, not more than several hundred dollars' worth, Lemnitzer said. Ferguson insisted and Lemnitzer finally put the sum at \$200."

—From NEWSWEEK, July 10, 1950

U.S. Arms Shipments To Korea

You may find it hard to believe, but the four-star Koshier general above is the successor of Generals MacArthur, Van Fleet, Ridgway, and Mark Clark as Supreme Commander of our military forces in the Far East. He is Lyman L. Lemnitzer, and he is the individual responsible for blocking the flow of U.S. military supplies to South

Korea on the eve of the Korean War in 1950. Lemnitzer was called before a Senate Committee by Senators Ferguson, Knowland and others a few days after the outbreak of the Korean War to explain that little detail, and a portion of that proceeding, as described in NEWSWEEK magazine at the time, is quoted above (left).

Yiddish General Appointed U.S.
Supreme Commander In Far East

SPECIAL—A few days after the outbreak of the Korean War in 1950 a Senate Committee conducted an investigation into the reasons behind our shocking failure to provide military assistance to South Korea prior to the outbreak of hostilities. Specifically the Committee sought to learn how much of the \$10,230,000 appropriated by Congress the previous year for military aid to Korea had actually been sent there. To find the answers to these questions the Committee called in the head of the Military Assistance Program (MAP), Major General Lyman Lemnitzer. The paragraph above left (see cut) taken from the July 10, 1950 issue of NEWSWEEK, describes a portion of Lemnitzer's almost incredible testimony.

Under close questioning by Senators Ferguson and Knowland, Lemnitzer reluctantly admitted that only about \$200 worth of military equipment had actually been shipped to South Korea, and this despite the frantic appeals of the Korean Republic for planes, tanks and other vital war material. Although much of Lemnitzer's testimony was suppressed, enough was revealed to demonstrate beyond question that our aid program to Korea had been deliberately and systematically sabotaged. The plain fact is that Lemnitzer, like every other Jew in the U.S. Government, was fanatically opposed

to the anti-Communist South Korean Republic, and used his key position as head of MAP to see that none of the money appropriated for Korean military aid ever reached Syngman Rhee's government.

Last month the American public had good reason to reflect upon all this, because both Lemnitzer and South Korea were again in the news. The headlines were occasioned by a series of bitter demonstrations in South Korea in protest against the continued presence of Communist "truce teams" operating on Korean soil under protection of United Nations (meaning American) troops. The South Koreans,

In Court Decision

WASHINGTON, D.C. — On May 26th of this year one of the South's most distinguished statesmen arose in the U.S. Senate to deliver what was probably the most significant speech of his entire career. He was the honorable James O. Eastland of Mississippi, and his subject was the Supreme Court and its infamous school de-segregation decision of last year.

EASTLAND

Senator Eastland assailed the decision on two counts: first because it had been admittedly rendered on the basis of "psychological, sociological and anthropological" authority rather than upon the Constitution itself, and; secondly, because most of the scientific authorities thus cited by the Court have long and well-documented Communist-front records.

Although Senator Eastland's

Sobelloff Appointment
Blocked In U.S. Senate

WASHINGTON, D.C. — The United States Senate, in a move which surprised most observers, has at least temporarily blocked the appointment of the Russian Jew, Simon Sobelloff, as a judge of the Fourth U.S. Circuit Court of Appeals. Sobelloff, who as U.S. Solicitor-General currently occupies the second highest legal office in the land, is being quietly booted out of the Justice Department as a result of his disgraceful performance in the John Peters case several months ago. Eisenhower's scheme to ease him into a cushy federal judgeship backfired, however, when a group of Senators led by Strom Thurmond of South Carolina held up the appointment until Congress meets next year.

ago. Pictures of cadet Landy and his "widowed mother" appeared in hundreds of newspapers, magazines and newsreels. Editorials by the scores were written on the bitter injustice of the Navy's refusal to commission Landy. From all the public could learn, Landy had indeed gotten a raw deal.

But what the public was not told were the facts concerning Landy's mother, whom the Navy described as being very "close" to her son. To begin with, she was not merely a Communist Party member, but was a recruiter for the Party. And although she claims to have resigned from the Party eight years ago, she has continued her subscription to the DAILY WORKER right up to the present moment—hardly the act of a repentant who has rejected Communism. And finally, when the Un-American Activities Committee sent an investigator to question her after the Landy case made the headlines, she refused to give any information, but instead loosed a blast at the Un-American Activities Committee—a fact, incidentally, not reported by most papers.

Later she did reluctantly appear in closed session before the Committee, but the transcript of her testimony was not made public, although it is known that the Committee questioned her extensively about her activities as a recruiter for the Party from 1937 to 1940. These were just a few of the reasons behind the Navy's decision not to commission Landy—reasons which our controlled

SOBELOFF

Cont. from Page 1)

Simon Sobeloff is no stranger to readers of the American Nationalist. As a matter of fact he was featured in a headline story in our Feb. '54 issue on the occasion of his appointment as Solicitor-General. At that time we denounced the appointment as an incredible blunder, and accurately predicted the eventual outcome:

"To appreciate the significance of the Sobeloff appointment," we wrote at the time, "it must be remembered that the function of the Solicitor-General is to represent the Justice Department in its important cases before the Supreme Court. This means that when important civil rights issues are brought before the Court, Mr. Sobeloff will occupy a key position, since he can in large measure determine the outcome of a given case by the way it is presented. And as a vice-president of the American Jewish Congress (he is also an official in the race-mixing Urban League), Sobeloff can be expected to present such cases in the interest of organized minority groups, rather than in the interest of the United States."

Thus did we analyze the situation just 18 months ago. Now let us check Mr. Sobeloff's record since then to see whether he has in fact acted in the best interests of the United States, or whether,

Hollywood

ILL CRY TOMORROW, based on the autobiography of the Jewess, Lillian Roth, is slated for release soon by MGM. The BENNY GOODMAN STORY will also appear in the theatres shortly. This makes at least a dozen "biographical" pictures featuring Jewish personalities to come out of Hollywood within the past few years, although non-Jews are almost never selected as subjects.

THE \$64,000.00 QUESTION is, as you would expect, a 100% Jewish production. Producer of the show is Louis Cowan. Quizmaster is Hal March. Both Irishmen.

YOU CAN EXPECT an increasing number of Negro "guest stars" to appear on leading TV shows this coming year. This is no indication Negro performers are in greater demand, but is a reflection of network policy. The networks produce many of the popular shows and they are working Negroes into guest spots wherever possible as a propaganda dodge. Idea is to promote a greater public "acceptance" of coloreds.

TWO OF THE MAJOR TV-RADIO NETS, incidentally, have attempted to camouflage their Jewish ownership by taking on Gentile presidents. Thus the president of NBC (actually controlled by the Russian-Jew, David Sarnoff), is Sylvester Weaver, while an Arthur Hayes has been made president and front man for the CBS radio net—although the firm is controlled by the Jew, W. Paley.

LYNN BARI

LYNN BARI, who is Jewish, recently married a Yiddish psychiatrist in a Beverly Hills ceremony. She is the former wife of Sid Luft, now married to the Jewess, Judy Garland.

THE COLGATE VARIETY HOUR, following in the footsteps of Ed Sullivan's TOAST OF THE TOWN, is pushing the interracial theme hard. Other programs which featured Negro performers during the summer months include: MONITOR (Count Basie; Roy Hamilton, Buddy Johnson); HORACE HEIDT SHOW (Lionel Hampton); FRANKIE LANE TIME (Duke Ellington); GARY MOORE SHOW (Rosetta Tharpe); YOU ARE THERE (Jay Sidney); VOICE OF FIRESTONE (Price & Warfield); WOOLWORTH HOUR (Ella Fitzgerald); ARTHUR MURRAY PARTY (Sarah Vaughan and Pearl Bailey). And this, it should be noted, is only a fragmentary listing. It does show, however, how the multi-billion dollar entertainment industry is being used to popularize interracial "culture".

as predicted, he used his office to advance the interests of the NAACP, the American Jewish Congress and other organized minority groups. Two vitally significant cases will suffice to illustrate the point.

The first was the school segregation case, brought before the Supreme Court by the National Association for the Advancement of Colored People. Mr. Sobeloff threw the full weight of the Solicitor-General's office behind the NAACP, and appeared personally before the Court to support the NAACP's stand. In view of his background such conduct was not surprising; but it did serve as an interesting contrast for another civil rights case in which he also became involved. This was the controversial John Peters case.

JOHN PETERS CASE

Peters, a Yale professor, had been dismissed from a government position as a security risk following an adverse ruling by a Loyalty Review Board. With some 16 charges of Communist collaboration against him, there seemed little doubt as to his security status, but Peters took the matter to the Supreme Court on the contention that he had a

right to "face his accusers"—meaning the right to delve into the government's confidential files and sources of information.

The Justice Department attached especial significance to the case because a ruling in favor of Peters would have in effect destroyed the government's entire security program. For that reason the Justice Department took great pains to prepare its case against Peters. It was at this point that Sobeloff figured in the picture, because as Solicitor-General it was his duty to argue the government's case before the Supreme Court. Sobeloff flatly refused. Not only that, but he refused to sign the Justice Department's brief in the case—an unheard of action. As a result of this unprecedented situation, Attorney-General Brownell was forced to send an assistant to argue the government's case before the Court. Fortunately, the case was decided on a technicality (in Peters favor) rather than on the basic issue, so that our security program remained intact despite Sobeloff's fanatical attempt to hamstring it.

As a consequence of Sobeloff's attempted sabotage of the gov-

so that no person critical of organized Jewry is ever given publicity of any kind by the press. Now, from all appearances, this technique is being employed in milder form against conservative leaders of both parties who express opinions offensive to the liberal-internationalist set. Senator Eastland's great speech exposing the Supreme Court, for instance, was completely blacked out. Senators Knowland, McCarthy, Jenner and others are getting similar treatment, while the floodgates of publicity are opened wide for turncoats like Senators George and Kefauver.

ernment's loyalty program, Attorney-General Herbert Brownell has since made a determined effort to remove him from his key position without too much embarrassment to the Eisenhower administration—which, of course, is responsible for him being there in the first place. The nomination of Sobeloff to a judgeship in the Fourth Circuit Court of Appeals was the apparent solution—until Congress blocked the move by refusing to confirm the appointment. It remains to be seen whether it will be approved when Congress convenes again next year. Meanwhile, Sobeloff remains as Solicitor-General—the second highest legal officer in the United States today.

SIGNIFICANCE: Although the bitter feud between Sobeloff and Herbert Brownell over the handling of the loyalty program has largely been suppressed by the wire services, Sobeloff's appointment to the key position of Solicitor-General is now commonly recognized in Washington as an Eisenhower blunder. But if that original appointment was a blunder, the present attempt to place him in another government position takes on the color of stupidity, for there is no question now as to Sobeloff's unfitness. The fact that Eisenhower would again appoint this Russian-Jew to a high government position for a second time, and over the heads of literally hundreds of better qualified men, makes it all the more apparent that he is incapable of exercising competent judgment in these matters. It will remain for Congress to exercise it for him by again blocking Sobeloff's appointment when it comes before the next session. Sobeloff should and ought to be removed not only from the Solicitor-General's office, but from the government of the United States in any capacity.

Red Psychological "Experts" Exposed

(Continued from Page One)

dynamic speech was completely suppressed by the nation's wire services, its effect was not lost upon the South, where tens of thousands of copies have been distributed to local officials, legislators and others concerned with preserving racial self-respect in their respective states. Senator Eastland's great speech, despite wire service censorship, is destined to become the chief rallying point for Southern resistance to the Supreme Court's near-criminal school segregation decree of May 17, 1954.

To appreciate why this is so, it is necessary to have some knowledge of the background to the Supreme Court's de-segregation decision, for it must be remembered that the Court did not merely hand down a decision in this case, but at the same time reversed a previous Supreme Court ruling which had been in effect as the law of the land for generations. This was the famed "separate though equal" doctrine, first enunciated in the case of "Plessy vs. Ferguson" in 1896, and sustained by numerous Supreme Court rulings since then.

PLESSY vs. FERGUSON
In the "Plessy vs. Ferguson" case, the Supreme Court affirmed the right of Negro school children to equal educational facilities with whites, but ruled that nothing in the Constitution required they be educated in the same schools. "Legislation is powerless," decreed the Supreme Court in 1896, "to eradicate racial instincts or to abolish distinctions based upon physical differences, and the attempt to do so can only result in accentuating the difficulties of the present situation. If the civil and political rights be equal one cannot be inferior to the other, civilly or politically. If one race be inferior to the other socially the Constitution of the United States cannot put them upon the same plane". Thus spoke the Supreme Court in 1896, and thus was the time-honored "separate though equal" doctrine born. Until May of 1954, when Earl Warren, Felix Frankfurter and their left-wing cohorts reversed it, the "separate though equal" concept was universally recognized as the law of the land.

ENTER THE "EXPERTS"

In outlawing the "separate though equal" doctrine Mr. Warren's Supreme Court did not rely upon the Constitution itself for authority, nor did it seek to imply that the authors of the 14th Amendment intended that the races should be forcibly mixed when they wrote the Amendment. As a matter of fact the Supreme Court did not go to the U.S. Constitution at all for its authority, but relied rather on a number of psychological and sociological "experts" to justify its decision. As the outraged Senator Eastland put it: "The Supreme Court could not find the authority for its decisions in the wording of the 14th Amendment, in the history

Some of the Supreme Court's Psychological Authorities

In handing down its infamous de-segregation decision of May 17, 1954, the Supreme Court did not go to the U.S. Constitution for its authority, but instead relied upon the "expert" opinion of a number of psychologists and sociologists to justify its decision. An analysis of the 8 "modern authorities" cited by the Supreme Court

the RECORD, as follows:

K. B. Clark, Effect of Prejudice and Discrimination on Personality Development (Midcentury White House Conference on Children and Youth, 1950); Witmer and Kotinsky, Personality in the Making (1952); G. F. Deutscher and Chein, The Psychology of Enforced Segregation: A Survey of Social Science Opinion, 26 J. Psychol. 239 (1948); Chein, What are the Psychological Effects of Segregation Under Conditions of Equal Facilities? 3 Int. J. Opinion and Attitude Res. 222 (1949); Brameld, Educational Costs in Discrimination and National Welfare (McIver, ed., 1949), 44-48; Frazier, The Negro in the United States (1949), 674-681. And see generally Myrdal, An American Dilemma (1944).

(see inset above, taken from Congressional Record) shows that 6 of these have Communist affiliations, or else are linked with radical organizations such as the NAACP or the American Jewish Congress.

NOTE: The Court's strange reliance upon pro-Communist "experts" becomes a little more understandable when we remember

that two of its members (Frankfurter and Reed) stepped down from the Court to testify as character witnesses for Alger Hiss at his trial, while a third (Hugo Black) once doffed his judicial robes to accept an award from a Communist-front organization. Another member, Douglas, is currently touring Soviet Russia.

of the Amendment, or in the decision of any court. Instead, the Court was forced to resort to the unprecedented, unsound, and irrelevant authority of a group of recent partisan books on sociology and psychology. If this is the judicial calibre of the Court, what can the Nation expect from it in the future? What is to prevent the Court from citing as an authority in some future decision the works of Karl Marx?

Although Senator Eastland's remarks might at first appearance seem a bit far-fetched and exaggerated, an analysis of the so-called psychological and sociological "authorities" cited by

Whatever may have been the extent of psychological knowledge at the time of Plessy vs. Ferguson, this finding is amply supported by modern authority. Any language in Plessy vs. Ferguson contrary to this finding is rejected.

We conclude that in the field of public education the doctrine of "separate but equal" has no place. Separate educational facilities are inherently unequal. Therefore we hold

As indicated above, the Court reversed the Plessy vs. Ferguson decision of 1896, and thus outlawed segregated schools, not because the U.S. Constitution reads differently than formerly, but because psychological knowledge is allegedly more advanced now. But the Court is supposed to interpret the Constitution, not Freud. . . the Supreme Court in justification of its decision fully warrants concern. Because the startling and almost unbelievable fact is that more than half of these "scientific authorities" have Communist affiliations, while most of the others were closely identified with the same minority pressure groups which brought the school segregation case before the Court to begin with. Given below is the incredible record of some of the "scientific authorities" cited by the Supreme Court in its school segregation decision of last year:

Theodore Brameld, whose book, "Educational Costs in Discrimination and National Welfare"

was cited in the Supreme Court decision, has at least ten Communist-front organizations to his credit (see cut, above). His record as a fellow-traveller and as a pro-Communist agitator can be traced in House Un-American Activities Reports from 1938 right down to the present. His name has also frequently appeared in the DAILY WORKER as a supporter of Communist causes.

E. Franklin Frazier's book, "The Negro in America" is likewise named as an authority by the Supreme Court. Mr. Frazier is listed 18 times by the Un-American Activities Committee as a Communist collaborator. As long ago as 1937 he was named, in the DAILY WORKER as a speaker at a Communist-sponsored meeting, and as recently as 1949 he served as vice chairman of a Communist-front organization. And his book, "The Negro in America", was widely advertised in Communist bookstores and publications (including the DAILY WORKER) in 1950—the same book, mind you, which the Supreme Court listed as a reference in its school segregation decision!

Gunnar Myrdal's book, "An American Dilemma", is also listed as an authority by the Supreme Court. Myrdal is a European sociologist brought to this country by the leftist-aiding Carnegie Foundation to conduct a survey of the Negro problem. Myrdal, who knows nothing about the subject, was furnished with a staff of "social experts" by the Carnegie Foundation, who compiled and wrote "An American Dilemma". How many had Communist records? Sixteen of them. A few had only one or two Communist affiliations; others, like Frank Boas and W. E. B. DuBois,

had eight or more citations each.

"The Psychological Effects of Enforced Segregation", by Deutscher and Chein, is likewise offered as a reference by the Court. Both are Jews, and their report on "enforced segregation" was sponsored by the American Jewish Congress, of which Isidore Chein (see cut) is an official. The latter fact is especially noteworthy for the fact that the American Jewish Congress entered a brief in the school segregation case as a "friend of the court".

K. B. Clark's report on "Effects of Prejudice and Discrimination on Personality Development" was similarly listed as a reference by the Court. And K. B. Clark, please note, is an employee of the NAACP—the chief litigant in the case!

And so here are the psychological and social "experts" cited as references by the Supreme Court in substantiation of its de-segregation decree of last year. Of the eight individuals named, two (Witmer and Kotinsky) are virtually unknown in the field of social science. Two others have flagrant Communist records—one having 10 Communist affiliations, the other 18.

One other, Gunnar Myrdal, was aided by numerous "social experts" in compiling "An American Dilemma", 16 of whom had Communist front records.

Another, K. B. Clark, was an employee of the chief litigant in the case (the NAACP) while two others (Deutscher and Chein) were connected with the American Jewish Congress—likewise a participant in the case as a "friend of the court".

It was upon the authority of these "experts" that the Supreme Court rendered its decision against segregated schools last year.

LEMNITZER

Cont. from Page 1

incensed over the flagrant abuse of the armistice terms by the Communists, and embittered over what they fear is an impending sell-out by the Eisenhower administration, rioted against the truce teams and against the American troops called out by Lemnitzer to protect them. At the same time Lemnitzer delivered what was generally regarded as an ultimatum to Syngman Rhee against any further demonstration, or use of force, against the Red truce teams.

Thus by an ironic twist of circumstances the U.S. Army found itself last month under the command of a four-star Kosher general—and under strict orders to protect the lives of the very same Communists who shortly before had callously butchered some 8,000 G. I. war prisoners during the course of the Korean "police action". Meanwhile our loyal Korean allies in that struggle were stoning U.S. troops, and in turn being tear-gassed and shot at by the Americans—all because the Eisenhower administration insists upon acting as the special guardians of the Communist spy teams masquerading as "truce inspectors" in Korea. And adding to the irony of the situation was the fact that the United Nations supreme commander in Korea and the Far East—and the man entrusted with implementing U. S. policy there—was none other than the Jewish general who had so adeptly blocked the shipment of military supplies to Korea in 1949-50—Lyman Lemnitzer.

SIGNIFICANCE: To properly evaluate the significance of Lemnitzer's appointment as Supreme Commander in the Far East—a position formerly held by such men as MacArthur, Van Fleet, Ridgeway and Mark Clark—it must be remembered that the Dulles-Eisenhower policy there is merely an extension of the old Acheson-Truman policy. Ultimately this calls for the recognition of Red China, the "neutralization" (i.e. emasculation) of Formosa, the pacification of South Korea, and the admission of Red China to the U.N.

Needless to say, the implementation of such a policy calls for the abject betrayal of the only two effective anti-Communist leaders in the Orient, Chiang Kai-Shek and Syngman Rhee—even to the point of using American military forces against them. As a matter of fact U.S. units are even now being employed to restrain Rhee, just as they were used in the Formosa strait under Truman's orders to restrain Chiang from attacking the Communist-held mainland during the Korean War.

In the past this policy has inspired the bitter opposition of our military commanders in the field. One after another they have returned to the U.S. to denounce the deliberate betrayal of our allies in the Far East, and one after another they have indignantly protested against fighting battles they were not allowed to win.

Press Report

WASHINGTON, D.C.—The failure of the Eisenhower administration to prosecute a single new Smith Act case since the Army-McCarthy hearings of a year ago is arousing considerable comment. More than 100 Smith Act indictments were handed down previous to that.

NEW YORK—Although the press as usual played the matter down, a large number of the New York stage people brought before the Un-American Activities Committee last month were Jewish. One allegedly Gentile witness, Sarah Cunningham Randolph, loudly announced to the press that "... my folks signed the Declaration of Independence"—which may or may not be true. But she is married to John Randolph (also a balky witness) whose real name is Mortimer Lippman.

TEL AVIV—The recent outbreak of hostilities between Israel and Egypt is an inevitable outcome of the recent Israeli elections. The new Ben Gurion government is regarded as a war party, and strongly in favor of aggressive military action against the Arab states. Israel, because of its parasitic nature, is dependent upon foreign money for its continued existence. Fear that this outside income will not always be forthcoming is driving Israel into a war of conquest against the neighboring Arab nations, none of whom can match Israel's military strength.

SPECIAL—In the deep South the NAACP's plan to use Federal courts to force non-segregated schools down the throats of Southerners was running into trouble last month. In Mississippi the state's NAACP president was placed under a 24-hour police guard after two other Negro agitators were found shot. In Hoxie, Arkansas more than 400 irate parents were petitioning the local school board to reverse its decision to mix Negroes and whites. (Only a month before LIFE magazine had hailed the Hoxie board for making what it called "a morally right decision" by integrating its schools.) Meanwhile state officials in South Carolina, Arkansas, Virginia, North Carolina, Alabama, Louisiana, Florida and elsewhere in the South were quietly but determinedly preparing for all-out resistance to the NAACP and the Supreme Court on every front. In Georgia, Attorney-General Eugene Cook hired 15 prominent lawyers as deputies to combat the NAACP on a county-by-county basis. And in South Carolina the schools are preparing to close down one by one as the Courts order them to de-segregate. The school segregation question was a long way from being settled in the South, from the looks of things.

WASHINGTON, D.C.—No mention of it has been made in the press, but Daniel A. Rose, chairman of the Civil Rights Committee of the Anti-Defamation League of B'nai B'rith (ADL) last month appeared before a subcommittee of the House Judiciary Committee to propose enactment of a law to prevent Southern officials from taking any action to circumvent the Supreme Court's school segregation decision. Appearing with Rose was Roy Wilkins of the NAACP.

General MacArthur was the first to protest; he was followed by Van Fleet, Matt Ridgeway and Mark Clark. And together they blew the lid off the mess in Asia.

—This, of course, is where Lyman Lemnitzer comes in, for it is clear that the betrayal of our allies in the Orient, and the appeasement of Red China, could never be engineered so long as men like Van Fleet et al were in command there. The situation obviously called for the appointment of a four-star general willing, and even anxious, to go along with such a policy. And who is better qualified for the job than the little Yiddish general who so readily betrayed South Korea in 1949? Who so thoroughly sabotaged our military aid program to Korea that not even a single rifle or round

of ammunition ever reached its destination? Lemnitzer, on the strength of his shameful record as head of our Military Assistance Program in 1949-50, is unquestionably the man for the job. ... With his appointment the way is paved for the "massive appeasement" of Red China and the final betrayal of our only friends in the Orient, Chiang Kai-Shek and Syngman Rhee. That's why he was appointed.

ATOM PARLEY

were L. L. Strauss, chairman of the Atomic Energy Commission (AEC) and Dr. I. I. Rabi of Columbia University. The second largest contingent of Jews turned

up in the Soviet delegation, which contained 14, including one each from Poland and the Ukraine.

The atomic conference, first of its kind ever held, was officially sponsored by the United Nations. In reality it was the brainchild of Ike Eisenhower, who first advanced his "Atoms for Peace" proposal in December of 1953—of which the recent conference was the outcome.

The avowed purpose of the Geneva atom conference was to explore the peaceful uses of atomic energy and to provide for a mutual inter-change of atomic information. As it turned out, however, the Soviets brought very little information with them, but came fully prepared to learn all they could about the U.S. program. What little information they did divulge, however, showed they had copied their methods and techniques from the U.S., even to the point of using American scientific jargon. They had not even developed scientific terminology of their own.

It was abundantly clear from all this that Mr. Eisenhower's so-called "Atoms for Peace" was destined to be a one-way street, with Soviet Russia the only beneficiary. Actually, with the conference swarming with ubiquitous Semites from both sides of the Iron Curtain, it would have been unreasonable to expect any other outcome, anyway.

SIGNIFICANCE: It should be noted that with the exception of a 30 month interval between 1950-53, our atomic energy program has been under constant Jewish control ever since work on the atom bomb first began in 1943. With one exception, all the atom spies convicted since then have been Jewish, too. (Rosenberg, Gold, Sobell, Moskowitz, Greenglass, Brothman, etc.)

LANDY

Cont. from Page 2

press and wire services have either soft-pedalled, distorted or suppressed altogether.

SIGNIFICANCE: Not only have many of the facts concerning Mrs. Landy's Communist activities been kept from the public, but her racial identity has been suppressed also. And although this at first may seem like an innocent omission, it is nothing of the sort. For it should be noted that with only an occasional exception, practically all the celebrated security cases since World War II have been Jewish. From Harry Dexter White to Wolf Ladejinsky; from Robert Oppenheimer to Corporal Belsky; from Abraham Chasanow to Irving Peress—all have been Jews and all have been defended by organized Jewry.

With these facts at hand the racial identity of the Landys becomes extremely significant, because it provides the key to the situation. And whether Landy is eventually given a commission or not is beside the point; the important fact is that whenever security cases are revealed, the chances are ten to one a Jew will be involved. That's because Communism is, and has always been, a Jewish-led movement.

COMMUNIST SANCTUARY EXPOSED

Exploitation Of Professions Laid To Jew Influence

SPECIAL—A survey recently conducted by FORTUNE magazine reveals the startling fact that certain categories of scientific research in this country are being rapidly taken over by Jews. The FORTUNE survey, which was based on a study of 89 outstanding young scientists in various fields, disclosed that 52% of those engaged in biological and medical research were Jewish. Since Jews constitute only 3 of 4% of our total population (according to their own estimates, at least), this means that Jews, on a per capita basis, are represented in this field by a 30 to 1 ratio over Gentiles. To put it another way, this country's 5 or 6 million Jews accounted for slightly over 50% of the scientists in this category,

Boasting of... "a proud accomplishment", the Brooklyn JEWISH EXAMINER featured the above cartoon to illustrate story on FORTUNE survey.

while 145 million Gentiles accounted for the other 50%.

The FORTUNE survey showed Jews to be less dominant in other scientific fields. In physics and psychology they comprised 18% and 17% of the total, while in astronomy and meteorology there were no Jews at all.

This preponderance of Jews in biological and medical research, and their strange absence in the fields of astronomy and meteorology, can undoubtedly be explained in terms of commercial opportunity. In recent years medical re-

You're not supposed to see the above ads, which appear only in Jewish newspapers. Purpose of these ads is to acquaint Jewish readers with food brands which carry a secret Kosher symbol on their

labels. Since it is doubtful if more than one Gentile out of 100,000 reads Jewish newspapers (or even knows of their existence), the Christian majority is totally ignorant of the situation.

Jews Seek To Suppress Facts On Secret Kosher Food Markings

SPECIAL—The AMERICAN NATIONALIST from the time of its inception has steadfastly refrained from criticizing Jewish religious practices, or the Jewish religion itself, out of a very strong conviction that our quarrel with organized Jewry is essentially political in nature. We are fully cognizant of the fact that neither Communism nor Zionism are theological movements (although both are unquestionably Jewish in character) and we know that at least some deeply religious Jews reject Zionism as thoroughly as they do Communism. And so, while we have continuously fought both Communism and Zionism as secular Jewish movements, we have at the same time made it a practice to leave the Jewish religion out of it. That is why, up till now, we have stayed out of the controversy over Kosher food markings. But now the question seems to have spilled over into the political field, and therefore into our province.

It isn't commonly known among Gentiles, but a growing number of the food and household items on the American grocery shelf bear unobtrusive code markings which designate them as "Kosher". The marking usually consists of the letter "U" in a circle. When a

food, soap or cleaning product carries this device, it signifies that the manufacturer has complied with Jewish ritual requirements as prescribed by the Union of Orthodox Congregations of America.

Among the food products carrying the secret Kosher mark are: Heinz 57 Varieties, Dromedary (cake mixes, etc.), Hills Bros., Ry-Krisp, Adolph's Meat Tenderizer and many others. Among the soaps, detergents and cleansers featuring the "U" somewhere on their label are: Brillo, Fab, Vel, Glim, Cheer, Dreft, Spic-and-Span, Tide, Swirl, Easy-Off, Babo-O, Ajax, Old Dutch Cleaner, etc.

Organized Jewry Gives Sanctuary To Red Traitors

SPECIAL—The big problem of how to deal with the menace of Communism in the U.S. remains with us despite the very wholesome action of Congress in outlawing the Communist Party last month. Actually, of course, no one expects Communist activity to cease, or even slow down very much, simply because the Party has been denied legal status. This is because the tiny (25,000 members) Communist organization is not, and has never really been, the prime source of Communist strength in this country.

As a matter of fact the big secret behind the Communist Party's remarkable power to exert influence in this country, despite its minuscule membership, is its ability to mobilize the almost limitless resources of organized Jewry to its own ends. For it may truly be said that organized Jewry is the instrumentality through which Communism functions in the United States. Today the more than six million Jews in our midst constitute one of the largest and

Gerald Smith and Tenney Bid for Power Balance

SPECIAL—In a move which may have profound national significance, Senator Jack B. Tenney and Gerald L. K. Smith last month took the first step toward setting up a balance of power in California politics which, among other things, could affect the next presidential election. Tenney, head of California's Un-American Activities Committee for many years, and Smith, longtime director of the Christian Nationalist Crusade, kicked off the campaign before an overflow crowd of 1800 cheering Nationalists at the Los Angeles Embassy Auditorium on August 18th.

Behind the Smith-Tenney strategy is the knowledge that many candidates in southern California would encounter extremely rough

PRACTICE RACIAL SELF-RESPECT SUPPORT SEGREGATION !

WASHINGTON

Two significant incidents in Congress last month served beautifully to illustrate the treacherous role of organized Jewry in the ideological conflict between Communism and the free world. The first occurred (on Aug. 4th) when the little Brooklyn Jew, "Manny" Celler, spitefully blocked a House resolution to bestow upon General Douglas MacArthur . . . "the profound gratitude and abiding affection" . . . of the Congress.

CELLER

Ten days later the other side of the coin was revealed when, on the occasion of Vito Marcantonio's demise, one Jew after another (including Celler, Klein and Abe Multer) took to the floor of the House to eulogize their good friend, Marcantonio, as a "... truly good American" . . .

Hatred and calumny for MacArthur; praise and affection for the Communist, Marcantonio—that is the position of organized Jewry. It is also the position of the Communist party.

Gerald Smith and Tenney

going at the polls if opposed by the Nationalists—especially in the more closely contested races. There is also the knowledge that California may again be a borderline state in future presidential elections, as it was in 1948 when Truman racked up the state's 32 electoral seats by a scant 10,000 votes, and as it was in 1916 when Wilson carried the state (and the election) by 2,000 California votes.

Should that situation reoccur the Nationalists might easily swing the election either way, since southern California is the center of Nationalist strength in the U.S. The big problem is how to weld this strength into a disciplined following—a problem which Smith and Tenney are giving a great deal of thought to. . .

Secret Kosher Symbols

(Continued from Page One)

Borden's products, have the letter "H" (see cut) in a square to identify them as Kosher.

NOTE: The letter "R" in a circle usually denotes a registered trademark, while the letter "C" in a circle is a copyright mark. Many cartons also have code letters to designate dates, case lots, etc., which should not be confused with Kosher symbols.

What brought the matter into controversy was a speech by a Mrs. H. D. Strack before the New Jersey Society of the Daughters of the American Revolution (DAR) earlier this year. In her address Mrs. Strack blasted the practice of placing secret Kosher markings on food and household items in no uncertain terms.

Hollywood

It is almost axiomatic that wherever you find Jews you find Communism—and wherever you find Communism you find Jews. That explains, better than anything else, why the Hollywood motion picture industry has over the years harbored the highest concentration of Communists and Communist fellow-travelers of any industry in America. Because it is an indisputable fact that the motion picture is, from top to bottom, a Jewish monopoly. With the exception of Howard Hughes' RKO Pictures and Spyros Skouras' 20th Century-Fox, every major studio is owned and controlled by Jews.

Most Americans, however, find it difficult to reconcile the wealth and privilege of Hollywood's Jews with their unmistakable affinity for Communism, finding it inconceivable that a millionaire film producer or screen idol should embrace a philosophy which supposedly is dedicated to the destruction of all wealth and privilege.

Actually, the answer to this apparent contradiction can be found in the fact that Communism is not so much an economic movement as it is a racial affair. The leaders of Russian Communism are today, as they have always been, predominantly Jewish. And while the Communists carry on their program of world conquest under the banner of economic and social reform, it is a serious mistake to judge Communism as a proletarian or workers movement. For it is not the workers, but the leaders, who have benefited from Communism in Russia. And the leaders are, as we have seen, mostly Jews. That is why Hollywood's wealthy and privileged Jews flock so readily to Communism. They are not interested in it because it is a workers' movement, but because it is a Jewish-led program for world conquest. . .

Shown above with Chou En-Lai is Charlie Chaplin (Thonstein), one of the richest Jews ever to come out of Hollywood. Like all Jews, Chaplin supports Communism not because it is a workers' movement, but because it is a Jewish-led movement.

"Clandestine Kosher markings on household products," she said, "symbolizes how a bold minority can impose its will and even its religious observances upon an apathetic majority" . . .

"I leave it to our ministers," continued Mrs. Strack, "to decide if they want their vestments, alter cloths and communion service washed with a (soap) product upon which another religion has already performed a ritual without their knowledge" . . .

The Jewish reaction to Mrs. Strack's outspoken address was immediate. The Anti-Defamation League of B'nai B'rith (ADL) quickly pressured the DAR into a public disavowal of the speech, and the DAR's New Jersey state regent, Mrs. T. E. Reeves, expressed the Society's "shock" and "regret" over the incident. . .

But the matter didn't rest there. Shortly thereafter Mrs. Reeves herself was censured by seven members of the DAR's Board of Governors, who charged that . . . "the best interests of the Society" had been disregarded in allowing the speech to be made at all.

And somewhat later another outcome of the so-called anti-Kosher speech was reported by the Jewish Telegraph Agency (JTA), which chortled over the fact that the Carteret (N.J.) Womens Club had cancelled a scheduled speech by Mrs. Strack . . . "because of pressure from local groups" . . . By this time Mrs. Strack and the DAR were beginning to learn that one does not

criticize organized Jewry with impunity. . .

From all this it is obvious that organized Jewry is not only determined to keep the white Christian majority in this country in ignorance concerning the existence of Kosher food markings, but is also intent on destroying those who dare to discuss the matter.

By taking this stand organized Jewry has once again taken upon itself the prerogative of imposing censorship over free and open discussion. But in doing so it has removed the question entirely from the province of religion, because while no one will deny all religious faiths the privilege of practicing their own customs and rituals, few Americans are willing to grant ANY religious group the absolute right to suppress free speech. When the ADL and other organized Jewish groups proceed to silence and even punish those who dare to reveal the existence of secret Kosher food markings upon the food we eat, they have indeed stepped onto controversial territory.

This is all the more so in view of the policy which Israel pursues toward its own racial and religious minority. It will be recalled that Israel has a minority situation too, since about 10% of its total population is Arab. But Israel does not allow its Arab minority to place its religious symbols or sanction upon food consumed by the Jewish majority. On the contrary the government requires that all butcher shops

✓The NAACP has, designated Sept. of 1955 as the "target date" for voluntary compliance of the nation's schools with the Supreme Court's anti-segregation ruling. After that date the NAACP will take punitive legal action against those who defy the Court's edict. NAACP also plans to step up its campaign against segregation in public transportation, housing and recreational facilities, (i.e. parks, playgrounds, swimming pools, etc.) during the coming months.

✓Rep. Adam Powell, Negro congressman from Harlem, doesn't like the reception Negro troops are receiving from French women, according to a recent article in the Negro magazine, JET. In an open letter to President Eisenhower, Powell complained that French women have consistently "snubbed" Negroes in the French town of Chateauroux, where a large U.S. airbase is situated. Powell, according to JET, attributed the French attitude to . . . "a vicious program of racial hatred conducted by white G.I's. . ."

✓City officials in Marion, Indiana last month reluctantly opened the city-owned Matter Park swimming pool to non-whites after 11 Negroes brought a \$192,500 suit against the city for denying them their "constitutional rights" . . .

POST A SIGN signifying whether they are Kosher or non-Kosher. The same law prohibits Gentiles from raising pigs in Israel without a special government permit—and permits are given only in the region of Nazareth, where the population is predominantly Christian Arab. It should also be noted in passing that Israel even prohibits intermarriage between Jews and Gentiles, which will give you an idea of how the Jews of Israel practice religious toleration within their own borders.

SIGNIFICANCE: For our part we feel that the Jews in this country should be compelled to abide by the same rules they have prescribed for the Christian minority in Israel.

Laws should be passed obligating food manufacturers to plainly show whether their product is Kosher or non-Kosher—as they do in Israel.

Prohibitions should be placed upon intermarriage between Christians and Jews—as they have done in Israel.

All immigrants should be barred from this country save members of our own race and religion—as they do in Israel.

And above all, the affairs of this nation should be carried on by, and for the benefit of, the majority—as they are in Israel.

We should, in short, end the type of Jewish tyranny as witnessed in New Jersey, where the proud Daughters of the American Revolution were obliged to grovel before organized Jewry because one of their speakers dared to reveal that many of our food products carry secret Kosher food markings. . .

Organized Jewry: Hotbed for Treason

A Privileged Sanctuary For Communist Treason

(Continued from Page One)

most formidable fifth columns in history.

In this respect the situation bears a significant relationship to that which existed in Imperial Russia prior to the 1917 revolution. At that time, it will be recalled, Russia was saddled with the world's largest Jewish population, with almost seven million Jews residing in what was then Russian-Poland and the famed "Pale of Settlement". This vast and restless Jewish minority was the seed-bed and the reservoir of Russian Communism, and it provided virtually the entire leadership for the October Revolution in 1917.

Today, ironically, the U.S. has become the center for the world's Jewish population, and the role of organized Jewry is very much the same here as it was in Czarist Russia 35 years ago—that is to say, it is the seed-bed of Communism in America.

Actually, the relationship of American Jewry to Communism cannot be properly evaluated and understood without some idea as to its organizational structure. Because it is a fact that the Jewish minority is the most highly organized, the most closely knit, the most fanatic and the most energetic of any group in America today. They not only publish a multitude of Jewish newspapers and periodicals, but also maintain a special Jewish Telegraph Agency to service them. They support their own schools, social organizations, fraternal groups, cultural clubs and fund raising units in every city and community where Jews congregate. It is almost impossible for the average American to comprehend the extent to which organized Jewry has established itself in this country. It functions veritably as a nation within a nation.

Perhaps the best capsule description of just how extensively American Jewry is organized is the following, which appears in Encyclopedia Britannica (P. 634, Vol. 13, 1947 edition):

"American Jewry", says Encyclopedia Britannica, "modeling" itself after the structure of the social environment in which it has grown up, is highly organized. If every branch of every lodge were to be included, there would be at least 25,000 individual clubs, societies, groups and synagogues in the United States. Jews are united for purposes of recreation, for hospital and health benefits, for immigrant aid, and for the furtherance of Jewish culture and Jewish education. Extremely numerous are the social and mutual benefit organizations. In all probability the Jews of the United States spend at least \$100,000,000 a year to maintain these various agencies."

The \$100 million figure given by

Depicted above is a partial glimpse of the vast network of Jewish organizations which function as a privileged sanctuary for the Communist conspiracy against the U.S. government. Here's the story behind the pictures:

Last month the Communist daily, "PEOPLE'S WORLD", ran a boxed notice (see inset) announcing that its executive editor, Al Richmond (lower left) would speak at four different locations during the second week of August. (Richmond, it should be noted, is one of the west-coast Communist leaders convicted last year of conspiracy to overthrow the U.S. government.) His announced topic was "McCarthyism and the 1954 Elections", and refreshments and a "cultural program" were featured.

There was nothing in the announcement to indicate the meeting halls were Jewish

centers, but a quick check showed that three of the four were in fact Jewish "Cultural Centers", while the exact identity of the fourth could not be established.

One of the Jewish Cultural Centers (the "Misha Yablun", above left) was situated in Hollywood's well-to-do Fairfax section. Another, the "City Terrace Cultural Center" (above right) was located in east Los Angeles while the third (the "West Adams Cultural Center") was in west Los Angeles. Needless to say, the kind of "culture" dispensed at the meetings presided over by Mr. Richmond was strictly of the Moscow variety. . .

It is important to note that this was no isolated case, but rather a typical example of Communism at work. Over the past two years the AMERICAN NATIONALIST has checked on various "cultural" events spon-

sored by the Communists in the Los Angeles area and almost without exception the participants have been Jewish. As a rule Yiddish is the language most often heard at these affairs, although the "cultural" programs themselves are usually in English.

Nor is Los Angeles the only place where Jewish "Cultural Centers" serve as fronts for Communist activity. A year ago last July, for example, a raid on the "Pittsburgh Jewish Cultural Center" revealed it to be a Communist training school for western Pennsylvania. And last April a similar raid by federal authorities on the "Jewish Cultural Center" in Miami (see American Nationalist, May 10) likewise exposed it as a Communist propaganda headquarters. There have been many other cases; so many in fact that it is difficult to escape the conclusion that organized Jewry is Communism's real fifth-column in America. . .

Encyclopedia Britannica is a pre-war estimate, and it is a certainty that the present annual total is several times that. This year, for example, the United Jewish Appeal (UJA) alone is raising \$194,921,150 (of which part is in loans), most of which is earmarked for Israel. In addition there are the domestic expenditures of organized Jewry, which unquestionably exceeds \$100 million annually—and the Israel Bond Drive, which will raise \$75 million this year. And this is only a partial listing. . .

THE "DEFENSE" AGENCIES

Among its multifarious activities American Jewry also maintains what amounts to a secret police system, with agents in virtually every city and town in America. Altogether there are seven so-called "defense" agencies engaged in sleuthing and propaganda, of which the B'nai B'rith's Anti-Defamation League and the American Jewish Committee are by far the most active.

The primary function of these "defense" agencies is to smother any and all criticism of Jewry, and particularly any evidence linking Jews with Communism. They accomplish this in a number of ways, chief of which is to label

as "anti-Semitic" all information and intelligence which in any way reflects on Jewry. They also disseminate vast amounts of "tolerance" propaganda designed to show Jews in a favorable light.

The Anti-Defamation League (ADL) keeps extensive dossiers on all groups and individuals suspected of "anti-Semitic" proclivities, and their files contain the names and records of every individual American with known anti-Jewish sentiments, including those who subscribe to "anti-Semitic" publications. Total announced expenditures of the above described "defense" agencies last year was \$5,739,000, which is approximately equal to the pre-war budget of the FBI. Never in the history of this nation, nor of any other nation, has a privately financed Gestapo network operated on anything approaching this scale. . .

PRIVILEGED SANCTUARY

Now it is obvious from even this brief sketch that organized Jewry has the potential of a highly efficient, and a highly dangerous, fifth column. Possessing as it does 25,000 membership organizations, untold financial resources, its own secret police and propaganda agencies and six million or

more fanatic adherents, organized Jewry in this country is clearly capable, if utilized as a Communist fifth-column, of wreaking untold damage. And it further qualifies as an ideal base for Communist operations because, unlike the Communist Party, it cannot easily be isolated and outlawed; it is, so to speak, a privileged sanctuary.

THE TIE-IN

This brings us, then, to the final question of the tie-in between Communism and organized Jewry. That there is such a tie-in is indisputable. As a matter of record, the leadership of the American Communist Party has always been predominantly Jewish, as the events of the past ten years clearly illustrate.

JEWISH POLITBURO

For example, when the U.S. government indicted the top eleven officials of the Communist Party (the so-called American Politburo) in 1949, six turned out to be Jews. When this eleven-man Politburo was convicted under the Smith Act, a second-string Politburo took its place. Of its 21 members, 14 were Jewish. Most of these were also convicted of plotting the overthrow of the U.S. govern-

(Continued on Page 4, Column 1)

Organized Jewry

Continued From Page 3

ment. Since then a total of 81 top Communist leaders have been convicted under the Smith Act, of whom well over 60% have been Jews.

JEWISH SPIES

Another index of the Jewish role in the Communist conspiracy against this country is to be found in the spy convictions obtained by the justice department since 1945. Altogether, eleven individuals have been convicted since World War II for espionage activities, of whom ten were Jews*.

Those convicted of espionage activities included the head of the Amerasia ring, Philip Jaffe, and his accomplice, Andrew Roh; it included Judith Coplin, who stole Justice Department secrets for the Russians; and eight members of the Rosenberg spy ring, of whom seven were Jews (i.e. Harry Gold, Abe Brothman, David Greenglass, Miriam Moscovitz, Morton Sobell and the Rosenbergs). Another high ranking espionage agent was the German-Jew, Gerhart Eisler, who fled this country, however, before he could be brought to justice.

COMMUNIST PRESS

Still another index of how deeply the Jews are involved in the Communist conspiracy is their virtual monopoly of the Communist press. Take almost any group of Communist publications you care to name, and the overwhelming majority of its editors, writers and staff will stand revealed as Jews. This is true of the DAILY WORKER, of MASSES & MAIN-STREAM, of the MORNING FREIHEIT, of PEOPLE'S WORLD and of every other prominent Communist organ. There are few if any exceptions.

OVERWHELMING PROOF

This, of course, is only a fraction of the evidence, but it is evidence which cannot be refuted. No person who has studied the Communist conspiracy at close range can escape the conclusion that it is a Jewish-led movement. The proof is too compelling, too overwhelming. And the fact that the American public is generally unaware of all this is due to no lack of evidence on the subject, but rather to the dreadful power of organized Jewry to suppress the true facts of the case under the guise of combatting "anti-Semitism". It is this capacity of organized Jewry to successfully label and discredit those who reveal the connection between Communism and Jewry as "anti-Semites", that makes the problem so difficult. Not until the true relationship between organized Jewry and Communism is clearly understood will we be able to effectively meet the deadly threat now facing us.

Jew Scientists

(Continued from Page One)

search has proven a lucrative field for commercial exploitation, and the discovery of a new vaccine,

antibiotic or drug compound has frequently been the basis for a multi-million dollar industry. As a matter of fact a multitude of business enterprises have mushroomed into existence as the result of simple laboratory discoveries—as in the case of penicillin, aureomycin, the sulpha compounds and literally hundreds of other so-called wonder drugs. And the lucky discoverer of one of these magic drugs often is the recipient of fame, fortune and business opportunity—a fact which quite obviously explains why so many Jews are flocking to the field of medical and biological research.

But scientific research in other fields, such as, for example, meteorology or astronomy, offers no such prospect for commercial exploitation. There are, therefore, no Jews to be found in these fields at all. There you find only Gentiles; men who are interested in scientific research for its own sake rather than for the commercial opportunities it might offer...

This tendency of the Jew to take over and commercialize the various professions represents a problem of growing seriousness for this country. As a point of fact the AMERICAN NATIONALIST has on a number of occasions

(see June 25, 1953) already emphasized the fact that this nation's professional schools are seriously infested with vast numbers of eastern European Jews who, in some cases at least, literally monopolize their chosen field.

B'NAI B'RITH STATISTICS

Statistics published in 1948 by the B'nai B'rith Vocational Service Bureau* (based on a 1935 survey of the nation's colleges and professional schools) bear this out. They showed, for instance, that 45.1% of the nation's optometry students were Jewish; that 26.4% of the dental students, 22.3% of the pharmacy students and 25.1% of the law students were of the same race. Needless to say, these are the professions which lend themselves most readily to commercial exploitation.

By contrast, the same survey showed that only 3.1% of those majoring in education were Jewish. In other words the teaching profession, noteworthy for its poor monetary rewards, was 97% Gentile. Other low paying professions showed a similar scarcity of Jews.

SIGNIFICANCE: It goes almost without saying that any profession attracting large numbers of Jews almost invariably falls under their control. The medical profession, where Jews probably constitute not more than 20% of the total, provides an excellent example of a field which is in fact Jew-dominated. Other professions are similarly blighted. In most instances it is not the mere weight of numbers, but rather the Jew's ability to capitalize upon the commercial end of things which has given them a strangle-hold over many of our professions.

Meanwhile, the problem of how to deal with this massive Jewish encroachment has not yet been resolved, but until it is resolved the cream of our nation's youth will continue to be denied the opportunities and privileges which are rightfully theirs. The FORTUNE survey, which revealed that 52% of the "outstanding young scientists" engaged in medical and biological research were Jewish, is a prime example of what we mean. And so long as our professions (and professional schools) are flooded with hordes of eastern European Jews, all eagerly intent on reaping a financial harvest from their chosen profession, then so long will the problem remain with us. And underlining the seriousness of that problem is the question it poses: the question of how long this nation, or any nation, can retain its national integrity and vitality with its arts, sciences and professions in the hands of alien Jews...

Press Report

FORT MONMOUTH—The U.S. Army has rejected charges brought by the Anti-Defamation League of B'nai B'rith (ADL) that "anti-Semitism" figured in the discharge of security risks at Fort Monmouth. The ADL complaint was based in part on the fact that 38 out of the 42 civilians discharged from the base were Jews. According to the Associated Press report (Aug. 27), ADL officials also claimed that... "a key security officer at the installation was personally anti-Semitic". The Army refuted the complaint after an investigation showed the charges to be false.

SPECIAL—The National Council of Churches, which reports regularly on the membership status of the various religious denominations in its annual yearbook, reveals that Jewish congregations in this country now number 5,000,000. This means the total Jewish population is considerably larger than organized Jewish groups admit, since many Jews (possibly a third) do not attend synagogue at all.

WASHINGTON—Rep. John Tabor, chairman of the House Appropriations Committee, and strong advocate of governmental economy, was sharply condemned by the Jewish press last month for daring to criticize the state of Israel. The incident occurred while Tabor's committee was holding hearings on the question of foreign aid to Israel. At one point, according to the Jewish Telegraph Agency (JTA), Rep. Tabor interrupted foreign-aid administrator Harold Stassen to ask: "Are those people (i.e. the Jews) working over there?" At another point Tabor expressed the opinion that Israel's Jews should... "have a better attitude toward a country like the United States which is doing so much for them"... (NOTE: Rep. Tabor's remarks were probably inspired by Israel's parasitic economic policy. In 1953 Israel's imports totaled \$338 million, while exports amounted to only \$76 million. The deficit was made up by U.S. foreign aid plus aid from Jews abroad.)

SPECIAL—"Doctor" Otto John, the British-sponsored chief of West-Germany's secret police who recently fled to eastern Germany, has probably been a Communist since about 1935, according to an account carried in U.S. NEWS & WORLD REPORT. John, incidentally, fled from Germany after being implicated in the bomb-plot against chancellor Hitler in 1943. After the war John, who is a sex pervert, aided in the prosecution of the German "war criminals" at Nuremberg. Later, as chief of the West-German secret police organization he was instrumental in creating much of the scare-propaganda about the alleged (and imaginary) resurgence of "neo-Nazism" in post-war Germany.

NEW YORK—The Jewish War Veterans (JWV) has vehemently demanded that the Associated Press "admit its error" and retract its story to the effect that the JWV was in any way represented at the testimonial dinner held for Roy Cohn on July 28th. Like all anti-Communist Jews, Cohn is regarded as a renegade by organized Jewish groups such as the JWV...

JEW IN CONTROL OF "LITTLE FEPC"

Contrast Between Millers' Trial And Bachrach Case Hit

WASHINGTON, D.C. — The justice department's recently announced intention to proceed with the long delayed prosecution of the Communist Jewess, Marian Bachrach, should be of special interest to every patriot if for no other reason than that it provides a basis for comparison with another trial which recently attracted national attention — the strange case of Lucille Miller.

BACHRACH

The affair of Marian Bachrach, whose record as a Communist traitor is one of the most flagrant in the country, really goes back to 1952 when she was slated to go on trial with 20 other "second string" Communist leaders for violation of the Smith Act. After pleading ill health, however, she was excused from the case by a solicitous federal court—along with another

Congressmen Criticise Israel For Ingratitude

WASHINGTON, D. C.—A report on Israel recently submitted to the House Foreign Affairs Committee by Congressmen James P. Richards of South Carolina and John M. Vorys of Ohio continues to draw Jewish fire. After a survey mission to the Middle East which included Israel, the Congressmen warned the Foreign Affairs Committee against piping more U.S. funds into the Jewish state. American aid, according to their findings, is not appreciated but accepted as a matter of right. "In Israel", they reported, "the official attitude appeared to be that American aid was so clearly in our interest that acceptance of it involved no obligation to our country."

NEW YORK—Bias complaints against 35 resorts in New York State have been filed with the State Commission Against Discrimination by the American Jewish Congress. The complaints cite advertising of "churches nearby" or similar slogans as proof of discrimination against people of the Jewish faith. The Congress has also called on the government to pass a bill granting Federal aid to medical schools, but urged that such a measure should include safeguards against discrimination because of race, religion or national origin.

The above news item, which appeared in the July 1st issue of the Brooklyn Jewish Examiner (largest of the Jewish weeklies) reveals that the American Jewish Congress has lodged complaints against 35 New York hotel and resort owners for using such phrases as "churches nearby" in their advertising.

Organized Jewry Prosecutes Hotels For Mentioning Churches In Ads

NEW YORK—The powerful, trouble-making American Jewish Congress has, according to the Brooklyn Jewish Examiner (July 1st) filed complaints against 35 New York hotel resorts for what it calls "discriminatory" advertising. The complaints, which were lodged with New York's five-man "State Commission Against Discrimination", allege that by using such phrases as "churches nearby", the resorts are discriminating "against people of the Jewish faith".

The current complaints are reminiscent of a similar situation which arose two years ago (see AN June 10, '53) when the American Jewish Congress hauled three up-state New York resort owners before the same Commission on identical charges. At that time the Commission, by a 3-to-2 vote, sustained the resort owners' right to use the phrases, "bus to church" and "churches nearby" in their advertising. In view of that decision it is not clear why the American Jew-

Union Merger To Result In New Racial Agitation

ATLANTIC CITY, N.J.—The forthcoming merger between the CIO and A. F. of L. will almost certainly result in a stepped up attempt by organized labor to eradicate racial segregation in every phase of American life. The CIO has persistently fought segregation for many years—even to the point of writing non-discrimination clauses into labor contracts and union by-laws. Financial aid to the NAACP has likewise figured in the CIO's "anti-discrimination" program, and CIO locals in some areas have for years sponsored interracial social activities (dances, parties, etc.). And "racial discrimination" by a union member is grounds for expulsion from many CIO affiliates. . .

THE ONLY "ISM" WE ADVOCATE IS AMERICANISM !

Editor's Report

It seems obvious now that the Eisenhower administration has adopted a policy of "massive appeasement" toward Soviet Russia. It should surprise no one, however, to see Eisenhower getting chummy with the Kremlin's butchers, because he has been turning in a similar performance on the domestic front ever since his election. A president who would sit as a guest of honor at an NAACP convention (as Eisenhower did), or who would deliver a nation-wide TV address from the platform of the disreputable Anti-Defamation League of B'nai B'rith (as he also did), would hardly hesitate to sit down with the Kremlin crew either.

As to his proposal to let Soviet "inspection" planes fly over American defense establishments: we place that in the same category with his "civil rights" program right here at home.

FRANK L. BRITTON

After all, a man who would hold Washington D. C.'s interracial schools up as a "pilot model" for the states to follow, and who has fatuously cooperated with every sinister Jewish group in America to promote a "silent race revolution" in this country, is only running true to type when he proposes to invite Communist planes to fly over American soil to inspect our defenses. It's all on the same level of thinking. . .

It isn't that we question Mr. Eisenhower's integrity; on the contrary we believe he is both honest and sincere. So, for that matter, was Henry Wallace. The trouble is that he is sincere about the wrong things. He is sincere, for example, about strengthening the UN, and in his support of FEPC and integrated schools; he is sincerely opposed to the Bricker Amendment, to Senator McCarthy and to virtually all the conservative leaders of both parties. No question about it, sincerity is the one attribute which characterizes Mr. Eisenhower. As a matter of fact we have never known a man to be so sincerely wrong about so many things. . .

Union Merger

(Continued from Page One)

With the merger of the two unions these policies will unquestionably be expanded. Recently George Meany, president of the A F of L gave a clear indication of this in a speech delivered before the Jewish Labor Committee in Atlantic City in which he demanded (1) creation of a compulsory federal FEPC, (2) enforcement of non-discrimination clauses in government contracts, (3) withholding of federal aid from Southern schools which "evade the Supreme Court ban against segregation". . .

Rank and file union members, most of whom are emphatically opposed to compulsory race mixing, will obviously have very little to say about the matter.

Hollywood

IF THERE IS ONE TALENT at which Jews unquestionably excel, it is their penchant for glorifying and glamorizing members of their own tribe. No Jew is ever raised to the saintly status of an Albert Einstein, a Jonas Salk or a Bernard Baruch by reason of merit alone, but always as the result of a persistent and sustained build-up by fellow Jews. And nowhere is the tribal clique more active than in Hollywood, where the Jewish-owned picture industry has hit upon the so-called "biographical" film as a vehicle for ballyhooing prominent Jews (mostly entertainers) into a sort of Kosher Valhalla. Space does not permit a complete listing of all the pseudo biographical movies based on the lives of Jewish characters, but within the past two or three years we have suffered through the "life stories" of Eddie Cantor (EDDIE CANTOR STORY), Ehrich Weiss (HOU-DINI), Sol Hurok (TONIGHT WE SING), Sigmund Romberg (DEEP IN MY HEART), Benny Fields (THIS LOVE OF OURS), Al Jolson (JOLSON STORY)—to name just a few. And there are more on the way. MGM is currently showing the film, LOVE ME OR LEAVE ME, which purports to depict the life story of the Jewish songstress, Ruth Etting. Another film on the life story of Jewish orchestra leader Eddie Duchin, in which heiress Gloria Vanderbilt is slated to play a starring role, is scheduled by Jerry Wald's Columbia Studio Productions. And Walter Wanger has announced production on a picture based on the autobiography of the Jewish senator from Oregon, Richard Neuberger. Also, according to Jewish film columnist Leon Guterman, pictures built on the life stories of Harry Richman, Sophie Tucker, Jack Benny, Milton Berle, George Jessel, Benny Goodman and other Jewish entertainers are also in the planning stage.

Neuberger . . . a movie hero?

Now you would think that in a situation like this, where virtually nine out of ten of the biographical films produced in Hollywood feature Jewish heroes, that even the Jews themselves would admit having the better end of it. But if we are to take the word of the Jewish Telegraph Agency's film columnist, Leon Guterman, this isn't the case at all. Guterman, in a recent article dealing with the subject of Jews whose life stories have been depicted on the screen, makes a point of the fact that Jews have fared well as entertainers, but until recently at least have met with "bigotry and prejudice" in the production and management end of the industry. "For decades", whined Guterman, "the public has shown that it is no respecter of faiths in the matter of choosing its favorite entertainers. . . It is only in the off-stage phase of the entertainment world that people of the Jewish faith have encountered the obstacles of bigotry and prejudice—in production, management and theatre and studio ownership."

Now let's nail that one down, because this particular statement is a perfect example of how the Jewish persecution complex works. Here is an authoritative Jewish film writer, whose column appears in dozens of Jewish papers from coast to coast, and he has the incredible gall to inform his reading audience that until quite recently Jews encountered "bigotry and prejudice in production, management and theatre and studio ownership". This, mind you, in the face of the fact that every major studio in Hollywood is Jewish owned, with only two exceptions (RKO and 20th Century Fox), and notwithstanding the fact that all three of the country's major TV nets (NBC, CBS, ABC) are also Jewish owned. Overlooked also is the Jewish monopoly over the New York stage and legitimate theatre—a monopoly of 50 years standing, and so complete that even the Jewish Encyclopedia admits they are "dominant" in that field. And yet, despite all this, the Jewish Telegraph Agency's film columnist whines about "bigotry and prejudice in production, management and theatre and studio ownership". . .

Maybe they ought to leave off from making their "biographical" films about Jewish actors long enough to make one on the theme of how Jews are "discriminated" against by the picture industry. They could make it an industry wide production, with Warner Bros., MGM Studios, United Artists, Paramount, Universal and Columbia Pictures participating. These companies are all Jewish owned and therefore presumably free of the type of "prejudice" and "bigotry" referred to by the Jewish Telegraph Agency's film columnist. . .

THE JEWISH MONOPOLY over the TV industry may soon be challenged, now that the Mutual radio network has bought the RKO interests of Howard Hughes in Hollywood. The Mutual system, largest radio network in the world—and Gentile owned—is said to be planning to move into the TV field in a big way. Up to now the "big three" of TV have been the CBS, NBC and ABC nets—all Jewish owned.

Report On The COLOR FRONT

✓ For years the Urban League and the NAACP have complained long and loudly over the refusal of swank Las Vegas hotels and vacation resorts to accept Negro guests. A couple of months ago all this was changed with the grand opening of the gambling center's gaudy "black and tan" hostel, the Moulin Rouge Hotel. With former boxing champion Joe Louis on hand in the lobby as official greeter, Nevada's first experiment in interracial living got under way with a bang. Unfortunately for its Jewish promoters, however, a heroin orgy in which a Negro saxophone player received a crushed skull marred the opening night somewhat. . . The rest of Nevada's resort hotels are still operating on a "for whites only" basis.

✓ Another Las Vegas hotel story involves a professional smart-aleck, Mickey Rooney, who invited a Negro "friend" to join him in the gaming room of the Club Riviera, where Rooney was appearing in a floor show. When the management ordered the Negro to leave, Rooney left in a huff, refused to open his show that night. He got a very nice write-up for his "magnificent stand against jimcrow" in the Communist PEOPLE'S WORLD.

high ranking Jewish accomplice, Israel Amter, who escaped trial on the same plea. Thirteen of the 20 Communist leaders indicted with Marian Bachrach were, however, convicted and sentenced to prison for plotting the overthrow of the U.S. government. But Marian Bachrach escaped scot free because of her "health".

LUCILLE MILLER

The contrast between the treatment received by the militant anti-Communist crusader, Lucille Miller, and the Jewish traitor, Marian Bachrach, is nothing less than startling. Lucille Miller, it will be recalled, is the "anti-Semitic" editor who was railroaded by a federal judge to an insane asylum several months ago without benefit of trial. Her story likewise had its beginning several years ago, when she aroused considerable enmity in leftist circles by exposing a "colony" of Communist traitors who had settled in and near the village of Randolph Center, Vermont. Among those she exposed were such well known conspirators as Nathan Witt, Lee Pressman, John Abt—and Marian Bachrach. . .

(Continued on Page 4, Column 4)

NOTE: We wish to correct an erroneous statement which appeared in our May issue to the effect that the Chicago Tribune last year printed an article demonstrating the UN Charter and the Soviet Constitution to be identical in wording in many parts. This was in error on two counts. The article referred to actually appeared on July 16, 1953 in the Chicago Tribune, and it compared the Soviet Constitution to the UN's so-called "Human Rights Covenant", rather than to the Charter itself.

Jews Masterminded Race Revolution

Public Kept In Dark About Silent Race Revolt

(Continued from Page One)

dent that his identity, as well as the nature of his work, remains unknown to the American people. For Seidenberg, like Anna Rosenberg before him, is a Jew with a mission, and until that mission is completed the alien forces which dictate public opinion in this country much prefer that he shall remain in the shadow of anonymity.

To fully appreciate the significance of Jacob Seidenberg's mission it should be explained first of all that the Committee which he runs is in reality a clandestine FEPC Commission — its very existence kept a secret from the public. Furthermore, it is an FEPC created surreptitiously by Eisenhower himself, despite the wishes of Congress and contrary to the will of the American people. In the light of these facts it is not difficult to understand why the cabal behind Jacob Seidenberg is anxious to keep him under wraps for the time being. They know that if Congress and the American people are alerted to Seidenberg's sinister project at this stage of the operation, their whole program would be jeopardized.

For that reason the promoters of the "little FEPC" found it not only necessary to conceal their activities from the public, but were also obliged to circumvent Congress in setting up the Committee to begin with, since Congress has repeatedly refused to pass FEPC legislation in the past and would undoubtedly refuse to pass it now.

The "little FEPC Committee" was actually created by Ike Eisenhower in August of 1953 at the behest of Jewish and Negro pressure groups, including the NAA CP, the Anti-Defamation League of B'nai B'rith, the American Jewish Committee, and others. Its announced purpose was to put an end to "discriminatory" employment practices by firms doing business with the government — and their sub-contractors. The Committee itself originally consisted of 15 prominent individuals (see cut) with vice-president Nixon serving as chairman, and a Negro by the name of Ernest Wilkins holding down the vice chairmanship. The actual operation of the Committee, however, was entrusted to a Jew in the person of Jacob Seidenberg, who functions as its executive-director from an office in the Labor Department in Washington, D.C. To Seidenberg went the key job of putting the "little FEPC" into effect.

Three months after the "Committee on Government Contracts" was formed — on Dec. 2nd, 1954 to be exact — Seidenberg's office laid down the new rules which all government contractors and their sub-contractors must hereafter submit to. Not since the famed

These are some of the members of Eisenhower's "Committee on Government Contracts" created for the sole purpose of compelling business firms with government contracts to mongrelize their work forces. Actually, the group shown above is a

figurehead committee of prominent individuals with little if any real say so as to the operation of the so-called "little FEPC". The real authority is vested in a Jew by the name of Jacob Seidenberg, who serves as executive-director of the

Committee. Despite the highly controversial nature of the project, the public has been kept in ignorance regarding its activities by a curtain of censorship maintained by the nation's major news services, including the Associated Press (AP).

Nuremberg racial codes were formulated in Germany in the 30's had a more radical or far reaching set of racial regulations been imposed by a Western power — although it should be noted that the victims in this instance were white Christian Americans rather than Jews or Negroes. . .

The most significant requirement among the Dec. 2nd regulations was the one specifying that all government contracts entered into after that date must contain a compulsory "non-discrimination" clause obligating each contractor not to "discriminate" against employees or prospective employees because of "race, religion, color or national origin". Specifically the contractor is prohibited from "discriminating" with respect to the following:

- ✓ Employment
- ✓ Promotion or demotion
- ✓ Transfer or layoff
- ✓ Recruitment advertising
- ✓ Apprenticeship or training

Stripped to basic terms this means an employer may hire and fire not according to his own needs and requirements, but according to the dictates of an alien-run government agency — an agency which has the power to put him out of business for daring to ask a prospective employee the place of his birth; or for failing to promote Negro or Jewish employees to the government's satisfaction; or for not

hiring enough Negro employees to satisfy Mr. Seidenberg and Co.

And it should be emphasized that the burden of proof is always upon the employer in cases of alleged "discrimination", and the mere fact that he hires only white employees, or promotes only whites to executive positions, or transfers only white employees to a more desirable job, can of itself be taken as "proof" he is guilty of illegal discrimination. And the penalty is not a set fine but the loss of government contracts which, in certain cases at least, could run into millions of dollars.

Reduced to simple language this all adds up to the fact that virtually every major industrial firm in America (and its white employees) has been placed in a racial strait-jacket. No totalitarian regime and no dictator in history ever inflicted a greater tyranny upon an unsuspecting people. Silently, secretly, and virtually unnoticed, a Soviet-type Commissar has been appointed to the task of imposing Moscow's master plan for total mongrelization upon American industry and the American people. That is Mr. Seidenberg's real mission and that is why his name, as well as the nature of his work, has been kept from the American people. . .

SIGNIFICANCE: Since virtually all the racist agitation in this country is being carried on by, or financed by, organized Jewry, it is

not surprising to find Jews in charge when coercive "anti-discrimination" and "Fair Employment" committees are actually established by government authority. Organized Jewry has long recognized the formation of these bodies as being only half the job; enforcement being the other half.

Thus, the pattern has been that whenever compulsory race-mixing machinery is once set up, a Jew is ultimately placed in charge. The "integration" program in the Armed Forces, the first and most significant step toward compulsory mass mongrelization, is a classic case in point. Anna Rosenberg, a little Budapest Jewess with a life-long record of pro-Marxist sympathies, was placed in command of the Defense Department's manpower section for the specific purpose of supervising that particular project. So well did she do her job that when she left the Defense Department in 1953, hardly a single all-white unit remained in the military establishment; they had been "integrated" from top to bottom.

CIVIL SERVICE

Still another example can be cited in the case of the Civil Service Commission's "Fair Employment" Committee, which Eisenhower established early this year. This Committee, whose function it is to eliminate "discrimination" in the Civil Service with regard to hiring, promotion, job opportunity, etc., consists of two white Gentiles (thoroughly brainwashed), two Negroes, and a Jewish chairman by the name of Max Abbell. . .

Thus does the picture emerge. When compulsory "integration" was begun in the military forces, we find a Jewess in the person of Anna Rosenberg in charge of the operation. When the Eisenhower administration hit upon the plan for using government contracts as a club for enforcing a compulsory FEPC upon American industry, the Jew, Jacob Seidenberg was put at the head of it. And when a similar program was

(Cont. Page 4 Col. 1)

ANNA ROSENBERG'S PENTAGON ASSIGNMENT

ANNA ROSENBERG
Her mission was to mongrelize the nation's Armed Forces.

Although her appointment was the subject of heated controversy, the real purpose behind Anna Rosenberg's choice as head of the Defense Department's manpower section several years ago was never clearly understood, even by her opponents. Anna's real mission was to "integrate" the Armed Forces; a program first begun by Harry Truman in 1948. Incredible as it sounds, she was able to carry this highly explosive project to completion without a word of public controversy being heard. She accomplished this with the connivance of the major wire services, who agreed to "sit" on the story for more than two years. Only after the Armed Forces were completely "integrated" was the public let in on the secret.

Jacob Seidenberg

Cont. from Page 3

inaugurated in the Civil Service, another Jew—Max Abbell—was installed as its chairman. And so it has gone. In each instance a Jew has headed these vital race-mixing projects, and each time a veritable blanket of censorship has covered their activities. That is why the sinister groups who are promoting the race revolution in our midst often refer to it in their own publications as the "silent revolution". . .

Jews Object To Church Ad

Cont. from Page 1

ish Congress has renewed its campaign against business establishments which dare to mention churches in their advertising, but it would appear that some change either in the Commission's make-up or attitude has led to the belief they will be more successful in prosecuting the charges this time. In any event, 35 New York hotel and resort owners must now answer to charges brought by the American Jewish Congress.

JEWISH HYPOCRISY

But while organized Jewry presses its fanatic campaign against what it calls "religious bias" and "discrimination" among Gentiles, Jews themselves do not practice the toleration they are forever preaching to others, but pursue the exact opposite course. Two excellent examples of this Jewish hypocrisy can be cited from the very same July 1st issue of the Brooklyn Jewish Examiner which, as noted above, carried the news item about the American Jewish Congress and its complaint against the 35 Gentile hotels.

The first example consists of a news story pertaining to the 43rd annual convention of the Young Israel Committee (YI) in Fallsburg, N.Y. The convention, which was attended by some 500 delegates, drafted a militant six-point program including, believe it or not, a recommendation that Christian missionaries should be outlawed in Israel! Describing Israel as a "hotbed" of missionary activities, the Young Israel delegates called upon the Israeli government to drive them from the country. And these are the Jews, mind you, who are even now prosecuting New York hotel owners for daring to advertise their places as being "near churches".

But an even more brazen example of Jewish hypocrisy can be cited in the case of the Jewish Examiner itself, which on one page of its July 1st issue carried the news item describing the American Jewish Congress' campaign against "discriminatory" Gentile resort advertising, and on its other pages carried more than 20 hotel advertisements featuring such phrases as "strictly Kosher", "dietary laws observed", "wholesome Jewish-American food", and other similar advertisements (see cut, page 1) — all obviously designed to convey to the Jewish public that these

resorts cater primarily (if not exclusively) to a Jewish clientele. And yet when Christian-owned resorts venture to advertise "churches nearby" they are brought into court by organized Jewry and charged with "discriminatory advertising".

And so here is an ideal example of how organized Jewry works. It explains better than anything else how a small and fanatical minority can impose its will upon an easy-going and tolerant majority by utilizing an hypocritical double standard of ethics—one standard for Jews (the chosen race), the other for Gentiles (the despised "goy"). It demonstrates perfectly the Jewish stratagem of preaching "tolerance" to others, while practicing

intolerance themselves; of espousing "brotherhood" to the Christian, while teaching their own offspring to hate and distrust non-Jews; of combatting imaginary Gentile "prejudice", while engaging in the most flagrant prejudice on their own part. It explains clearly how Jews can propagandize Americans into disavowing "narrow nationalism", "racism", and "religious bigotry"—even while they themselves indulge in the most extreme forms of nationalism, racism and religious bigotry. . .

And until Americans come to the realization that this age-old device is being used against them, they have little hope of defending themselves against the type of activity described at the begin-

ning of this article. Eventually Americans must learn to recognize the hue and cry over racial and religious "discrimination" for what it really is—as a sneak Jewish assault upon the American people and its institutions.

Keep that fact in mind the next time you see some Jewish organization sponsoring a so-called "anti-discrimination" law—or an F.E.P.C. measure.

Bachrach-Miller Case

Cont. from Page 2

Later, Lucille Miller's crusading zeal brought her into conflict with federal authorities over her opposition to the Selective Service Act, whose constitutionality she sought to test in court. Charged with obstructing the draft, she was brought into a federal court presided over by a bitter personal enemy in the person of Judge Ernest Gibson, notorious in Vermont for his left-wing sympathies. She never had a chance. For whereas the justice department and the federal courts had leaned over backward in their solicitude for the Communist agent, Marian Bachrach, they went to the opposite extreme to deny Lucille Miller a trial at all. After a kangaroo court proceeding, Judge Gibson declared her to be mentally incompetent, and therefore unfit to stand trial. Instead she was committed to a federally operated mad-house in Washington, D.C. for a "cure".

She would undoubtedly have remained there indefinitely had it not been for the storm of protest which followed. Fortunately for her, the justice department was compelled by public opinion to release her after an incarceration of 16 days, after which she was brought to trial on the charges for which she was originally indicted. Thus, Lucille Miller did finally get her jury trial and, theoretically, at least, justice was done.

But the shameful contrast between the treatment received by Marian Bachrach and that meted out to Lucille Miller still remains. The fact is that Marian Bachrach, despite a life-long record of Communist treason, was treated with tender concern and deference, while federal authorities attempted to railroad the anti-Communist patriot, Lucille Miller, without so much as a trial. . .

That is why we shall follow the forthcoming trial of Marian Bachrach with more than casual interest, now that the government has at long last decided to bring her to justice. We are anxious to see if Communist traitors still get better treatment in the federal courts than do patriots. . .

ALIEN MINORITIES AND MONGRELIZATION

By MARILYN R. ALLEN

The chart shows the comparative crime rates of Negroes and whites on a per capita basis. The chart is based on statistics taken from the FBI "Uniform Crime Report for 1949."

As the chart indicates, the per capita crime rate is vastly greater for negroes than for whites. The incidence of rape, for example, is 400% higher among Negroes than whites. For murder the figure is 750%. Other crimes yield a similar ratio.

While the bleeding-heart set readily acknowledge these facts to be true, they are quick to point out that the high Negro crime rate is attributable to the depressed living standards of Negroes. According to this line of reasoning, the Negro crime rate is merely a reflection of inferior economic opportunity.

This is not a very good argument, however, because statistics show crime to be far more prevalent among Negroes in the North and West (where they enjoy relatively high standards of living)—than it is in the South. In other words, a higher living standard does not decrease Negro crime; rather it increases it.

THE RACIAL PROBLEM

Actually, the long-unsolved racial problem in the United States: the unconstitutional decision of the One World political hacks on our Supreme Court (based on admitted "sociological and psychological factors" and a Communist-front propaganda book, *An American Dilemma*, by an imported Swedish socialist): and the aggressive plans of the Negro police, NAACP (who insist on riding herd over the majority Whites) for "total integration" of the Negro into America's White bloodstream by 1963—THESE are the vital issues of the day and hour for the Anglo-Saxon Founding Race of this Republic, and for White Christian civilization world-wide.

Politics, however putrid; the financial question, however important; external war, however imminent, due to our mush-headed appeasement policies; the Big subverted Foundations who support our enemies, domestic and foreign: the United Nations octopus—all or any of these will not effectively destroy our Country as will miscegenation and the Biblically forbidden sin of race-mixing. Every great White civilization has gone down under the admixture of colored blood in its veins. Propinquity inevitably leads to marriage or cohabitation. It invariably brings out the worst in both races, and mongrelizes both whites and blacks. It causes crime statistics to soar. It wipes out the respect that both races have for each other. "Familiarity breeds contempt." To suddenly compel little White children to go to school with blacks, especially in cities and states where the former are far out-numbered, is one of the most dastardly offenses that Whites have perpetrated against their own Race, in a presumably White Christian-founded Country, in the annals of history. Forcible integration is "incompatible with any notion of personal liberty."

United Nations Charter insists on promoting international cooperation in all fields, and in "the realization of human rights and fundamental freedoms for all without distinction as to race, sex, language, or religion." This violates all the principles on which White Christian America was established. Inasmuch as White Christians are a MINORITY in the world—some 600 Million

Christians as against 1 Billion 900 million non-Christians—meaning coloreds—it behooves the Whites to guard their racial purity with utmost care. Every time one of them steps across the color line, it adds to the coloreds and lessens the number of Whites.

Dr. Julian Huxley, a former Director-General of UNESCO (on the basis of his experience as director of the London Zoo) was a racist One World indoctrinator—though one would think his experience with animals would have taught him something about the law of Nature, "Everything after its kind." He wrote a book advocating that the word "race" be dropped from our vocabulary. Then UNESCO came out with an official "Statement on Race," on July 18, 1950, stating, "No convincing evidence has been adduced that race mixture of itself produces biological bad effects. There is therefore no biological justification for prohibiting intermarriage between persons of different ethnic groups." (From article, UN's Brainwashing Apparatus, by Harold Lord Varney, in *The American Mercury*, for February 1954.) This wild statement was authored by no less than E. Franklin Frazier who was a 'council member' of Paul Robeson's (Communist) Council on African Affairs. Frazier is one of the persons appearing before the Supreme Court as a racial authority, whose pro-Communist record (18 citations for connection with Communist causes in the U.S.) Senator Jas. O. Eastland gave in his documented speech to the Senate on May 26, 1955.

COURT DECREES MONGRELIZATION

NAACP Pushes Plan For Bringing Total Mongrelization To The South

LOS ANGELES—Nowhere in America is the cult of "brotherhood" taken more seriously than in California, where from kindergarten on the child is continuously taught the blessings of racial equality and the horrors of "bigotry". This year some of the visible results of this "tolerance" propaganda were especially apparent to the parents of Los Angeles when the tax-supported Los Angeles City College, largest junior college in the U.S., celebrated its 25th anniversary. Chosen as queen of the silver anniversary event was Barbara Lee Cooke, an attractive white co-ed. The "king", however, was a Negro as black as the ace of spades. "Brotherhood", quite obviously, was beginning to pay off in Los Angeles. . .

A LESSON

Actually, the disgraceful spectacle at Los Angeles City College should provide a lesson not only to the parents of Los Angeles (many of whom originally came from the deep South) but to parents everywhere. It is this: if white children are educated with Negroes, sent to church with them, thrown into constant and intimate social contact with them, and in addition are continuously impressed with the virtues of racial equality, then such things as this are inevitable. Young people who are taught all their lives that it is wicked to discriminate between black and white cannot be blamed too much if they fail to discriminate between a black "king" and a white queen for their school anniversary, nor, for that matter, if they fail to discriminate between a white or black marriage partner. . .

SEGREGATION CASE

Ironically, the episode at Los Angeles City College occurred on the eve of the Supreme Court's

fornia and a life-long advocate of race-mixing. Warren's new mission, it would seem, is to extend California's race-mixing program to all the 48 states. . .

Although several states, including California, have long maintained interracial schools, 21 states and the District of Columbia have continued to segregate Negroes and whites. It is on these states that the real impact of the Court's radical decision will fall, because they contain a substantial majority of the nation's entire Negro population. The population of Mississippi, for example, is about half white and half Negro. In the District of Columbia, which Eisenhower has fatuously designated as a "pilot model" for the various states to emulate, 57% of the students enrolled in public schools are Negro while only 43% are white.

ULTIMATE EFFECT

The ultimate effect of the Supreme court's ruling against segregated schools will not, however, be apparent for many years. The process of mixing whites and Negroes in the classroom may, as a matter of fact, be relatively slow in many cases.

The real damage will be done on the psychological front. The child will be conditioned at first to accept the mere presence of Negro students in the classroom. Later he will be taught that all races are equal in ability and intellectual capacity and that there is no essential difference between the various racial groups. He will be inoculated against the evils of "bias" and "prejudice", and trained to look upon any manifestation of racial pride or consciousness as anti-social, if not criminal. . .

BRAINWASH

Only when this process of brainwashing is far enough along will the student be introduced to the joys of interracial social activities. Needless to say, it is only a step from there to interracial love-making and marriage, and as a matter of fact the legal barriers against interracial marriages have already been obliterated in some states. And if all this seems far-fetched and over imaginative, it should be remembered that this very thing has already occurred in some states, as the photographs of Los Angeles City College will attest. . .

N.A.A.C.P.

In this connection it would be well to give some attention to the Warren, former Governor of California, National Association for the Advancement of Colored People (NAACP) which in the main was responsible for bringing about the school segregation ruling. The NAACP brought four separate suits challenging the legality of segregated schools and it was on the basis of this action that the Court rendered its startling decision outlawing segregated schools.

Shown here is a preview of what the Supreme Court's anti-segregation ruling ultimately means for parents everywhere. The above event occurred recently when the

vancement of Colored People (NAACP) which in the main was responsible for bringing about the school segregation ruling. The NAACP brought four separate suits challenging the legality of segregated schools and it was on the basis of this action that the Court rendered its startling decision outlawing segregated schools.

SILENT REVOLUTION

This, incidentally, is but the latest of a series of court victories achieved by the radical, trouble-making NAACP—victories which have brought about a "silent revolution" in race relations in this country within the past decade.

The NAACP's most notable victory previous to the school segregation case was, of course, the ruling under which the Supreme Court outlawed restrictive covenants, thus making it possible for Negroes to force their way into previously all-white neighborhoods.

The NAACP won another outstanding victory when it obtained a Supreme Court ruling which compels Washington D.C. restaurants and hotels to cater to Negroes—a precedent which is bound to be applied elsewhere as time goes on.

In other Supreme Court cases the NAACP won decisions which insure Negroes the "right" to attend white universities and to ride with whites in public conveyances. . .

There have been other similar cases. In each instance it was the NAACP bringing suit; in each case the Supreme Court either upheld obscure and little known anti-segregation laws, or it outlawed statutes under which segregation was enforced.

OTHER VICTORIES

The NAACP has also advanced the "silent revolution" with the help of the executive branch of the government. Its greatest victory in this field was the "integration" of Negroes and whites in the Armed Forces. Under the "integration" program—started under Truman and completed this year

by Eisenhower—all branches of the military have been mongrelized, with Negroes and whites serving together in interracial units for the first time in American history. In many respects the NAACP regards this as its greatest victory, surpassing even the school segregation case in importance.

LITTLE F.E.P.C.

Another NAACP victory, won with the help of organized Jewry, was the so-called "little F.E.P.C." which Eisenhower instituted last year. The "little F.E.P.C." compels all government contractors to hire Negroes and members of other minority groups under threat of having their contracts cancelled, thus imposing over a substantial portion of American industry a de facto FEPC. . .

THE PATTERN

This, then, is the pattern of the "silent revolution"—a silent, creeping, insidious revolution which even at this moment is stealing upon this Republic like an assassin in the night. And it should be noted that this revolution is not being promoted by legislation, but by executive decree and court decision. Not a single one of the above described "civil rights" victories.

(Continued on next page)

RACIAL SELF-RESPECT

The advocates of racial mongrelization are again dusting off the canard about children having no inborn racial consciousness. They argue that children acquire racial awareness from their grownups, who teach them racial "prejudice". . . They are right, too. Children ARE born without racial prejudice. They are also born without any prejudice against an open flame, a sharp instrument or a poisonous insect. The point is that children must be taught the difference between good and bad, right and wrong, black and white. . .

—Frank L. Britton

This interracial cake-cutting ceremony was the highlight of the 25th Silver Anniversary celebration at Los Angeles City College. An entire generation of California's young people have been brain-washed with "tolerance" and "brotherhood" propaganda in preparation for this sort of thing.

decision outlawing segregated schools. And fittingly enough, the Court's anti-segregation decision was read by chief-justice Earl Warren, former Governor of California.

stories was obtained through an act of Congress. . .

BEHIND N.A.A.C.P.

This brings us to the question as to what the NAACP's ultimate objective really is. This is important because we know from past experience the NAACP no sooner wins a concession than it makes new and even more extreme demands, each victory is followed by new agitation. It is appropriate, therefore, to examine the NAACP's program in some detail.

JEWISH LEADERSHIP

Before doing that, however, it is necessary to correct a popular misconception as to the leadership of the NAACP. Because it is not really and truly a Negro organization at all. The people behind the NAACP are not Negroes, but Jews. This will come as a surprise to some because the organization invariably uses Negroes as fronts for its activities, and the rank and file of its staff is Negro. Nevertheless the president of NAACP, and the real power in the organization, is the Jew, Arthur Spingarn. When this fact is digested the revolutionary program of the NAACP becomes a little more comprehensible. . .

THINGS TO COME

The NAACP's objective for the next ten years is no secret. On the contrary it has been mapped out in detail and publicized under the slogan, "Free by '63". The "Free by '63" campaign was launched last March at a Washington D.C. meeting with the blessings of Ike Eisenhower, who addressed the convention. The plan calls for the raising of a million dollars annually for the next ten years and the announced goal is the total abolishment of racial segregation.

THE GOAL

In simple terms, the NAACP's goal is to "integrate" Negroes into

SUPREME COURT

These are the nine left-wing political appointees who have decided that your child must hereafter attend school with Negroes:

To begin with there is Felix Frankfurter, a Jew and an ardent defender of Sacco and Vanzetti—and a character witness for Alger Hiss during his perjury trial. . . . There is Hugo Black, who twice accepted awards from the "Southern Conference for Human Welfare"—one of the most notorious Communist-front organizations in existence. . . . There is Stanley Reed, who, with Frankfurter, appeared as a voluntary character witness for Alger Hiss at his trial. . . . There is the contemptible Robt. Jackson (the hangman of Nuremberg) who helped draw up the ex post facto "war crimes" statutes at Nuremberg—and then proceeded to prosecute the helpless German leaders under those same laws. . . . There is William Douglas, a fanatic leftist who tried desperately to save the atom spies, Julius and Ethel Rosenberg, from the electric chair with an extra-legal stay of execution the last year. . . . And finally there is the Negro-loving Earl Warren, who was not even a member of the Court when the segregation case was being argued, yet who used his leverage as Chief Justice to bring in a unanimous decision against segregation—as he had obviously agreed to do before his appointment. . . .

These men, and these men alone, have "outlawed" segregated schools.

Each year the student-body at the tax-supported Los Angeles City College, largest junior college in the U.S., puts on a "Howdy Hop"—a dance to welcome new students into campus society. In recent years these affairs have to an increasing extent assumed an interracial flavor, and

the spectacle of a buck Negro dancing with a white coed has become a commonplace occurrence. Last September this interracial motif reached a sort of apex when a white queen and a black "king" were selected to reign over the "Howdy Hop". And within a ten-month period Los Angeles

City College was the scene of two such interracial "coronations" in which colored "kings" were paired off with white girls. And just as race-mixing has come to Los Angeles, so it will come to your community, to your school, perhaps to your family. The Supreme court has so decreed it.

white residential neighborhoods until the "black belt" and the all white neighborhood are merged and thus cease to exist as such. The NAACP's program is based upon the premise that anti-discrimination laws now in existence are ineffective so long as Negroes and whites continue to occupy separate residential communities. Under present conditions, the NAACP argues, Negro business establishments operate only in Negro communities, while white business places service only white districts. Negro civil servants—i.e. police, firemen, postal employees, etc. — generally are assigned to Negro areas, while white civil servants work in white areas. Schools in Negro districts are attended exclusively by Negroes, and by the same rule whites often attend their own schools even in states where there is no official school segregation. Negro districts have their own social organizations and churches, as do the whites. Similarly, swimming pools, social affairs and sports activities tend to follow along the same lines, although there are many exceptions to the rule. Thus, according to the NAACP's reasoning, the races will not freely mingle so long as they reside in different neighborhoods. This is the key to the entire situation.

"FREE BY '63"

The NAACP's proposed solution, therefore, is to mix up whites and Negroes until there is no such thing as a white or black residential area. Then, and only then, will Negroes and whites mix at

school, at work, at church, in restaurants, at the swimming pool, at sports and in social activities. That, in essence, is the goal of the NAACP's "Free by '63" campaign.

SIGNIFICANCE: It is impossible to review this particular situation without experiencing a chill of horror over what is happening. The Jew-dominated NAACP has outlined what amounts to a declaration of revolution; a revolution more sweeping and profound in its total effect than anything we have ever experienced in our history. The ultimate goal is to bastardize our civilization; to place Negroes in our schools, in our residential neighborhoods, in our social clubs, and even in our living rooms.

Alvin Spingarn, president of NAACP. This is Alvin Spingarn, the Jew who has headed the NAACP since 1939. The fact has been generally suppressed, but the NAACP is, and has been from its inception, a Jew-controlled organization.

They will never rest until every racial barrier and restriction has been destroyed. The school segregation ban,

the outlawing of restrictive covenants, the president's "little F.E.P.C." and other similar developments are but the first steps in this process. You have only to look again at the pictures shown at the beginning of this article to see what the eventual outcome will be. Somewhere along the line Americans are going to have to take a stand. They are going to have to take a stand or it will forever be too late. . .

Chief of Police

The picture below, which shows Negro soldiers at Fort McClellan, Alabama embracing and kissing white WACs at an inter-racial dance on the base, goes a long way toward explaining why the Armed Services are having so much trouble with re-enlistments. According to the latest statistics, only 11% of the Army's enlisted personnel, and 10% of the Navy's, are signing on again -- despite the highest pay rates in U.S. history. There is little question that this fantastic decline in re-enlistments is in large measure attributable to the disgraceful "integration" program which was first inaugurated by Harry Truman in 1948, and brought to full completion by Mr. Eisenhower in 1954.

Under military discipline American servicemen have no alternative but to submit to "integration", since they risk almost certain court martial by protesting (the soldier who took the picture below was reportedly court-martialed). If ordered to sleep with Negroes, they must sleep with them. If ordered to share their bathing, eating and recreational facilities with Africans, they have no choice but obey. Military service, without doubt, provides the ideal setting for bringing the blessings of compulsory mongrelization to millions of white boys and girls...

Our servicemen, however, are showing their disgust over this state of affairs by leaving the military service in droves, despite lavish bonuses and other induce-

The picture to the left was taken at Ft. McClellan Alabama where, at White House instigation, some 3,000 Negro soldiers and 12,000 WAC's were "integrated". This is a typical consequence of inter-racial training and environment. It is a perfect demonstration of what happens when white girls are thrown into intimate contact with Negroes from kindergarten on, and who are taught at school, at church and everywhere else that the races are equal, and it is wrong, if not criminal, to "discriminate" because of race or color... These girls, like millions of others, have been so brainwashed with "tolerance" propaganda that they are incapable of knowing right from wrong, black from white. It is obvious that the only ones benefitting from this arrangement are Negroes such as those shown, who are obviously enjoying the fruits of "integration".

ments for re-enlisting. As a result our Armed Forces are seriously undermanned at one of the most crucial periods of our history. In an age of technological warfare, when training, experience and morale mean everything, we are driving experienced, professional military men out of the service. We are forced increasingly to resort to an unprecedented peace-time draft in order to maintain even minimum standards. And this, remember, is the military establishment we must rely on for instant protection in the event of an atomic attack, for if war comes again it will be won or lost in a matter of weeks; there will be no time to train new men or call up reserves. Thus, our only protection against a sudden and disastrous atomic attack is a military establishment manned by green draftees, and staffed with vast numbers of dull-minded, excitable and unstable African non-coms and officers who are worse than useless under combat conditions, and who lack the fighting qualities for which America's segregated military forces have been justly famous since Valley Forge. It is essential that we restore the morale and fighting efficiency of our Armed Forces by abolishing "integration" without delay! Let's restore segregation in the Armed Forces!

SUBJECT: AMERICAN NATIONALIST,
Box 301,
Inglewood, California

Transmitted herewith is a photostatic copy of a one-page write-up with photograph of colored soldiers and white girls, captioned "This Is Integration -- Eisenhower Style".

This material was furnished me by Chief of Police JOE KIMSEY of the Knoxville Police Department, who stated that this was the fourth or fifth such release that he had received, all anonymous and all in envelopes postmarked Wilmington, North Carolina. Transmitted herewith also is the envelope in which Chief KIMSEY received the "photostatic" copy.

For the information of the Charlotte, Birmingham and Los Angeles Divisions, the photostat is, in essence, a bitter complaint against the military integration program, and the picture part of the photostat purports to show negro soldiers at Ft. McClellan, Alabama embracing and kissing white WACs at an inter-racial dance on the base. This type of material is extremely inflammatory and with wide distribution could contribute substantially to the presently existing racial friction.

The above is for information and serves as a basis for any instructions which the Bureau may regard as appropriate.

Letter to Mr. George J. Gould
Director, Security Services Division
Office of the Secretary of Defense
The Pentagon
Washington 25, D. C.

The photograph on the leaflet furnished with your letter first came to the attention of this Bureau when it and others of a similar nature were included in the April, 1956, issue of "Arkansas Faith," a publication of the White Citizens Council of Arkansas. A copy of this publication was furnished the Assistant Chief of Staff, Intelligence previously.

The June 6, 1956, issue of "The Washington Daily News" carried information relative to these photographs which appeared in "Arkansas Faith" and also statements attributed to the Department of the Army to the effect that the Army had investigated the matter and that these photographs were not taken at Fort McClellan. According to the article the Army said the shoulder patches of the service personnel are not of Fort McClellan units "nor does the background of any of the photographs appear in Fort McClellan service clubs."

The article quoted the Army as having reported "It is assumed from the hair-do and dress of the women that these photographs were taken in some locality in Europe."

This Bureau has not received any information concerning these photographs or their dissemination which has caused an investigation to determine the source. Recently a considerable number of citizens councils and other pro-segregation organizations have disseminated reprints of this photograph. Limited inquiries are being conducted concerning these organizations including the White Citizens Council of Arkansas and the results of our inquiries have been furnished to the intelligence agencies of the Armed Forces.

Any additional pertinent information received relative to the source and distribution of the photograph furnished by you will be made available to you promptly.

Referenced Bureau letter dated 6/11/56 requested this office's recommendation regarding further investigation in this matter. The enclosed report returns this matter to a closed status. The basis for this action is found in Bureau letter to San Diego, dated 4/20/56, captioned "Anti-Negro and Anti-Semitic Publications; IS - X", which included passages from a Departmental memorandum to the Director, dated 4/13/56.

The enclosed report contains the more pertinent passages found in available issues of "The American Nationalist" and related leaflets, which amply reflect the anti-Negro and anti-Semitic character of its editor and publisher. However, the report also contains the few passages found, wherein BRITTON advocated any courses of action. He advocated the reapplication of racial segregation in certain instances, the enactment of certain laws to effect such "reforms" and of course the dissemination of his own literature, but nowhere does he seem to advocate recourse to violence or any illegal action.

It is believed that additional investigation would accomplish little of value and merely reflect BRITTON'S antagonistic view toward racial integration and the Jews in connection with his comments on current news topics.

In reply to Charlotte letter to the Bureau, dated 6/12/56, the Charlotte Office is requested to conduct no investigation in the absence of Bureau instructions.

DETAILS:

T-1, who has furnished reliable information in the past, advised on June 18, 1956, that "The American Nationalist" is a monthly four-page publication edited by FRANK L. BRITTON and published by The American Nationalist, Box 301, Inglewood, California, which is owned and operated by BRITTON. T-1 said that BRITTON has opposed Communism, racial integration and related movements which he ascribes to Jewish initiative, in his speeches and writings and offers for sale booklets and pamphlets on such topics. T-1 said that in view of his expressed views BRITTON has been labeled an "anti-Semite" and "hate monger."

BACKGROUND INFORMATION

The "California Jewish Voice" newspaper, a weekly newspaper published in Los Angeles, California, which reports mainly information of interest to the Jewish community in the Los Angeles area, contains an article on page 5 of its issue dated May 29, 1953, entitled "A Hate-Pamphleteer Dedicates His Commodity to Rival Dispensers." This article states, in part:

"Frank Britton of Hawthorne, California, is a young hero-worshiper studying to become a hero. Britton's current idols are of a peculiar stipe for an American not quite 33 years old, a veteran of World War II and a former student at the University of Southern California. They include:

"The magnificent Gerald L. K. Smith, funder and leader of the Christian Nationalist Movement....

"These descriptions of Britton's heroes--sort of a Who's Who in American anti-Semitism--are in his own words. They appear in one of Britton's most successful publications, Atom Treason, which is 'respectfully dedicated to the redoutable company of men and women who have had the courage to make their stand for Christian Nationalism.'

"Atom Treason is a 24-page booklet which charges that communism is Jewish, that Jewish scientists

LA 100-44603

"supplied Russia with atomic secrets, and that the 'Jew-ridden' Atomic Energy Commission sabotaged the nation's H-Bomb program.

"Britton soon found that his subject matter and dedication were good ones for a fledgling hate-peddler struggling to get ahead. The pamphlet paid off. Gerald L. K. Smith, in 1951, gave Britton about \$925 for literature, an amount to cover the cost of approximately 10,000 copies of Atom Treason. A healthy circulation figure for a new man in the field.

"Britton's next in his series of booklets was called Hollywood Treason, which he advertised as an exposure of 'Jew-Communists' in the film industry. This, too, was extensively distributed by Gerald Smith. Further, Britton has appeared at Christian Nationalist meetings at Los Angeles' Embassy Auditorium, once sharing the platform with Smith himself. In the netherland of the bigot, this is a mark of distinction...

"...There are, of course, many more professional anti-Semites in the country. Once Britton establishes contact with them and feels that they can help sell his pamphlets--he's still young at the trade--he will presumably dedicate subsequent volumes to additional heroes.

"Britton's career as a professional anti-Semite began in 1950 while he was still a student at the University of Southern California. There he distributed anti-Semitic leaflets which won high praise from Wesley Swift, of Ku Klux Klan fame, who for a while made Britton his protege.

"After publication of the two Treason pamphlets, Britton came up with a new anti-Semitic 'expose,' a 96-page booklet, Behind Communism, which he published in the summer of 1952. This has been sold around the

LA 100-44603

"country by the bigoted faithful for a dollar a copy. It, too, stresses, the Jewish-Zionist-Communist equation.

"An ambitious, striving man, Britton decided to form his own 'patriotic' movement in September 1952 by sending out invitations for a meeting of his 'great new organization' aimed at combatting the 'Jew Marxist' program of world conquest. The invitation appeared on the reverse side of a 'Buy Gentile' flyer which he had been distributing in the Los Angeles area.

"The meeting was a dud. About 200 people appeared at the Embassy Hall to hear Britton charge that the nation's ills were attributable to 'immigrant Jew-Communists,' that 'Jew agitators' were exploiting the American Negro. Very little money was collected and the organization -- called The New Confederates -- died in its infancy.

"Britton has other irons in the fire. One of them is his 'fortnightly' publication, The American Nationalist, started in December 1952. Its content is similar to that of many other anti-Semitic publications. 'Alien Jews Monopolize U.S. Airwaves,' 'Jews Sabotage McCarran Act' are some of its headlines. In common with other anti-Semites, Britton is now busy making a case that Communist anti-Semitism is just a 'tribal row' between 'Communist Jews' and 'Zionist Jews.'

"But Britton's printed material has one distinction. Unlike most professional bigots, Britton has the advantage of a college education. He may even have studied journalism. His products are technically better, more polished than most. He makes judicious use of color, of two-page layouts, for maximum reader appeal. His Treason pamphlets--vicious and full of distortions--are readable and physically attractive.

"It may be wrong to impute that money is the only goal of Frank Britton's endeavors. There are

LA 100-44603

"probably psychic reasons why the young man is so filled with hatred. His hero-worship is one thing; his desire to become a hero in his own right is something else again. Frank Britton is a very small man--about five feet four inches--and that, a psychiatrist might say, has something to do with his big ideas."

T-2, who has furnished reliable information in the past, advised on November 25, 1953, that FRANK L. BRITTON's business address was 11146 Hawthorne Boulevard, Hawthorne, California. He said that the general tenor of BRITTON's publication, "The American Nationalist," is that the Jews are taking over the United States and that in effect Jews and Communists are synonymous. He said that the United States Post Office Department has contended that there is nothing that can be done to bar "The American Nationalist" from the mails.

The Los Angeles "Mirror-News" newspaper contains an article by RICHARD C. BERGHOLZ, its political editor, entitled "Hate Merchants Spout Fascism," in its issue dated January 18, 1955 (Part I, page 8). This article states, in part:

"... Frank L. Britton...publishes the American Nationalist, a monthly news sheet, and has written a number of books and pamphlets.

"This 34-year-old former SC student now confines his activities pretty much to writing--largely about Jews and Negroes. He got a big buildup from the old master, Smith, at some local meetings in 1952. But when Britton apparently decided to strike out for himself as a speaker and organizer, Smith pulled the rug and ordered the faithful to shun this young upstart.

"Britton's apparently back in the fold now--but strictly as a writer and a producer of works which Smith can peddle."

help which had appeared in a local newspaper and that she was subsequently interviewed by FRANK L. BRITTON at his residence, 848 Cedar Avenue, Hawthorne, on April 23, 1956. She said that during her interview with BRITTON he referred to himself as an editor and publisher of a "political paper" with his office located at 11146½ Hawthorne Boulevard, Hawthorne. She said that BRITTON told her that he desired to employ someone "completely neutral" in his political views and that if she were employed "stuffing envelopes" she should not give out any information regarding subscribers or the operations of his "paper." She said that he claimed his "paper" covered racial segregation issues and recent hearings of the House Committee on Un-American Activities.

The Los Angeles office of the Federal Bureau of Investigation received via mail from an anonymous individual on May 14, 1956, a copy of "The American Nationalist," Volume 4, number 43, along with a printed leaflet captioned "AN EXPLANATION: WHY WE MISSED THE APRIL ISSUE." This leaflet states, in part:

"Dear Friend & Patriot:-

"Because of a severe shortage of funds, we were not able to get the April issue of the American Nationalist out. However, we are getting the May issue into the mail ahead of schedule, and we hope this will at least partly compensate for the missing issue.

"Since our paper is not a commercial enterprise, but is subsidized almost entirely by contributions from our readers and subscribers, we frequently find ourselves scraping the bottom of the barrel to keep things going -- and sometimes even that doesn't suffice....

"...Due to our limited resources we cannot possibly hope within the foreseeable future to reach the general public with effective mailings, but we can get literature to the opinion makers of the nation: to newspaper editors, clergymen, school

LA 100-44603

"teachers, elected officials and others who are the real makers of American public opinion. All in all they number several hundred thousand and it is our job to reach them.

"This month, for example, we are trying to reach as many colleges as possible. There are about 2000 of them, and simple arithmetic shows that if only a few key officials at each are covered, it runs into a mailing of many thousands. We are also covering about a fourth of the state legislatures this month -- with about 2000 members. Over 2,500 newspaper editors will receive our paper and other literature this month. So will every member of Congress, plus thousands of other individuals.

"We have hundreds of thousands of these key people lined up for literature. There are over 225,000 school teachers, 14,000 American Legion Posts, 20,000 newspaper editors, 128,000 clergymen and 7000 state legislators whom we would like to reach. All this takes money, time and a tremendous amount of work, and because our funds are so limited it will take us a long time to accomplish the job. But as you can see, it is a job which must be done...

"This will give you a rough idea of some of the work we are trying to do, and it will also indicate to you why we need your support to continue. You must understand that your gifts and contributions are the only thing that sustains this work. We have no rich supporters, no wealthy financial angels, no hidden backers. We need your contribution, whether it be for \$1.00 or \$20.00 or more, to buy postage, to pay for ink and paper and secretarial help and a multitude of other expenses involved in this work. Every dollar you can spare is needed! Will you please help us in this great crusade for America?

"Sincerely,

EXCERPTS FROM LITERATURE ISSUED
BY THE AMERICAN NATIONALIST

"The American Nationalist"

[redacted] furnished SA GORDON B. PLAYMAN on September 16, 1953, a copy of "The American Nationalist," volume 1, number 13, dated September 10, 1953. This issue contains on pages 1, 3 and 4 an article entitled "IKE PICKS JEW FOR TOP UMT POST" concerning the appointment of JULIUS ADLER as chairman of a commission to study the feasibility of universal military training. At the conclusion of the article appears the comment:

b6
b7C

"SIGNIFICANCE: There is no question but that the advocates of mongrelization favor a UMT plan as a means of subjecting every white youth in America to the uplifting experience of working, eating, sleeping, and taking orders from Negroes....

"Since there is every reason to believe that the forthcoming Eisenhower-Adler proposal for Universal Military Training will incorporate the idea of conscripting white youths into interracial military units, it is our conviction that the UMT measure should be opposed by every possible means until assurance has been given to the contrary. Universal Military Training should not be, and must not be, used as a pretense for furthering the Truman policy of forced mongrelization."

The same issue contains on pages 1 and 2 an article entitled "McCarthy Exposes New Jew-Communist Ring," which states, in part:

LA 100-44603

"WASHINGTON--Senator McCarthy has uncovered a new Jewish spy ring, the fifth to be exposed since 1945. The Communist ring, which was discovered in the Government Printing Office, to date involves at least six red agents, all of whom are believed to be Jewish....

"SIGNIFICANCE: It should come as a surprise to no one to learn that the latest spy ring to be uncovered involves Jews. It would be surprising if the contrary were true, in view of the Jewish nature of Communism. Senator McCarthy's expose has merely underscored the well established truism that wherever you find Communists, you find Jews. That's because Communism is, and has always been, a Jewish-led movement..."

[redacted] furnished SA THOMAS MOORE on October 26, 1953, a copy of "The American Nationalist," volume 1, number 15, dated October 25, 1953. This issue contains on pages 1 and 4 an article entitled "Jewish Press Attempts To Glorify Role Of Jews In Korean Conflict," at the end of which appear the following comments:

b6
b7c

"SIGNIFICANCE: The brassy attempt of the AMERICAN HEBREW to portray Jews as heroic participants in the Korean War should be exposed for what it really is-- a brazen propaganda farce. It is bad enough that Christian servicemen should bear the brunt of the fighting and dying in Korea, but it is absolutely intolerable that these whining Jews should be permitted to pose as heroes and martyrs of a war which they for the most part shirked.

"It is time the American public learned the full story of the Jewish performance in Korea. It is entitled to know how many Jews served there, and how many were casualties -- if any. If the Jews are unwilling to have these facts published, then it is suggested that the least they can do is to stop this prattle about Jewish 'sacrifices' in Korea..."

The same issue contains on pages 1, 2 and 4 an article entitled "EINSTEIN GETS 'TOLERANCE' AWARD," which states, in part:

LA 100-44603

"NEW YORK -- Albert Einstein, who is listed by the House Committee on Un-American Activities as belonging to no less than 16 Communist front organizations, has been awarded a singular honor on the occasion of his 75th 'anniversary'. The honor was bestowed by the 'Council Against Intolerance in America', whose director is [redacted] son of the late rabbi [redacted] --and a notorious Communist fronter.

b6
b7C

"To commemorate the event, the 'Council Against Intolerance' has issued a fancy three-colored stamp which depicts Einstein as the 'friend of all mankind'. Accompanying each sheet of these 'Seals of Tolerance' is a form letter from the organization urging the recipient to contribute money to finance the organization's 'education' program....

"The text of this circular letter should be of interest to every patriotic American because it reveals the basic pattern of the Jewish-Communist conspiracy to destroy our national and racial self-respect....

"It goes without saying that the real promoters of the 'Council Against Intolerance in America' are Jewish. It is also worth noting that a goodly number are identified in one way or another with the Communist conspiracy in this country....

"SIGNIFICANCE: Those familiar with the nature of the Communist conspiracy in the United States will immediately recognize the 'education' program of the 'Council Against Intolerance' as being consonant with the Communist Party line. A prime goal of the Communist Party in this country is, and has always been, to promote racial 'tolerance' among the white Christian majority.

"This is a necessity because the Communists have learned from sad experience that Communism cannot survive once the public learns to identify it as a Jewish-led movement. In other words, the Communists promote racial 'tolerance' in this country as a means of self-preservation. They regard all manifestations

LA 100-44603

"of 'anti-Semitism' as an attack on Communism. And for exactly the same reason, American Jewry regards all anti-Communist activity as being 'anti-Semitic.'"

...

T-3, who has furnished reliable information in the past, furnished on September 14, 1954, a copy of "The American Nationalist," volume 2, number 23, undated, which contains on pages 1 and 3 an article entitled "COURT DECREES MONGRELIZATION, White Pupils Are Victims of Court Segregation Ban," which states, in part:

"...the U. S. Supreme Court, under steady prodding from the Jew-led National Association for the Advancement of Colored People (NAACP), has suddenly discovered that it is 'unconstitutional' for the states to retain separate school facilities for Negroes and whites, even if they are equal in every respect. This means that for the first time in history the children of white Southerners will be compelled to attend schools with swarms of African playmates....

The same issue contains on pages 1, 2 and 4 an article entitled "South Indignant As Jew-Led NAACP Wins School Segregation Case," which states (in part):

"The NAACP has also advanced the 'silent revolution' with the help of the executive branch of the government. Its greatest victory in this field was the 'integration' of Negroes and whites in the Armed Forces. Under the 'integration' program--started under Truman and completed this year by Eisenhower--all branches of the military have been mongrelized, with Negroes and whites serving together in interracial units for the first time in American history. In many respects the NAACP regards this as its greatest victory, surpassing even the school segregation case in importance.

...

"This, then, is the pattern of the 'silent revolution'--a silent, creeping, insidious revolution which even at this moment is stealing upon this Republic like

LA 100-44603

"an assassin in the night. And it should be noted that this revolution is not being promoted by legislation, but by executive decree and court decision. Not a single one of the above described 'civil rights' victories was obtained through an act of Congress.

"This brings us to the question as to what the NAACP's ultimate objective really is....

"...the NAACP...is not really and truly a Negro organization at all. The people behind the NAACP are not Negroes, but Jews. This will come as a surprise to some because the organization invariably uses Negroes as fronts for its activities, and the rank and file of its staff is Negro. Nevertheless the president of NAACP, and the real power in the organization, is the Jew, Arthur Spingarn. When this fact is digested the revolutionary program of the NAACP becomes a little more comprehensible....

"SIGNIFICANCE: It is impossible to review this particular situation without experiencing a chill of horror over what is happening. The Jew-dominated NAACP has outlined what amounts to a declaration of revolution; a revolution more sweeping and profound in its total effect than anything we have ever experienced in our history. The ultimate goal is to bastardize our civilization; to place Negroes in our schools, in our residential neighborhoods, in our social clubs, and even in our living rooms.

"They will never rest until every racial barrier and restriction has been destroyed. The school segregation ban, the outlawing of restrictive covenants, the president's 'little F.E.P.C.' and other similar developments are but the first steps in this process.... Somewhere along the line Americans are going to have to take a stand or it will forever be too late."

SA THOMAS F. HANNIGAN on December 22, 1954, discovered a copy of "The American Nationalist," volume 2, number 26, dated September 1954, on the streets of Allentown, Pennsylvania.

LA 100-44603

This issue contains on pages 1, 3 and 4 an article entitled "COMMUNIST SANCTUARY EXPOSED, Organized Jewry Gives Sanctuary To Red Traitors," which states, in part:

"SPECIAL--The big problem of how to deal with the menace of Communism in the U. S. remains with us despite the very wholesome action of Congress in outlawing the Communist Party last month. Actually, of course, no one expects Communist activity to cease, or even slow down very much, simply because the Party has been denied legal status. This is because the tiny (25,000 members) Communist organization is not, and has never really been, the prime source of Communist strength in this country.

"As a matter of fact the big secret behind the Communist Party's remarkable power to exert influence in this country, despite its minuscule membership, is its ability to mobilize the almost limitless resources of organized Jewry to its own ends. For it may truly be said that organized Jewry is the instrumentality through which Communism functions in the United States. Today the more than six million Jews in our midst constitute one of the largest and most formidable fifth columns in history.

"In this respect the situation bears a significant relationship to that which existed in Imperial Russia prior to the 1917 revolution....

"Today, ironically, the U. S. has become the center for the world's Jewish population, and the role of organized Jewry is very much the same here as it was in Czarist Russia 35 years ago--that is to say, it is the seed-bed of Communism in America....

"This brings us, then, to the final question of the tie-in between Communism and organized Jewry. That there is such a tie-in is indisputable. As a matter of record, the leadership of the American Communist Party has always been predominantly Jewish, as the events of the past ten years clearly illustrate.

LA 100-44603

"For example, when the U. S. government indicted the top eleven officials of the Communist Party (the so-called American Politburo) in 1949, six turned out to be Jews. When this eleven-man Politburo was convicted under the Smith Act, a second-string Politburo took its place. Of its 21 members, 14 were Jewish. Most of these were also convicted of plotting the overthrow of the U. S. government. Since then a total of 81 top Communist leaders have been convicted under the Smith Act, of whom well over 60% have been Jews.

"Another index of the Jewish role in the Communist conspiracy against this country is to be found in the spy convictions obtained by the justice department since 1945. Altogether, eleven individuals have been convicted since World War II for espionage activities, of whom ten were Jews....

"Still another index of how deeply the Jews are involved in the Communist conspiracy is their virtual monopoly of the Communist press. Take almost any group of Communist publications you care to name, and the overwhelming majority of its editors, writers and staff will stand revealed as Jews. This is true of the DAILY WORKER, of MASSES & MAINSTREAM, of the MORNING FREIHEIT, of PEOPLE'S WORLD and of every other prominent Communist organ. There are few if any exceptions.

"This, of course, is only a fraction of the evidence, but it is evidence which cannot be refuted. No person who has studied the Communist conspiracy at close range can escape the conclusion that it is a Jewish-led movement. The proof is too compelling, too overwhelming. And the fact that the American public is generally unaware of all this is due to no lack of evidence on the subject, but rather to the dreadful power of organized Jewry to suppress the true facts of the case under the guise of combatting 'anti-Semitism.' It is this capacity of organized Jewry to successfully label and discredit those who reveal the connection

LA 100-44603

"between Communism and Jewry as 'anti-Semites', that makes the problem so difficult. Not until the true relationship between organized Jewry and Communism is clearly understood will we be able to effectively meet the deadly threat now facing us."

The same issue contains on pages 1 and 2 an article entitled "Jews Seek To Suppress Facts On Secret Kosher Food Markings," which states, in part:

"SPECIAL--The AMERICAN NATIONALIST from the time of its inception has steadfastly refrained from criticizing Jewish religious practices, or the Jewish religion itself, out of a very strong conviction that our quarrel with organized Jewry is essentially political in nature. We are fully cognizant of the fact that neither Communism nor Zionism are theological movements (although both are unquestionably Jewish in character) and we know that at least some deeply religious Jews reject Zionism as thoroughly as they do Communism. And so, while we have continuously fought both Communism and Zionism as secular Jewish movements, we have at the same time made it a practice to leave the Jewish religion out of it. That is why, up till now, we have stayed out of the controversy over Kosher food markings. But now the question seems to have spilled over into the political field, and therefore into our province....

"SIGNIFICANCE: For our part we feel that the Jews in this country should be compelled to abide by the same rules they have prescribed for the Christian minority in Israel.

"Laws should be passed obligating food manufacturers to plainly show whether their product is Kosher or non-Kosher--as they do in Israel.

"Prohibitions should be placed upon intermarriage between Christians and Jews--as they have done in Israel.

LA 100-44603

"All immigrants should be barred from this country save members of our own race and religion--as they do in Israel.

"And' above all, the affairs of this nation should be carried on by, and for the benefit of, the majority --as they are in Israel.

"We should, in short, end the type of Jewish tyranny as witnessed in New Jersey, where the proud Daughters of the American Revolution were obliged to grovel before organized Jewry because one of their speakers dared to reveal that many of our food products carry secret Kosher food markings."

The same issue contains on page 2 an article entitled "HOLLYWOOD," which states, in part:

"It is almost axiomatic that wherever you find Jews you find Communism--and wherever you find Communism you find Jews. That explains, better than anything else, why the Hollywood motion picture industry has over the years harbored the highest concentration of Communists and Communist fellow-travelers of any industry in America. Because it is an indisputable fact that the motion picture is, from top to bottom, a Jewish monopoly....

"Most Americans, however, find it difficult to reconcile the wealth and privilege of Hollywood's Jews with their unmistakable affinity for Communism, finding it inconceivable that a millionaire film producer or screen idol should embrace a philosophy which supposedly is dedicated to the destruction of all wealth and privilege.

"Actually, the answer to this apparent contradiction can be found in the fact that Communism is not so much an economic movement as it is a racial affair. The leaders of Russian Communism are today, as they have always been, predominantly Jewish. And

LA 100-44603

"while the Communists carry on their program of world conquest under the banner of economic and social reform, it is a serious mistake to judge Communism as a proletarian or workers movement. For it is not the workers, but the leaders, who have benefited from Communism in Russia. And the leaders are, as we have seen, mostly Jews. That is why Hollywood's wealth and privileged Jews flock so readily to Communism. They are not interested in it because it is a workers' movement, but because it is a Jewish-led program for world conquest."

[redacted] "head of the anti-Communist, pro-American organization called the 'National Association for the Advancement of White People.'" At the end of the article appear the following comments, in part:

"CONCLUSION: It is not surprising the find that a Jew is behind the drive to mix Negroes and whites in Delaware's schools, since it is organized Jewry which is behind most of the pro-Negro agitation throughout the rest of the country. As a point of fact it is organized Jewry, rather than the Negroes, who are pushing hardest for de-segregation. The National Association for the Advancement of Colored People (NAACP), which obtained the Supreme Court decision outlawing segregated schools, is itself a Jewish-led organization. It was founded in 1909 by Jews and its current president is the Jew, Arthur Spingarn, who has headed the NAACP since 1939...."

[redacted] b6 b7C
[redacted] furnished SA [redacted] on February 21, 1955, a copy of "The American Nationalist," volume 3, number 30, dated January, 1955. This issue contains on pages 1, 3 and 4 an article entitled "Survey Shows That Communist Press Is Jew Controlled," which states, in part:

"...Communism in the United States is primarily Jewish in character. That is to say, Jews constitute the backbone of the Communist movement and have done so since the Bolshevik Revolution in 1917.

"It is not hard to prove that Communism is a Jewish movement, but it is difficult, if not impossible, to get the evidence to the public. The problem, in other words, is one of censorship....

"...That, in brief, is why the American public has been kept in ignorance concerning the identity of the Communist traitors who at this moment plot the overthrow of the United States government.

"On the other hand, once the veil of censorship is lifted there is no lack of evidence to support the contention that Communism is a Jewish-led movement. On the contrary the evidence is so abundant that our real problem is to winnow it down into a brief and yet balanced presentation.

"Perhaps the best index of the Jewishness of the U. S. Communist movement is the degree to which Jews monopolize the Communist press and other organs of propaganda. Actually this is the key to the whole picture, because the Communist Party in this country is primarily an instrument of propaganda, and in the main the people who run the Party press also dominate the Party apparatus.

"It is, of course, impossible for us to analyze every Communist publication in America in an article of this size, but what we can do is to examine the major propaganda organs of the Party. Listed below are the principal propaganda outlets of the Communist Party in the U.S.A. Let us take them one by one in order to determine just who does control them....

"And so it goes. We have listed here a half dozen or so of the Party's main propaganda outlets; were we

LA 100-44603

"to list the hundred most important the result would be exactly the same. The plain and unvarnished fact is that every really important Communist publication and publishing firm in the United States is in Jewish hands. That fact can be suppressed, but it can never be refuted."

The same issue contains on pages 1 and 2 an article entitled "Jewish Doctors Exposed As Reds By State Investigating Committee," which states, in part:

"...Whenever Communists are uncovered they almost invariably turn out to be professional people, teachers, scientists, actors, writers and others generally identified with the 'intelligentsia.' Communism is not, and has never been, a proletarian movement in the United States. This is the first important thing to take into account in analyzing the character of the Communist conspiracy.

"The second thing to remember is that no evaluation of domestic Communism can be undertaken without giving proper emphasis to the fact that all, or nearly all, of those involved in the Communist conspiracy are Jews.

"The evidence of this is incontrovertible, and for proof we need only cite the record of the last 10 years. With the exception of Alger Hiss and William Remington (both convicted of perjury) every important disclosure of Communist treason has involved individuals of Jewish origin. This was true of the Amerasia case; it was true of the Judith Coplin case; it was true of the Rosenberg case and the Harry Dexter White incident; it has been true of every other situation where Communist treason has been exposed.

"To complete the record it should be noted that ten of the eleven Communist spies convicted in this country to date have been Jews and that most, though no_ quite all, of the hundred-odd Communist leaders

LA 100-44603

"convicted under the Smith Act have been of the same racial origin....

"The inescapable truth is that Communism in this country is a Jewish-led conspiracy. Communism cannot be understood or dealt with until that cardinal fact is understood....

"If we think of Communism as a Jewish-led conspiracy we can begin to comprehend why scores of Hollywood's well-paid doctors have joined the Party....

"...Communism does not appeal to them because it is a workers' or proletarian movement; it appeals to them because it is a Jewish movement...."

".....Actually, the alarming decline in re-enlistments can be traced directly to the so-called 'integration' program initiated by Harry Truman in 1948. Under the 'integration' program hundreds of thousands of Negroidal troops were for the first time in American history assigned to the same living quarters and military units with whites. For the first time, too, Negroidal officers and non-coms were given authority over white servicemen.

"It was to implement this program, incidentally, that Truman made the controversial Anna Rosenberg appointment in 1950.....By the time she was relieved of office in 1952, the goal was almost entirely accomplished; hardly a white unit was left anywhere. And under the subsequent administration of Mr. Eisenhower the program was stubbornly pushed to completion so that today there is not a single all-white military unit in any branch of the service...The fantastic decline in re-enlistments was the result....."

a copy of "The American Nationalist", volume 3, number 39, dated November, 1955. This issue contains on page 2, an article entitled "Editor's Report", which states in part:

"Our attention was recently drawn to a smear article which appeared in Georgia's left-wing 'Macon Telegraph', and which was reprinted in the Southern Israelite and other Jewish newspapers. The article, which purported to be an 'expose' of the American Nationalist, complained that 'the Southern states presently are being blanketed' by our mailings. 'It is important', warned the 'Macon Telegraph', 'that Southerners receiving copies of this publication know its origin and its reputation'.

"There followed a twisted and distorted 'history' of the American Nationalist which was saved from being ludicrous only by the vicious intent behind it. The following paragraph will suffice as an example:

5/24/56
153/10
"Early in December 1952', stated the 'Telegraph' article, 'the first issue of the American Nationalist was published. In January 1954 Britton received a \$500 award from the Arab League for his reports on the Kibya incident which were printed in his paper. The article had been written by Omar Haliq of the Arab League and sent to Britton for publication.'

"Needless to say, there is not a word of truth in the allegation. But since the story seems to have received wide circulation in the South, we thought it best to set the record straight in the matter. The truth is that we never received \$500 from the Arab League. We never received even \$1.00 from them—for any purpose whatever. As for the story Omar Haliq was supposed to have written for our paper: we don't even know anyone by that name. Most certainly neither he, the Arab League nor anyone else ever had an article published by us. We write our own material, and if we do say so ourselves, it is considerably more accurate than the stuff appearing in papers like the 'Macon Telegraph'."

An anonymous person furnished the Los Angeles Office of the FBI, via mail on May 14, 1956, a copy of "The American Nationalist", volume 4, number 43, undated. This issue contains on pages 1, 2, and 3, an article entitled "Court Accused Of Stirring Up Racial Hatred in South", which states in part:

"Two years ago, come May 17th, a corrupted and fuzzy-minded Supreme Court handed down a decision which has come closer to bringing on civil war than any act in the past 95 years. The burden of that decision was to declare segregated schools (and by inference, all segregation) to be outlawed. The decision was rendered, as the Court made clear, upon the word of a number of sociological and psychological experts--eight in all--whom the Court cited as authority for its ruling.

"Subsequent investigation showed that the Court's eight 'modern authorities' were, to say the least, highly suspect as experts on the U. S. Constitution--or anything else. One had ten Communist front citations to his record; another had 18 red front affiliations. A third was an employee of the National Association for the Advancement of Colored People (NAACP)--the chief litigant in the case. A fourth was an official of the American Jewish Congress, likewise a participant in the case. One was a foreigner brought to this country to survey race relations under the auspices of the Carnegie Foundation, of which Alger Hiss was formerly president.

"Upon the say-so of this weird assortment of 'experts' the Supreme Court reversed the long recognized 'separate but equal' doctrine which had been the guiding principle of U. S. race relations for generations, and in doing so it set in motion a tidal wave of race hatred and civil unrest not witnessed in this country since the days of the Civil War. Some described the Court's decision as opening the way for '100 years of litigation'. Others said it had set race relations back 50 years. Both were right, because the principal achievement of the Supreme Court's decision of May 17, 1954 was to transform the NAACP's vaunted 'silent revolution' into an open conflict between the races. Thus, beyond the fondest expectations of the Communist Party (whose 'experts' figured so prominently in the Court's decision) a situation of calm, amity and tolerance was suddenly turned into bitterness, hatred and chaos by the wilful action of nine renegade jurists who are obviously better qualified to interpret Freud and Marx than the Constitution of the United States.....

"The immediate reaction to the Court's Marxist-inspired desegregation decree was the spontaneous outbreak of a series of riots in the so-called border states, where integration was first tried. Such towns as Milford, Delaware, White Sulphur Springs, West Virginia, Baltimore, Md. and others flared briefly in the news as centers of resistance to the new order of things. But the real resistance was slower in coming, and it was less spectacular and more businesslike -- and vastly more effective. It centered in the deep South and it developed at first without organization or design. But as it developed it swept all before it, and today resistance to compulsory race-mixing is so strong in the South that it is doubtful if the use of Federal troops--as advocated by northern radicals--could make headway against it.

"Typical of the reaction against the Supreme Court's racist policies was the formation of the White Citizens Councils, which began in Mississippi and spread throughout most of the South, until today they can boast of a membership of over 250,000. And it is a membership which includes the most influential people in the South--governors, senators, legislators, clergymen and distinguished individuals of every rank and calling....

"Meanwhile, throughout the South a spirit of rebellion and violence has come into play. For the first time in a century the ugly word of 'secession' was being heard. It was not heard often or taken too seriously, but the awful fact was that it was being heard....

"In practically every Southern state there have been shootings, bombings and beatings. A riot broke out two months ago at the University of Alabama at Tuscaloosa when a Negroess attempted to enroll. During the month of March alone the press reported a cross burning in Tennessee, a bombing in Florida, two shootings in South Carolina and other unrest in widely scattered Southern communities.

"These, then, are the bitter fruit of the Supreme Court's vicious school desegregation decision. As the second anniversary of that decision approaches, the nine venal old men who rendered it might well ask themselves what they accomplished besides arousing animosity and ill-will between the races; what, indeed, besides a legacy of hatred and civil-unrest--and the prospect of 100 years of litigation--have they given us? It was a question they might ponder long and well...."

Leaflets

On August 6, 1953, the United States State Department furnished the Director of the FBI a copy of a leaflet captioned, "Buy Gentile", "published by the American Nationalist, America's most outstanding Nationalist periodical". This leaflet states in part:

"In recent years the main street of virtually every major city in the U. S. has been taken over by hordes of Eastern-European Jews, who are slowly but surely driving gentile business men into bankruptcy. Unless immediate action is taken -- Christian merchants will be driven out of business and commerce altogether".

[redacted] b6
furnished SA THOMAS MOORE on October 26, 1953, a leaflet signed FRANK b7C
L. BRITTON, Editor, "American Nationalist", which leaflet is captioned, "A Special Message from the American Nationalist". This leaflet states in part:

"Dear Patriotic Friend:-

"After reading this particular issue we believe you will agree that the American Nationalist is one publication you can't afford to be without if you wish to keep well posted on the current political scene.....

"As a matter of fact, the American Nationalist is the only publication in America which brings you a balanced, truthful, and uncensored viewpoint of the American political scene as it relates to the race problem, and to the Communist-Zionist-Jewish question. These are subjects too controversial for the commercial press to take up. They are subjects about which even the best informed of our people are woefully ignorant...."

[redacted] b6
furnished the St. Louis Office of the FBI on November 3, 1954, a copy b7C
of a leaflet captioned "Total Mongrelization". This leaflet displays seven photographs of Negro men and white women, subtitled "Interracial Marriage" (twice), "Interracial Friendship", "Interracial Entertainment", "Interracial Love", "Interracial Society", and "Interracial Movie". Below the photographs it states, "Shown above is a preview of what the Jewish-led NAACP plans for all America under its 'Free by Sixty Three' program." In an accompanying statement, appears the following exhortation:

".....The time has obviously come for white Americans to take action if this Jew-inspired program for compulsory mongrelization is to be defeated... Let's fight back! Let's put the NAACP out of business!

"REPRINTS of this tract at the following rates:
20 for \$1.00; 100 for \$3.00, American Nationalist, Box 301, Inglewood, Calif."

[redacted] also furnished on November 3, 1954, a two page tract issued by "The American Nationalist", which contains an article entitled, "Court Decrees Mongrelization: NAACP Pushes Plan For Bringing Total Mongrelization To The South". This article states at its conclusion: b6 b7C

".....You can help defeat the NAACP's program for compulsory mongrelization in two ways:

- "(1) You can distribute additional copies of this tract.
- "(2) You can subscribe to the American Nationalist, America's most forthright and fearless patriotic journal."

Chief of Police DANIEL A. FAY, Glendora, California, furnished SA [redacted] in May, 1955, a leaflet captioned "Organized Jewry's Billion-Dollar Fifth Column", which states in part: b6 b7C

"No newspaper dares to print the story, but organized Jewry has within recent years set up an invisible government on American soil which in effect constitutes one of the most highly organized fifth-columns in world history. Controlling over 6,000,000 willing adherents, and possessing untold wealth, this Jewish fifth-column has within our own generation attained a position of power and influence which almost surpasses belief.

"Through its financial power it dominates vast segments of American industry and business to such an extent that American businessmen to an increasing degree are being driven out of many lines of endeavor altogether.....And this is only one facet of the picture, for their activities extend into every sphere of American life.

WJM:pas
LA 100-44603

"For example, through its monopoly over motion pictures, radio and television, the legitimate theatre, the publishing industry and other media of public expression, organized Jewry can, and does, mold American public opinion virtually at will. Today no aspect of political or social activity is free from Jewish influence and Jewish pressure....."

[redacted] of the League of Women Voters, Savannah, Georgia, furnished the Savannah Office of the FBI in September, 1955, a leaflet captioned, "Alien Masters of Television Industry Corrupt American Youth". This leaflet stated that additional copies were obtainable from The American Nationalist, Box 301, Inglewood, California.

Chief of Police W. C. NEWTON, Myrtle Beach, South Carolina, advised the Savannah Office of the FBI on May 21, 1955 that he had received a leaflet captioned, "Racial Obscenity in Hollywood" in an envelope postmarked Wilmington, North Carolina, May 17, 1955, but bearing no return address.

[redacted] of the R. K. Pfauhl Detective Agency, Dayton, Ohio, advised the Cincinnati Office of the FBI on April 15, 1956 that one [redacted] had received without solicitation, a leaflet captioned "Racial Obscenity in Hollywood" in an envelope postmarked at Dayton, Ohio, April 15, 1956, and bearing no return address. This leaflet displays five photographs of a popular Negro male entertainer in company with popular white female entertainers, and states in part:

b6
b7C

"As every parent knows, the Hollywood motion picture industry exerts a greater and more profound influence over American youth than any other single force in American life....

"The aliens who own and control the picture industry are fully aware of this great potential, and now as always they are utilizing it to the fullest extent to shape the thoughts and opinions of the coming generation.

"At the moment their theme is inter-racial 'amity' and 'tolerance'. Hollywood is going all-out in its effort to popularize inter-racial 'romance' and social intercourse. And it is a foregone conclusion that unless parents everywhere rise up in protest, the obscene and degenerate scenes depicted on this page will set the pattern for the youth of tomorrow; for your own children and grandchildren....."

The Director, FBI, received via mail on June 3, 1956, a leaflet captioned "This Is Integration -- Eisenhower Style" in an envelope postmarked at Wilmington, North Carolina on June 2, 1956, bearing no return address. This leaflet states in part:

"The picture below, which shows Negro soldiers at Fort McClellan, Alabama embracing and kissing white WACs at an interracial dance on the base, goes a long way toward explaining why the Armed Services are having so much trouble with re-enlistments.....

"Thus, our only protection against a sudden and disastrous atomic attack is a military establishment manned by green draftees, and staffed with vast numbers of dull-minded, excitable and unstable African non-coms and officers who are worse than useless under combat conditions, and who lack the fighting qualities for which America's segregated military forces have been justly famous since Valley Forge. It is essential that we restore the morale and fighting efficiency of our Armed Forces by abolishing 'integration' without delay! Let's restore segregation in the Armed Forces!"

Captain [redacted] United States Army Recruiting Service, 3630 Marine Avenue, St. Louis, Missouri, furnished information to SA [redacted] on June 5, 1956 that the Chief of Police, Laddonia, Missouri, and the City Marshal, Vandalia, Missouri, had each received a copy of the leaflet captioned "This Is Integration -- Eisenhower Style" in an envelope postmarked at Wilmington, North Carolina, June 2, 1956, bearing no return address.
